CLOSURES/TRAFFIC PATTERN CHANGES ON I-695 AT SPARROWS POINT NEAR BEAR CREEK

INTERSTATE 695

Project Update!

Final Traffic Pattern – July 2026

- Beginning July 31, weather permitting, I-695 will reopen to 2 lanes in each direction north of Bear Creek. This traffic pattern will remain in place throughout the construction for the Key Bridge Rebuild.
- The I-695 Outer Loop will reopen to 2 lanes of travel north of Bear Creek and throughout the project area.
- The I-695 Inner Loop will reopen to 2 lanes of travel from Exit 43 until just past the MD 157 (Peninsula Boulevard) on-ramp.
- There will only be one travel lane in each direction across Bear Creek.
- Ongoing Bear Creek bridge maintenance will take place during the daytime hours and noise may be heard in the project area.
- Access to I-695 Outer Loop from Broening Highway remains open via exiting turnaround; there is no stopping or parking along the loop road.
