

# REBUILDING THE KEY BRIDGE

**ATTENTION**  
**CONSULTANT FIRMS,**  
**CONTRACTORS,**  
**SUBCONTRACTORS,**  
**AND DBE, MBE, WBE**  
**AND VSBE FIRMS.**

**Join us for the Maryland  
Transportation Authority's  
(MDTA) Key Bridge Rebuild  
Virtual Industry Forum.**

**Tuesday, May 7, 2024**  
**2 - 4 P.M.**

## **Purpose of the Key Bridge Rebuild Virtual Industry Forum:**

1. To inform industry professionals and discuss the anticipated Progressive Design-Build (PDB) procurement and subsequent delivery of the Key Bridge Rebuild.
2. To inform MBE, DBE, WBE, VSBE and small businesses that are interested in obtaining their MD DBE certification about available partnering opportunities.
3. To collect input from the industry to inform the upcoming PDB Request for Proposals (RFP).

## **We will discuss:**

- general background information related to the project and initiatives that are underway,
- project delivery method (Progressive Design-Build),
- procurement process and anticipated schedule, and
- DBE opportunities and how to get certified.

## **REGISTRATION INFORMATION**

The event is free to attend. [Click here to register today](#) (or scan QR code above).

The forum will include a presentation from MDTA and staff will be available to answer questions about the PDB project delivery method, procurement process, and DBE opportunities and certification. **While there will be an opportunity to ask questions during the Virtual Industry Forum, the MDTA is encouraging industry professionals to submit questions in advance online at [KeyBridgeRebuild.com](https://www.mdtatransportation.com/KeyBridgeRebuild).** All forum materials, including questions and answers, will be posted to the website following the virtual event. Questions will be limited to the upcoming procurement opportunity only.
