

MEMORANDUM

TO: Right of Entry Permit Holders

FROM: MDTA Utility / Permit Coordinator

Date: January 3, 2017

Re: Miss Utility Ticket Directive - All Right of Entry Permits

Subject: Requirements for Permittee and/or Permitted Contractors and sub-contractors when applying for Miss Utility tickets.

The purpose of this memo is to inform the Permittee, Contractors and Sub-Contractors working under a Maryland Transportation Authority (MDTA) Right of Entry permit of the requirements necessary for Miss Utility/One Call to generate and transmit utility tickets to MDTA for a utility clearance.

The Permit Contractor is required to call or contact Miss Utility and/or use the internet ITIC online system to generate Miss Utility tickets for underground utility clearance for all permits and projects performed on Maryland Transportation Authority property.

The Contractor shall adhere to the following requirements when applying to Miss Utility for a utility clearance ticket.

Applying for ticket by Phone Call:

1. When applying to Miss Utility for a utility locate ticket by phone the contractor shall provide to the Call Center the **MDTA Permit Number** when asked for the MDOT Permit number. (Note: the MDTA Permit number is considered to be the MDOT Permit number)
2. The contractor shall then inform the Call Center that the work is on a Maryland State Right of Way and request that the ticket be transmitted to the **MDTA-Maryland Transportation Authority (MDTA)**.

Applying for ticket by the online Miss Utility ITIC internet ticket system:

When using the Miss Utility ITIC internet on line ticket program four (4) requirements must be entered into the ticket. (See attached diagrams)

- 1 Contractor must enter '**MDTA**' in the 'Work Being Done For' box.
- 2 Contractor must select '**YES**' in the 'MD STATE ROW' box.
3. Contractor must select '**MDTA-MD Transportation Authority**' in the 'MD Agency Controlling Property or State Road Right Of Way' box.
4. Contractor must insert the **MDTA Permit Number** in the 'MDOT Permit' box. (Note: the MDTA Permit number is considered to be the MDOT Permit authorized number)

Multiple State Agency Ticket Notification: MDTA and SHA

The Maryland Transportation Authority (MDTA) has underground utilities located within right of way owned by the State Highway Administration (SHA). Circumstances may require the contractor to generate multiple agency tickets to multiple state agencies. In such circumstances the contractor will be required to send a ticket to MDTA for clearance of MDTA utilities and in addition the contractor shall send a new/additional ticket to SHA for clearance of SHA utilities. After completing a ticket using MDTA as the agency affected, the Contractor is required to call in (or apply online) a new/additional Miss Utility ticket using the same locate information, but replacing *Agency Controlling Right of Way* from MDTA to SHA.

Miss Utility and SHA requirements for sending a utility locate ticket to the **Maryland State Highway Administration (SHA)**.

- (a) Miss Utility will not send a utility locate ticket to the Maryland State Highway Administration (SHA) without an authorized SHA MDOT permit number being included on the ticket request. This requirement has been established by SHA.**
- (b)** SHA has established permit numbers for the MDTA to use in obtaining Miss Utility locate tickets.
- (c)** For contractors and sub-contractors performing work for the MDTA or under an MDTA contract or project but SHA underground facilities are affected along or adjacent to MDTA roadway/property the contractor shall apply to Miss Utility for an SHA utility ticket locate.
- (d)** When applying to Miss Utility for an SHA utility locate ticket the MDTA contractor shall provide Miss Utility with one of the following SHA permit numbers that have been established by the SHA for use on MDTA roadways per the affected county. (Note: the 'SHA Permit Number' is considered to be the MDOT Permit number)

The following list of SHA permit numbers assigned to the MDTA **MUST** be included with the ticket locate request when applying to Miss Utility for a SHA utility clearance.

Example for an SHA ticket locate request in Cecil County SHA District 2

SHA roadway MD 222 intersects with the MDTA I-95 interchange. The I-95 / MD 222 interchange is located in Cecil County. The SHA permit number to use for a Miss Utility SHA utility locate ticket in Cecil County would be "SHA-2-CE-0003-12"

List of SHA permit numbers for use on MDTA projects:

Cecil County permit number: SHA-2-CE-0003-17

Queens Anne County permit number: SHA-2-QA-0004-17

All SHA roadways in **District 3** permit number

Montgomery County permit number: SHA-3-MO-0001-17
