

# CLOSURES/TRAFFIC PATTERN CHANGES ON I-695 AT SPARROWS POINT NEAR BEAR CREEK

## Project Update! New Traffic Pattern Effective Mid-May

### I-695/Broening Highway Interchange Reopens Monday, May 20

- Inner loop traffic destined for Broening Highway must use MD 151/North Point Boulevard (Exit 42) and follow detour to return to the Inner Loop.
- The last exit from the Inner Loop remains Exit 42.
- Access to I-695 Outer Loop from Broening Highway will be open via existing turnaround; there is no stopping or parking along the loop road.
- I-695 Outer Loop will be one lane through the I-695 Sparrows Point Project work zone.
- Tolled access to Broening Highway and I-695 Outer Loop via turnaround resumes late June 2024.

The Maryland Transportation Authority is continuously evaluating roadway conditions as the project progresses. Major updates will be posted on the [project website](#). For Key Bridge news, visit the [Key Bridge Updates page](#). Sign up for email alerts at [mdta.maryland.gov](mailto:mdta.maryland.gov).

**Toll Dollars At Work:** Crews will be performing essential roadwork as part of the Maryland Transportation Authority's (MDTA) I-695 at Sparrows Point near Bear Creek project to address and prevent future settlement of I-695 and to enhance the safety of I-695 in this area.
