RE: I-95 Express Toll Lanes Northbound Extension Program
Baltimore and Harford Counties, Maryland

Dear Elected Official:

The Maryland Transportation Authority (MDTA) is proposing to continue staged implementation of the I-95 Section 200 approved NEPA FONSI improvements. Phase I has already been authorized and is under construction. Phase II of the Section 200 program will include Express Toll Lane extensions on northbound I-95, safety and operational improvements along northbound I-95, installation of noise walls, construction of Park and Ride facilities, installation of an ITS communication system for improved operations and incident management, and impacts. Some of the proposed improvements may result in temporary and permanent impacts to nontidal wetlands and waterways. As such, MDTA is submitting an application to the Maryland Department of the Environment to obtain authorization for this work. Due to the overall size of the project, preliminary plans are not being provided with this notification; however, they can be reviewed upon request.

Since you are a local government official, you are being notified of the proposed project. If you would like to review the preliminary plans, please don't hesitate to contact me at 410-931-0808.

If you have any written questions concerning the application, please contact:

Maryland Department of the Environment
Attention Ms. Jennifer Bird
Nontidal Wetlands Division
1800 Washington Boulevard
Baltimore, MD 21230

Sincerely,

A handwritten signature in blue ink that reads "Brian Wolfe".

RE: I-95 Express Toll Lanes Northbound Extension Program
Baltimore, Harford and Cecil Counties, Maryland

Dear Property Owner:

The Maryland Transportation Authority (MDTA) is proposing to continue staged implementation of the I-95 Section 200 approved NEPA FONSI improvements. Some of the proposed improvements are adjacent to your property and may result in temporary and permanent impacts to nontidal wetlands and waterways. As such, MDTA is submitting an application to the Maryland Department of the Environment to obtain authorization for this work. Due to the overall size of the project, preliminary plans are not being provided with this notification; however, they can be reviewed upon request. If you would like to review the preliminary plans, please don't hesitate to contact me at 410-931-0808.

If you would like to provide written comments directly to the Maryland Department of the Environment, please send a letter to them at the following address within 14 days of receipt of this letter. Include the proposed project name and your address in the comment letter.

RE: Environmental Mitigation in Support of
I-95 Express Toll Lanes Northbound Extension Program
Baltimore, Harford and Cecil Counties, Maryland

Dear Property Owner:

The Maryland Transportation Authority (MDTA) is proposing environmental mitigation in support of Phase II staged implementation of the I-95 Section 200 approved NEPA FONSI improvements. Some of the proposed mitigation activities are adjacent to your property and may result in temporary and permanent impacts to nontidal wetlands and waterways. As such, MDTA is submitting an application to the Maryland Department of the Environment to obtain authorization for this work. Due to the overall size of the project, preliminary plans are not being provided with this notification; however, they can be reviewed upon request. If you would like to review the preliminary plans, please don't hesitate to contact me at 410-931-0808.

If you would like to provide comments directly to the Maryland Department of the Environment, please send a letter to them at the following address within 14 days of receipt of this letter. Include the proposed project name and your address in the comment letter.
