- 1.1 Proposed financing plans which involve the issuance of debt will generally be presented to the MDTA Finance Committee for a preliminary recommendation for approval to the MDTA Board.

- 1.2 The MDTA Capital Committee may also be given notice of any capital project which requires MDTA financing.

Policy Statement 2. Any proposed plans for the issuance of debt supported by toll revenues will be incorporated into Financial Forecasts.

Policy Statement 3. The issuance of additional debt supported by toll revenues will be subject to the Debt Management Policy and to the 2007 Trust Agreement.

- 3.1 Such debt will be considered Additional Bonds as defined in the 2007 Trust Agreement and subject to the Additional Bonds certification.

Policy Statement 4. Any proposed financing plans for the issuance of conduit debt, which is not supported by toll revenues, will include an analysis of affordability in accordance with the Debt Management Policy.

- 4.1 Conduit debt will be issued pursuant to a separate Trust Agreement which sets forth the applicable covenants, terms and conditions, together with other agreements as are deemed necessary and appropriate.

MDTA Board Approval Process

Policy Statement 5. In accordance with Title 4 of the Transportation Article of the Annotated Code of Maryland, MDTA may issue revenue bonds, notes, or other evidences of indebtedness upon the approval of the MDTA Board and concurrence by the Chairman.

- 5.1 Approval will be in the form of one or more authorizing Resolutions.
- 5.2 Resolutions must be adopted by the affirmative vote of a majority of the MDTA Board with the concurrence of the Chairman.
- 5.3 The vote to approve any such Resolution must occur at an open meeting with appropriate notice thereof in accordance with Maryland law and applicable regulations.

Policy Statement 6. Resolutions will identify the capital project(s) to be financed or the maximum amount of existing debt to be refunded, the debt obligations to be issued, and the pledged revenues which will secure such debt.

- 6.1 Any capital project(s) must be designated as a “transportation facility project”, which includes a “vehicle parking facility” in a priority funding area, as defined in Maryland law or COMAR.
- 6.2 Debt obligations will be issued at parity or subordinate to outstanding debt, as tax-exempt or taxable securities, and with fixed or variable interest rates. For tax-exempt debt, a Declaration of Intent must be executed by MDTA’s

Chief Financial Officer to comply with Federal income tax regulations regarding reimbursable expenditures.

- 6.2.1 The Declaration of Intent will identify the maximum principal amount of debt to be used for the project(s).
 - 6.2.2 The Declaration of Intent will be attached to the authorizing Resolution for ratification.
 - 6.2.3 Such Declaration and ratifying Resolution will authorize the MDTA to reimburse certain prior expenditures with tax-exempt bond proceeds.
- 6.3 System revenues will be identified as the source of repayment for the debt obligations to be issued by MDTA as toll revenue bonds.
- 6.3.1 The system pledge of revenues will be derived from projects identified as Transportation Facilities Projects and/or General Account Projects as defined in the 2007 Trust Agreement.
 - 6.3.2 External or third-party project revenues will be identified as the source of repayment for any MDTA conduit debt issuance.
 - 6.3.3 The Executive Director and other MDTA officers, with the assistance of counsel and financial advisors, will be authorized to take, or cause to be taken, such appropriate actions as are necessary in order to carry out the purposes authorized by such Resolutions.

Policy Statement 7. Resolutions may identify the preliminary bond structure and financing terms and authorize the completion of certain key documents, which may be included in draft form to the MDTA Board as necessary and appropriate.

- 7.1 Key documents may include, but are not limited to:
 - 7.1.1 Preliminary and Final Official Statements
 - 7.1.2 Bond Sale Notices and Bond Purchase Agreements
 - 7.1.3 Lease or Financing Agreements which perfect MDTA's security interest in pledged revenues for conduit debt.

- 8.1 The authorization of a bond sale (competitive, negotiated or private placement) may be approved in a Resolution by the MDTA Board or delegated to the Executive Director with the concurrence by the Chairman.
- 8.2 The authorization to accept a bid or bids to purchase MDTA bonds must be included in a Resolution approved by the MDTA Board with concurrence by the Chairman at an open meeting.
