Maryland
Transportation
Authority

The Maryland Transportation Authority (MDTA) is accepting applications for Facility Maintenance Technicians. Employees in this classification perform maintenance and construction work on MDTA facilities such as bridges, buildings, highways and tunnels.

EXAMPLES OF WORK:

- Mowing & trimming
- Debris removal
- Lane closures
- Operating hand & power tools
- Operating heavy equipment
- Routine equipment maintenance
- Snow removal

Facility Maintenance Technicians are considered essential employees and are subject to call-in 24 hours a day, as may be required in order to maintain continuous and safe operation of a facility.

BENEFITS

The MDTA is committed to retaining and expanding our work force through career growth and development. Investing in the future of our employees makes good business sense.

On-the-Job Training

- Commercial Driver's License (CDL)
- Work Zone Safety
- CPR/AED & First Aid
- Specialized Heavy Equipment

Employees are required to obtain their CDL during the probationary period.

For more information and to download an application, visit <http://www.mdot.maryland.gov/newMDOT/Employment/Documents/DTS-1%20Revised%209-16.pdf>.
