

# Maryland Transportation Authority

**BOARD MEETING** 

THURSDAY, JANUARY 28, 2021

\*\* OPEN MEETING VIA LIVESTREAMING \*\*

## MARYLAND TRANSPORTATION AUTHORITY BOARD MEETING

## JANUARY 28, 2021 9:00 AM

## This meeting will be livestreamed on the MDTA Board Meeting Page

**NOTE:** This is an Open Meeting being conducted via livestreaming. The public is welcomed to watch the meeting at the link listed above. *If you wish to comment on an agenda item please email your name, affiliation, and agenda item to <u>nhenson@mdta.state.md.us</u> no later than close of business on Tuesday, January 26, 2021. You <u>MUST pre-register in</u> order to comment. Once you have pre-registered you will receive an email with all pertinent information.* 

## AGENDA

#### **OPEN SESSION – 9:00 AM**

#### Call Meeting to Order

1.	<u>Approval</u> – <u>Open and Closed Session Meeting Minutes of</u> December 17, 2020 and January 7, 2021	Chairman	5 min.
2.	<ul> <li><u>Approval</u> – <u>Contract Awards</u></li> <li>KH-3029-0000 – I-95 Express Toll Lanes Northbound Extension Abingdon Road Overpass Replacement</li> <li>J01B0600021 – OpenGov Enterprise Budget Software System</li> </ul>	Donna DiCerbo	5 min.
3.	<u>Approval</u> – <u>Fiscal Year 2021 Budget Amendment # 2</u> – Approval of a Budget Amendment to the Operating Budget	Christina Thompson	5 min.
4.	<u>Approval</u> – <u>Board Resolution 21-01</u> – Authorizes the Post Issuance Interest Capitalization of the BWI PFC Revenue Bonds, Series 2019	Allen Garman James Walsh, MDOT M	10 min. AA
5.	<u><b>Update</b></u> – <u>Legislative Session</u> – Verbal	Bradley Ryon	5 min.
6.	<u>Update</u> – <u>IT Major Projects Update</u>	David Goldsborough	10 min.
7.	<u>Update</u> – <u>Civil Rights Fair Practice's Socioeconomic</u> <u>Programs Status</u>	Percy Dangerfield Alexius Wilson	10 min.
8.	<u>Update</u> – <u>Major Projects</u> – Update on Projects Valued Over \$40 Million or of Significant Public Impact	James Harkness	20 min.
9.	<u>Update</u> – <u>Third Generation Electronic Toll Collection</u> ( <u>3G ETC</u> ) <u>System</u> – Transition Status Update	Deb Sharpless	20 min.
10.	<u><b>Update</b></u> – <u>Traffic and Revenue</u> – Update on Traffic and and Revenue Performance	Deb Sharpless	10 min.
11.	<u>Update</u> – <u>Executive Director's Report</u> – Verbal	Jim Ports	10 min.

## MARYLAND TRANSPORTATION AUTHORITY BOARD MEETING

## THURSDAY, DECEMBER 17, 2020 9:00 A.M. OPEN MEETING VIA VIDEO CONFERENCE AND LIVESTREAMING

#### **OPEN SESSION**

#### Gregory Slater, Chairman

## MEMBERS ATTENDING:

Dontae Carroll William H. Cox, Jr. William C. Ensor, III - via Phone W. Lee Gaines, Jr. Mario J. Gangemi Cynthia D. Penny-Ardinger, Esq. Jeffrey S. Rosen John F. von Paris

STAFF ATTENDING:

Col. Kevin Anderson Jeffrey Davis Allen Garman David Goldsborough Chantelle Green Jim Harkness Natalie Henson Christopher Imms Heather Koeberle Kimberly Millender, Esq. Ebony Moore Roxane Mukai Mary O'Keeffe James F. Ports, Jr. Will Pines Bradley Ryon Deb Sharpless Tim Sheets Colin Sweetin Paul Trentalance Melissa Williams Eric Willison Brian Wolfe

OTHER ATTENDEES:	Lisa Choplin, MDOT SHA
	Evelyn Jewell
	Delegate Mary Ann Lisanti
	Rachel Porto
	Sean Powell, MDOT TSO
	Marisabel Sosa, MDOT TSO

OPEN SESSION DECEMBER 17, 2020 PAGE 2 OF 12

At 9:02 a.m. Chairman Gregory Slater called the meeting of the Maryland Transportation Authority (MDTA) Board to order. The meeting was held via video conference and livestreamed on the MDTA Board Meeting web page.

Upon the meeting be called to order, Member Mario J. Gangemi asked the Chairman Gregory Slater if Agenda Item # 3 – Approval – Contract Modifications could be moved to after Agenda Item # 13 – Update – Third Generation Electronic Toll Collection (3G ETC) System. Chairman Slater called the vote. Upon motion by Member Mario J. Gangemi and seconded by Jeffrey S. Rosen, the MDTA Board unanimously agreed to change the order of the agenda.

#### <u>APPROVAL – OPEN SESSION MEETING MINUTES OF NOVEMBER 19, 2020</u>

Upon motion by Member William H. Cox, Jr. and seconded by Member William C. Ensor, III, the open session meeting minutes of the MDTA Board meeting held on November 19, 2020 were unanimously approved.

#### <u>APPROVAL – CONTRACT AWARDS</u>

#### <u>KH-3014-0000 – Noise Wall Along I-95 Southbound from New Forge Road to Big</u> <u>Gunpowder Falls</u>

Mr. Jeffrey Davis requested contingent approval from the MDTA Board to execute Contract No. KH-3014-0000 – Noise Wall Along I-95 Southbound from New Forge Road to Big Gunpowder Falls with Brawner Builders in the bid amount of \$3,997,539.00.

The work to be performed under this contract is the construction of a Noise Wall along I-95 Southbound between New Forge Road and the Big Gunpowder Falls as part of the I-95 Express Toll Lane Northbound Extension.

Upon motion by Member W. Lee Gaines, Jr. and seconded by Member Mario J. Gangemi, the Members unanimously gave contingent approval to execute Contract No. KH-3014-0000 – Noise Wall Along I-95 Southbound from New Forge Road to Big Gunpowder Falls.

#### <u>APPROVAL – MD 22 PARK & RIDE DEDICATION TO MARINE CPL. JONATHAN</u> <u>PORTO</u>

Ms. Melissa Williams requested approval from the MDTA Board to dedicate the MD 22 Park & Ride to Marine Cpl. Jonathan Porto pursuant to MDTA Board Policy A-MDT-STDR-0101.

Ms. Williams explained that Delegate Mary Ann Lisanti and Delegate Steve Johnson requested that the MD 22 Park & Ride be dedicated to Marine Cpl. Porto.

OPEN SESSION DECEMBER 17, 2020 PAGE 3 OF 12

Cpl. Jonathan Porto enlisted in the United States Marine Corps in March 2008. After graduating from Parris Island, he attended Military Occupation School at Aberdeen Proving Ground, MD. There, he met the woman who would become his wife, Rachel Jewell. Cpl. Porto was stationed at Camp Lejeune, North Carolina, but he spent much of his time off in Aberdeen with his fiancée. On May 2, 2009, the couple married at Saint Paul's Lutheran Church in Aberdeen, and they learned that they were expecting on their honeymoon. Cpl. Porto was deployed with 1<sup>st</sup> Battalion 6<sup>th</sup> Marines in December 2009. On January 15, 2010, their daughter, Ariana, was born. Just two months later, on March 14, 2010, Cpl. Porto was killed in Afghanistan while on combat operations in Helmand Province. He received two meritorious promotions during his time in the Marine Corps and had planned to make a career out of his service.

Delegate Mary Ann Lisanti and Marine Cpl. Jonathan Porto's widow, Mrs. Rachel Porto, both thanked the MDTA Board for their consideration and approval of the dedication.

Upon motion by Member William H. Cox, Jr. and seconded by Member John F. von Paris, the dedication of MD 22 Park & Ride to Marine Cpl. Jonathan Porto was unanimously approved.

#### <u>APPROVAL – FISCAL YEAR 2021-2026 FINANCIAL FORECAST</u>

Ms. Deb Sharpless requested MDTA Board approval of the Fiscal Year (FY) 2021-2026 Financial Forecast.

Ms. Sharpless explained that as discussed during the November 2020 MDTA Board meeting, the financial forecast has been updated with the primary goal of addressing an error that was discovered regarding the unencumbered cash balance reported in Fiscal Year (FY) 2021. Other changes throughout the forecast period include a slight increase in net operating revenue, a reduction in debt issuances due to the assumed purchase of a surety policy, and associated modifications in the MDTA's cash balances.

Consistent with the November 2020 forecast, the MDTA will remain above its financial goals and legal standards throughout the FY 2021-2026 forecast period. Additionally, no systemwide toll increases are needed in the forecast period.

Upon motion by Member Jeffrey S. Rosen, and seconded by Member William C. Ensor, III, the Fiscal Year 2021-2026 Financial Forecast was given unanimous contingent approval pending the approval of the Debt Service Coverage agenda item.

#### <u>APPROVAL – INVESTMENT POLICY</u>

Mr. Allen Garman requested MDTA Board approval of the proposed changes to the MDTA Investment Policy.

OPEN SESSION DECEMBER 17, 2020 PAGE 4 OF 12

Mr. Garman explained that following a recent review by the Investment Committee, including input from the municipal advisor PFM, modest changes to the Investment Policy are currently recommended. The proposed changes include (1) eliminating the Qualified Institutional Buyer (QIB) section in Policy Statement 7 due to a change in the Securities and Exchange Commission rule that expands the definition of a QIB to include governmental entities; and (2) increasing the maximum permitted allocation to the Maryland Local Government Investment Pool and individual Money Market Mutual Funds to 50 percent from 30 percent.

Upon motion by Member Dontae Carroll. and seconded by Member Jeffrey S. Rosen, the Investment Policy was unanimously approved.

#### <u>APPROVAL – DEBT SERVICE COVERAGE</u>

Mr. Allen Garman requested MDTA Board approval of a change in the Debt Service Coverage calculation.

Mr. Garman explained that the Rate Covenant within the Master Trust Agreement requires the MDTA to generate eligible Net Revenues of at least 1.2-times Debt Service from its Transportation Facilities Projects. The Board adopted Debt Policy requires a stricter two-times coverage of debt service.

He further explained that other than the difference in coverage requirements, 120 percent versus 200 percent, the key differences between the Rate Covenant and Debt Service Coverage components relate to General Account Project revenues and investment income. The Rate Covenant only includes net revenues of the seven Transportation Facilities Projects and excludes the net revenues from the Hatem Bridge that is classified as a General Account Project. Additionally, investment income from most of the larger reserves is not included in the covenant calculation.

While the components of the Rate Covenant calculation are defined legal terms within the Trust Agreement, the Debt Service Coverage is not a legally required calculation subject to defined terms and the only reference to a target is contained in the Board adopted Debt Policy (without defined terms or a prescribed calculation methodology). In the absence of a legal framework, Debt Service Coverage uses a well-established industry standard methodology and is generally understood to be Net Revenues divided by Debt Service (typically excludes non-cash items). For simplicity of calculation, the MDTA has historically used a narrower Net Revenues component in the Debt Service Coverage calculation that excludes Hatem Bridge net revenues and investment income. It was simpler to use the same Net Revenues for both the Rate Covenant calculation and Debt Service Coverage. Additionally, the Hatem Bridge net revenues were not material to the calculation, though they have grown with reductions in operating costs in recent years.

Given that the Hatem Bridge net revenues and investment income are part of the trust estate and flow through the trust accounts, these sources of revenues may be included in Net Revenues when calculating Debt Service Coverage but cannot be included in the Rate Covenant coverage calculation.

OPEN SESSION DECEMBER 17, 2020 PAGE 5 OF 12

With a goal of showing a more comprehensive Debt Service Coverage ratio, management is recommending a slight change in the Debt Service Coverage calculation methodology to include net revenues of the Hatem Bridge and investment income. The minor change in Debt Service Coverage disclosure methodology was reviewed with bond counsel and there were no objections or concerns.

Upon motion by Member Cynthia D. Penny-Ardinger and seconded by Member W. Lee Gaines, Jr., the MDTA Investment Policy was unanimously approved.

#### <u>APPROVAL – CREDIT RATINGS</u>

Mr. Allen Garman requested MDTA Board approval to maintain/purchase two credit ratings in lieu of three for the MDTA's outstanding debt and new issue financings.

Mr. Garman explained that the MDTA has traditionally obtained three credit ratings. However, as a cost savings measure, staff recommends maintaining/purchasing two credit ratings for the MDTA's outstanding debt and new issue financings. Credit ratings published by Nationally Recognized Statistical Ratings Organizations (NRSROs) such as Moody's, S&P, and Fitch serve to inform existing bond holders and prospective creditors through the assigned ratings level and written reports detailing an issuer's creditworthiness. From a return on investment perspective, the annual cost of maintaining a credit rating should be fully offset by lower financing costs at the time of each new issue.

Given that credit rating agencies utilize similar sector methodologies and rate based on both quantitative ratios and qualitative measures, assigned ratings tend to be identical from independent NRSROs, with any variances typically limited to one-notch<sup>1</sup>. Although investors may be interested in the opinion of more than one NRSRO, the lower interest rate pricing benefits diminish rapidly beyond one rating and the MDTA's Municipal Advisor and recent underwriter do not believe there is any value associated with a third credit rating. That is, the cost of the third credit rating in terms of both the new issue cost and the annual surveillance fee is not offset by any change in financing rates. The underwriter indicated that there would be no pricing difference in the new issue or secondary markets for the MDTA's bonds with two versus three independent credit ratings.

Upon motion by Member Mario J. Gangemi and seconded by Member William H. Cox, Jr. the cost savings measure to reduce the number of Credit Ratings was unanimously approved.

#### <u>APPROVAL – MDTA CONNECTED ROADWAY CLASSIFICATION SYSTEM (CRCS)</u>

Ms. Roxane Mukai requested MDTA Board approval to electronically publish the MDTA Connected Roadway Classification System (CRCS) report, "Planning for Connected and Automated Vehicle Readiness" as an attachment to the 2018 Connected and Automated Vehicle (CAV) Plan.

<sup>&</sup>lt;sup>1</sup> Ratings categories below triple-A have three notches ranked from strongest to weakest within the category. For example, Moody's utilizes numerical modifiers to denote strength within the double-A category (Aa1, Aa2, Aa3), while S&P and Fitch utilize plus/minus modifiers (AA+, AA, AA-).

OPEN SESSION DECEMBER 17, 2020 PAGE 6 OF 12

Ms. Mukai explained that the MDTA has undertaken several actions to plan for the evolution of and advancements in CAVs, the most recent being completion of a Strategic Plan for CAVs (CAV Plan) in fall 2018.

The CRCS survey findings indicate that the general culture in MDTA is perceived as "open to exploring and discussing potential issues and needs related to CAVs". Most respondents believe that MDTA is in Level 1 capability, acknowledging that the agency has a good foundation from which to grow. As part of that growing process, near-term CAV opportunities for MDTA's newest facility, MD 200 (ICC), should be considered.

The ICC has the potential to be a fertile proving ground for CAV readiness, with available power and communications, periodic ETC gantries providing opportunities for placement of roadside CAV infrastructure, and several unique design conditions that allow for testing in drastically different operational design domains (ODDs). The ICC also sits within a part of Maryland rich in CAV testing grounds facilitated by other agencies.

Initial CAV investments, such as improving visibility of markings and signs, could be made with a low-cost impact by implementing small changes during programmed maintenance cycles. Such improvements planned for CAVs of the future; may also improve customer service today by enhancing the performance of Automated Driver Assistance Systems available in current-production vehicles. A successful MDTA CAV program will benefit from, but may not always require, capital investments. MDTA should continue to prioritize processes, policies, and regulations that will support and encourage CAVs.

The CRCS report and the CAV Plan are aligned with the Maryland CAV Strategic Framework that is to be released on December 14. The CRCS report provides information on where MDTA is today and where MDTA may be tomorrow on the road to prepare for advent of CAVs. MDTA's CAV goals remain constant, but how they are applied to daily activities is adaptable and will support MDTA's CAV activities moving forward through COVID and into a post-COVID environment.

The CRCS report concluded with a discussion on prioritizing suggested areas of near-term CAV activity for MDTA. MDTA staff are encouraged to utilize this information to propose specific projects that will promote continued agency advancement related to CAVs, focusing on the organization's mission and vision.

Upon motion by Member Mario J. Gangemi and seconded by Member W. Lee Gaines, Jr., the electronic publishing of the CRCS report, "Planning for Connected and Automated Vehicle Readiness" as an attachment to the 2018 CAV Plan was unanimously approved.

At 10:22 a.m. the MDTA Board took a short break. The meeting (audio/video) continued to livestream during the break. The MDTA Board reconvened at 10:33 a.m.

#### <u>UPDATE – I-495 & I-270 PUBLIC PRIVATE PARTNERSHIP (P3)</u>

Ms. Deb Sharpless introduced Ms. Lisa Choplin, MDOT SHA I-495 & I-270 P3 Office Director to the MDTA Board. Ms. Choplin updated the MDTA Board on the I-495 & I-270 P3 Program.

Ms. Choplin explained that the MDTA and MDOT SHA's I-495 & I-270 P3 Office continues to work closely on the advancement of the I-495 & I-270 P3 Program. The P3 Program includes more than 70 miles of highway improvements that is expected to include managed lanes. The Managed Lane Study Draft Environment Impact Statement was released on July 10, 2020. The entire National Environmental Policy Act (NEPA) process has included substantial public and stakeholder engagement. The I-270 from I-370 to I-70 Pre-NEPA process launched in Summer 2019. Phase 1 of the P3 Program is currently being solicited as a Progressive P3 to provide greater collaboration in developing and delivering the improvements between the Phase 1 Developer, MDOT SHA, MDTA, and other stakeholders such as local agencies, utility companies, communities, and property owners.

Ms. Choplin also explained that the MDTA and MDOT SHA have defined roles in the P3 Program. MDOT SHA is responsible for the program development, solicitation(s), long-term program management, and ensuring adequate reserve funds are available in Operating Reserve account. The MDTA has participated in the solicitation and will be responsible for providing back office tolling services and customer service, developer payment reconciliation, establishing the toll rate range and soft rate cap, executing a leasehold interest, and issuing notes through a separate trust agreement.

#### **UPDATE – LEGISLATIVE REPORTS SUBMITTED TO THE LEGISLATURE**

#### • I-95 Northbound Express Toll Lane Expansion Report

Mr. Will Pines presented the results and findings of the I-95 Northbound Express Toll Lane Expansion Joint Chairman's Report to the MDTA Board.

Mr. Pines explained that the MDTA completed a 2003 I-95 Master Plan, which identified four sections of I-95 for further development (Sections 100, 200, 300 and 400). Construction of the first section, Section 100, was opened in 2014 with 4 general purpose lanes and 2 ETLs in each direction. In June 2018, Governor Hogan announced the \$1.1 billion investment in the I-95 ETL Northbound Extension Project. The planning study is completed for Section 200 and the development of this area began promptly after the Governor's announcement. The project will provide two northbound only ETLs for more than 10 miles from north of MD 43 in Baltimore County to north of MD 24 in Harford County.

Mr. Pines further explained that except for the ongoing I-95 ETL Northbound Extension Project, there is no programmed funding for the future projects from the I-95 Master Plan at this time, including incomplete portions of Section 200, 300, and 400. As for other future ETL expansions, the I-95 Master Plan did not call for ETLs in Section 300 and 400. NEPA studies have not been completed for Sections 300 and 400. Any considerations for ETLs in the Section 300 and 400 portions of I-95 would need to be fully evaluated as part of the required alternatives analysis in future NEPA studies for the corridor. There is also no funding for planning to evaluate ETLs and other alternatives in any of these sections.

OPEN SESSION DECEMBER 17, 2020 PAGE 8 OF 12

#### <u>Video Tolls Collection Report</u>

Mr. Colin Sweetin provided the MDTA Board a summary of the legislatively mandated report on MDTA's progress in improving access to customer service operations. The MDTA prepared this report in response to statutory language contained in Section 2 of Senate Bill 973 (Chapter 547) which was signed into law by Governor Hogan on May 8, 2018. The language states that on or before December 1, 2020, the MDTA shall report to the Governor and the General Assembly on its progress in improving access to its customer service operations, including enhanced use of e-mails, text messaging, and other methods of wireless communications.

Mr. Sweetin explained that in accordance with the legislation, the scope of the report covers activities and initiatives the MDTA has undertaken to improve access to its customer service operations. Where there is comparable data, this report covers Calendar Years (CY) or Fiscal Years (FY) 2018, 2019, and includes available data for 2020. In some instances, data is tracked on either a Fiscal Year or Calendar Year basis. Of the eighteen functional areas within MDTA, Facility Operations, Traffic Management and Support Services, Communications, *E-ZPass*® Operations, and MDTA Police are the Divisions which primarily interact with the public.

In order to provide the reader with a thorough understanding of the entirety of MDTA customer service operations, in addition to discussing the use of e-mails, text messaging, and other methods of communications to service customers, this report takes an expansive view of the definition of customer service to include information on MDTA's Courtesy Patrols - Vehicle Recovery Units, Commercial Vehicle Safety Unit, MDTA Police Communications Unit, MDTA Police Communications Unit, *E-ZPass* Customer Service and Outreach, MDTA Communications Outreach, and Public and Community Relations Outreach.

#### <u>UPDATE – UPCOMING LEGISLATIVE SESSION</u>

Mr. Bradley Ryon gave an update to the MDTA Board regarding the upcoming Legislative Session and the status of pre-filed bills.

## <u>UPDATE – THIRD GENERATION ELECTRONIC TOLL COLLECTION (3G ETC)</u> <u>SYSTEM</u>

Ms. Deb Sharpless gave an overview of the Third Generation Electronic Toll Collection (3G ETC) TransCore Customer Service Center and System transition.

She explained that during the past month, efforts have largely focused on the schedule, software development, performance testing, and data migration. Since the November Board meeting, an additional 96 Jira software development tickets have successfully passed TransCore's internal testing and MDTA's post validation, bringing the total to 565 tickets. Currently, 152 tickets remain open, including 88 tickets to be tested or deployed by TransCore. Data migration occurred on December 7, 2020 and the validation was completed on December 11, 2020. In the coming months, key focus areas will include completing software development, beginning Tier 1 testing, system performance, and documentation approvals.

OPEN SESSION DECEMBER 17, 2020 PAGE 9 OF 12

#### <u>APPROVAL – CONTRACT MODIFICATIONS</u>

## • <u>MA-549-000-006 – Electronic Toll System Replacement and Operation Contract</u> <u>Modification No 31</u>

Mr. Jeffrey Davis requested contingent approval from the MDTA Board to execute Contract No. MA-549-000-006 – Electronic Toll System Replacement and Operation Contract Modification No. 31.

Mr. Davis explained that Contract MA-549-000-006 was competitively solicited and awarded to ACS State and Local Solutions, Inc. (now Conduent State & Local Solutions, Inc.) on October 19, 2005 for the replacement toll collection, transaction processing, reconciliation, and reporting system, plus operation of the MDTA Customer Service Center, related to the Electronic Toll Collection Systems Replacement and Operation. The total contract amount for these services is \$358,791,528.00. The current expiration date of the contract is March 6, 2021 and, to date, thirty (30) modifications have been approved on this project

Modification No. 31 would extend the current contract expiration date by twelve months and add additional funding to cover the costs until the Electronic Toll Collection Third Generation transition occurs. The MDTA is currently seeking pricing from the vendor but estimates it to be in the range of \$30,000,000.00 to \$38,000,000.00.

It was further explained that Contract Modification No. 31 exceeds the delegated procurement authority of the MDTA; and therefore, is tentatively scheduled to be approved by the Board of Public Works on January 27, 2021.

The Members asked several questions related to Contract Modification No. 31. Member Gaines motioned to approve Contract Modification No. 31; however, there was no second. Chairman Slater took a brief recess to receive legal advice. Upon returning to the meeting, Chairman Slater made a revised motion to table voting on the Approval of the Contract Modification No. 31 and the next two Contract Modifications for the AE contracts until after the Closed Session portion of the meeting. The motion was seconded by Member Dontae Carroll and unanimously approved by the Board.

#### <u>UPDATE – AUDIT COMMITTEE</u>

Member William H. Cox, Jr. presented an update on the Audit Committee meeting that took place on December 10, 2020. The Audit Committee Members were given an update on the Fiscal Year 2021 Audit Plan which is currently on track to complete the plan with one audit complete and four in process. The internal audit report for "Employee Training and Development" was presented and the Committee was satisfied with the results of this audit. The Audit Committee also discussed adding an additional audit to the plan. This additional audit will be discussed at a future meeting.

OPEN SESSION DECEMBER 17, 2020 PAGE 10 OF 12

#### <u>UPDATE – EXECUTIVE DIRECTOR</u>

Mr. James F. Ports, Jr. gave updates on: MDTA Toys for Tots Program; the Emergency Procurement of the Western Shore Automated Lane Closure System for the Bay Bridge; MDTA's Notable Accomplishments for 2020, including completing the Westbound Bay Bridge project a year early, implementing all electronic tolling, reducing civil penalties to \$25, opening 2 new MVA-based E-ZPass Customer Service Centers, reopening the newly constructed I-895 bridge north of the Baltimore Harbor Tunnel, beginning construction of the Nice/Middleton Bridge, and due to COVID-19 MDTA changing the way we work and interact with the public.

Mr. Ports also announced that Mr. Will Pines has been named the new Chief Operating Officer for the MDTA effective January 1, 2021.

#### **VOTE TO GO INTO CLOSED SESSION**

At 12:52 p.m., upon motion by Member Dontae Carroll and seconded by Member William H. Cox, Jr., the Members voted unanimously to move into Closed Session under the Maryland Open Meetings Act, the MDTA Board will meet in Closed Session under the General Provisions Article, Sections 3-305(b)(7) and (8) to receive legal advice and to discuss potential litigation regarding a dispute for the Resource Sharing Agreement between the State and Level 3 and a potential settlement (Agenda Item 16); General Provisions Article, Section 3-305(b)(7) and (8) to receive legal advice and discuss potential litigation regarding a contractual dispute regarding implementation of services related to the tolling system (Agenda Item 17); General Provisions Article, Sections 3-305(b)(1) to discuss the performance of one or more specific employees and to discuss a specific personnel matter impacting specific employees (Agenda Item 18); and General Provisions Article, Sections 3-305(b)(7) to receive legal advice regarding the fiduciary obligations and duties of the MDTA Board under Maryland law and the MDTA Board Operating Policy (Agenda Item 19).

In attendance for all four agenda items were Chairman Gregory Slater, Members Carroll, Cox, Ensor, Gaines, Gangemi, Penny-Ardinger, Rosen, and von Paris; and Sean Powell, Jim Ports, and Kim Millender. Natalie Henson, David Goldsborough, and Will Pines were in attendance for Agenda items 16 and 17. Deb Sharpless and Marisabel Sosa were in attendance for Agenda Item 16.

Due to a scheduling conflict, Chairman Gregory Slater excused himself from the meeting during Closed Session and turned the meeting over to Acting Chairman Sean Powell to complete. Agenda Item 19 was tabled by the Acting Chairman.

#### VOTE TO ADJOURN CLOSED SESSION

At 2:37 p.m., a motion was made by Member Mario J. Gangemi. and seconded by Member Dontae Carroll, which was unanimously approved, to adjourn the Closed Session and return to Open Session.

OPEN SESSION DECEMBER 17, 2020 PAGE 11 OF 12

#### **RATIFICATION TAKEN IN CLOSED SESSION**

Upon motion by Member Mario J. Gangemi and seconded by Member William H. Cox, Jr., the Members ratified their vote to approve the settlement regarding the Resource Sharing Agreement between the State and Level 3.

#### <u>APPROVAL – CONTRACT MODIFICATIONS</u>

#### • <u>MA-549-000-006 – Electronic Toll System Replacement and Operation Contract</u> <u>Modification No 31</u>

Following the earlier presentation on this Item, upon motion by Member Jeffrey S. Rosen, and seconded by Member Dontae Carroll, the Members unanimously gave contingent approval to execute Contract No. MA-549-000-006 – Electronic Toll System Replacement and Operation Contract Modification No. 31.

## • <u>AE-2412-000-002/6/7 – Design and Consultation Services for Electronic Toll Collection</u> Systems for the Maryland Transportation Authority Modification No. 2

Mr. Jeffrey Davis requested contingent approval to execute Contract No. AE-2412-000-002/6/7 – Design and Consultation Services for Electronic Toll Collection Systems for the Maryland Transportation Authority Modification No. 2.

Mr. Davis explained that Contract No. AE-2412-000-002/6/7 was competitively solicited and awarded to Rummel, Klepper & Kahl, LLP/ AECOM USA, Inc. Joint Venture (RKK AECOM JV) on March 2, 2010 for the Design and Consultation Services for Electronic Toll Collection Systems for the Maryland Transportation Authority. The total contract amount for these services is \$10,000,000.00. The current expiration date of the contract is March 1, 2021 and, to date, one modification has been approved on this project.

Modification No. 2 will extend the current contract expiration date by six (6) months to September 1, 2021 and add an additional \$900,000.00 in funding to cover Electronic Toll Collection Third Generation transition and post-transition costs.

He further explained that Modification No. 2 exceeds the delegated procurement authority of the MDTA; and therefore, is tentatively scheduled to be approved by the Board of Public Works on January 27, 2021.

Upon motion by Member Mario J. Gangemi and seconded by Member W. Lee Gaines, Jr., the Members unanimously gave contingent approval to execute Contract No. AE-2412-000-002/6/7 – Design and Consultation Services for Electronic Toll Collection Systems for the Maryland Transportation Authority Modification No. 2.

OPEN SESSION DECEMBER 17, 2020 PAGE 12 OF 12

## • <u>AE-2853-000-001/6 – Design and Consultation Services related to Electronic Toll</u> <u>Collection Systems Services Modification No. 2</u>

Mr. Jeffrey Davis requested contingent approval to execute Contract No. AE-2853-000-001/6 – Design and Consultation Services related to Electronic Toll Collection Systems Services Modification No. 2.

Mr. Davis explained that Contract AE-2853-000-001/6 was competitively solicited and awarded to Jacobs Engineering Group, Inc. (Jacobs) on December 22, 2014 for Design and Consultation Services Related to Electronic Toll Collection Systems Services. The total contract amount for these services is \$8,000,000.00. The current expiration date of the contract is December 21, 2022 and, to date, one modification has been approved on this project.

Modification No. 2 will add an additional \$700,000.00 in funding to cover Electronic Toll Collection Third Generation transition and post-transition costs.

He further explained that Modification No. 2 exceeds the delegated procurement authority of the MDTA; and therefore, is tentatively scheduled to be approved by the Board of Public Works on January 27, 2021.

Upon motion by Member W. Lee Gaines and seconded by Member Dontae Carroll, the Members unanimously gave contingent approval to execute Contract No. AE-2853-000-001/6 – Design and Consultation Services related to Electronic Toll Collection Systems Services Modification No. 2.

## **VOTE TO ADJOURN MEETING**

There being no further business, upon motion by Member William H. Cox, Jr. and seconded by Member W. Lee Gaines, Jr., the Members unanimously voted to adjourn the meeting at 2:52 p.m.

The next MDTA Board Meeting will be held on January 28, 2021 at 9:00 a.m. via livestream.

## APPROVED AND CONCURRED IN:

Gregory Slater, Chairman

## MARYLAND TRANSPORTATION AUTHORITY BOARD MEETING THURSDAY, JANUARY 7, 2021 OPEN MEETING VIA LIVESTREAMING

## **OPEN SESSION**

Gregory Slater, Chairman

Dontae Carroll William H. Cox, Jr. William C. Ensor, III W. Lee Gaines, Jr. Mario J. Gangemi Cynthia D. Penny-Ardinger Jeffrey S. Rosen John F. von Paris

STAFF ATTENDING:

Natalie Henson Kimberly Millender, Esq. Ebony Moore James F. Ports, Jr. Eric Willison

At 3:05 p.m., Chairman Gregory Slater called the meeting of the Maryland Transportation Authority (MDTA) Board to order.

## VOTE TO GO INTO CLOSED SESSION

At 3:07 p.m., upon motion by Member Jeffrey S. Rosen, and seconded by Member John F. von Paris, the Members voted unanimously to move into Closed Session under General Provisions Article, § 3-305(b)(7) to receive legal advice regarding the legal and fiduciary obligations and duties of the MDTA Board under Maryland law, the MDTA Board Operating Policy, and other MDTA Board policies.

## VOTE TO ADJOURN CLOSED SESSION

At 4:05 p.m., a motion was made by Member Mario J. Gangemi, and seconded by Member W Lee Gaines, Jr., which was unanimously approved, to adjourn the Closed Session and return to Open Session. There were no actions taken during the Closed Session.

There being no further business, the meeting of the MDTA Board was adjourned by consensus at 4:09 p.m.

The next MDTA Board Meeting will be held on January 28, 2021 at 9:00 a.m. via livestreaming.

## APPROVED AND CONCURRED IN:

## MEMORANDUM

TO:	MDTA Board
FROM:	Ms. Donna DiCerbo, CPPO, CPPB, Director of Procurement
SUBJECT:	KH-3029-0000 – I-95 Express Toll Lanes Northbound Extension Abingdon
	Road Overpass Replacement
DATE:	January 28, 2021

## **PURPOSE OF MEMORANDUM**

To seek contingent approval to execute Contract No. KH-3029-0000 - I-95 Express Toll Lanes Northbound Extension Abingdon Road Overpass Replacement.

### **SUMMARY**

The work to be performed under this contract is located along I-95 at the Abingdon Road overpass. The existing bridge will be replaced to provide increased horizontal clearance for future improvements to I-95.

#### **RECOMMENDATION**

To provide contingent approval to execute Contract No. KH-3029-0000 - I-95 Express Toll Lanes Northbound Extension Abingdon Road Overpass Replacement.

## MEMORANDUM

TO:	MDTA Board
FROM:	Ms. Donna DiCerbo, CPPO, CPPB, Director of Procurement
SUBJECT:	J01B0600021 – OpenGov Enterprise Budget Software System
DATE:	January 28, 2021

#### **PURPOSE**

To seek contingent approval to execute Contract No. J01B0600021 - OpenGov Enterprise Budget Software System.

#### **SUMMARY**

This contract is for the implementation and annual licenses for the OpenGov Software-as-Service (SaaS) platform to provide the MDTA Division of Finance the ability to create an annual budget by line item for multiple divisions/programs for monitoring, analyzing, forecasting, and reporting budgetary spending across multiple years. The contractor will provide the OpenGov module(s) required to support multiple funding targets and any associated measures of performance and outcome. The MDTA intends to use the software to collect multiple budget requests that can be captured simultaneously and can roll up into a unified budget or any report dynamically and without any batch process. This contract will be a 5-year fixed price contract with a one-year renewal option in the amount of \$2,054,832.38 for the base term and \$348,402.06 for the renewal term. This contract was procured as an Intergovernmental Cooperative Purchasing Agreement using the National Association of State Procurement Officials (NASPO) ValuePoint Cloud Solutions Intergovernmental Cooperative Purchasing Contract.

#### **RECOMMENDATION**

To provide contingent approval to execute Contract No. Contract No. J01B0600021 - OpenGov Enterprise Budget Software System.

## MEMORANDUM

TO:	MDTA Board
FROM:	Ms. Christina Thompson, Deputy Director of Finance
SUBJECT:	Fiscal Year 2021 Operating Budget Amendment #2
DATE:	January 28, 2021

## **PURPOSE OF MEMORANDUM**

The Maryland Transportation Authority (MDTA) is requesting the approval of the MDTA Board to amend the Fiscal Year (FY) 2021 Operating Budget. The budget can be amended at any time during the current fiscal year.

## **SUMMARY**

Summary of Major Changes (\$millions)

FY 2021 Final Operating Budget	\$323.6
FY 2021 Amended Operating Budget	304.6
FY 2021 Amended #2 Operating Budget	306.0
\$ Change FY 2021 Final vs FY 2021 Amended #2	(17.6)
% Change FY 2021 Final vs FY 2021 Amended #2	(5.4)%
\$ Change FY 2021 Amended #1 vs FY 2021 Amended #2	1.4
% Change FY 2021 Amended #1 vs FY 2021 Amended #2	0.5%

The FY 2021 Amended Operating Budget totals \$306,036,645. This represents an increase of \$1,427,097, or 0.5%, above the FY 2021 Amended Operating Budget. Reimbursable expenses for law enforcement services provided at the Port of Baltimore and the Baltimore/Washington International Thurgood Marshall Airport total \$30,699,149 (10.0%) of the budget. These costs are paid by the Maryland Port Administration and the Maryland Aviation Administration.

On December 16, 2020, the Governor announced the restoration of the 2% COLA which was negotiated in the contracts for State employees represented by the American Federation of Teachers-Healthcare, the Maryland Professional Employees Council, and the American Federation of State, Local and County Employees in 2019. The announcement also indicated

Fiscal Year 2021 Operating Budget Amendment #2 Page Two

that the State would be restoring increases that were negotiated, but withheld, from the State's police unions, which include the State Law Enforcement Labor Alliance and the MDTA Fraternal Order of Police. As a result of this announcement, MDTA employees (excluding the police) will receive a 2% COLA and the police will receive their step increase effective January 1, 2021.

## ANALYSIS

The budget includes the following significant changes from the FY 2021 Amended budget that was approved in November 2020:

- A \$1.4 million increase in personnel expenses (object 01). This net increase includes the 2% COLA for civilian employees and a step increase for police which totals \$1.3 million. In addition, funding has been added for the premium pay the police received during the first quarter of the fiscal year due to COVID-19 which totals \$563,894. There is a reduction in the budget associated with an increase in turnover of \$481,589 for the Port and BWI Airport to bring their budget in line to the agreed upon amount.
- In addition, there are two minor reallocations of funds to move janitorial services from Operations Support to Key Bridge Operations and from roadway maintenance materials to software licenses at the Bay Bridge. These are zero net sum adjustments that the Executive Director would normally approve.

## MEMORANDUM

TO:	MDTA Board
FROM:	Mr. Allen W. Garman, MDTA Director of Treasury & Debt
SUBJECT: DATE:	Mr. James Walsh, MDOT MAA MDTA Board Resolution 21-01, PFC Bonds Interest Capitalization January 28, 2021

## PURPOSE OF MEMORANDUM

Explain the purpose of MDTA Board Resolution 21-01 for post-issuance interest capitalization from PFC bond proceeds and request the Board's approval of this item. In order to increase PFC bonds debt service coverage and mitigate reduced revenues associated with the pandemic, the resolution authorizes the use of up to \$12.9 million of Series 2019 PFC bond proceeds to retroactively and advance fund a portion of debt service in 2019 through 2023.

This item was discussed in detail with the Finance Committee during the January 12 meeting and the Committee recommended that the item move forward to the full Board for approval.

## **SUMMARY**

The Resolution authorizes the use of up to \$12.9 million of PFC Series 2019 bond proceeds to capitalize interest in order to improve debt service coverage in fiscal 2021 and fiscal 2022. In response to the diminished enplanements at BWI Airport due to the pandemic, the MDOT MAA has the financial flexibility to defer certain capital projects that were designated in the original financing resolution for the Series 2019 PFC bonds, including the Concourse D HVAC improvements and the Federal Inspection Service Hall Reconfiguration. The early funding of the bond service trust account will legally reduce debt service for purposes of the Debt Service Coverage calculation.

The project deferral and interest capitalization from bond proceeds represents a prudent action to help mitigate diminished short-term enplanements associated with the pandemic. The credit rating agencies have viewed these types of actions by municipalities as prudent responses to partially mitigate the near-term financial impacts of the COVID-19 pandemic.

MDTA Board Resolution 21-01, PFC Bonds Interest Capitalization Page Two

The interest capitalization strategy has been formulated with the assistance of the Municipal Advisor PFM and bond counsel. Importantly, the post issuance interest capitalization from bond proceeds is a permitted use under federal tax law related to municipal bonds.

## **RECOMMENDATION**

Management requests the MDTA Board's approval of the PFC interest capitalization resolution.

#### MARYLAND TRANSPORTATION AUTHORITY RESOLUTION 21-01

A RESOLUTION (I) FACILITATING THE MODIFICATION OF THE LIST OF PROJECTS TO BE FUNDED WITH THE PROCEEDS OF MDTA'S PASSENGER FACILITY CHARGE REVENUE BONDS SERIES 2019 BALTIMORE/WASHINGTON INTERNATIONAL THURGOOD MARSHALL AIRPORT (QUALIFIED AIRPORT BONDS - AMT) (THE "SERIES 2019 PFC BONDS"); (II) PROVIDING FOR THE USE OF A PORTION OF THE PROCEEDS OF THE SERIES 2019 PFC BONDS TO PAY INTEREST ON THE SERIES 2019 PFC BONDS BECOMING DUE IN BOND YEARS 2019, 2020, 2021, 2022 AND 2023; AND (III) APPROVING THE EXECUTION AND DELIVERY OF A SUPPLEMENTAL TRUST AGREEMENT AND OTHER DOCUMENTS PERTAINING TO THE MODIFICATION OF THE FINANCED PROJECTS AND USE OF A PORTION OF THE BOND PROCEEDS.

WHEREAS, the Maryland Transportation Authority, an agency of the State of Maryland (the "MDTA") previously adopted Resolution 19-01 that authorized the MDTA to act as a conduit issuer of the Passenger Facility Charge Revenue Bonds Series 2019 Baltimore/Washington International Thurgood Marshall Airport (Qualified Airport Bonds - AMT) (the "Series 2019 PFC Bonds") upon the request of the Maryland Aviation Administration, an agency of the Maryland Department of Transportation, ("MDOT MAA"); and

WHEREAS, MDOT MAA asked the MDTA to issue the Series 2019 PFC Bonds payable from certain revenues of MDOT MAA for the purpose of financing and refinancing projects including the Concourse A Phase II five gate addition, a restroom improvement program, Federal Inspection Service Hall reconfiguration, Concourse A/B modifications for B737-800 aircraft and Concourse D HVAC replacement (the "2019 PFC Projects"); and

WHEREAS, the MDOT MAA has decided to delay the construction and installation of the Concourse D HVAC replacement improvements and the Federal Inspection Service Hall Reconfiguration, and now desires to modify the 2019 PFC Projects to reflect the deletion of these two projects, and to provide for the use of a portion of the bond proceeds previously designated for such projects in the aggregate amount not to exceed \$12,900,000 (the "Designated Bond Proceeds") to pay interest on the Series 2019 PFC Bonds; and

WHEREAS, as a result of COVID-19 and related travel restrictions there has been a reduction in the number of flights and passengers at the Baltimore/Washington International Thurgood Marshall Airport ("BWI Marshall Airport"). MDOT MAA has experienced a reduction in revenues from passenger facility charges (the "PFC Revenues") available for debt service payments and other uses. The use of Designated Bond Proceeds to provide for the funding of interest on the Series 2019 PFC Bonds will facilitate compliance with the debt coverage policy established by MDOT MAA for debt secured by PFC Revenues during this period of reduced PFC Revenues; and

WHEREAS, the MDTA entered into a Lease of Airport Facilities Projects at the Baltimore/Washington International Thurgood Marshall Airport and Assignment of Passenger Facility Charges dated as of June 1, 2019 (the "2019 Lease and Assignment") with MDOT MAA pursuant to which the MDTA has leased from the State of Maryland (the "State") through MDOT

## **RESOLUTION 21-01**

Page Two

MAA certain property located at BWI Marshall Airport on which the 2019 PFC Projects (as defined therein) were to be constructed; and

WHEREAS, pursuant to an Agreement on Financing Airport Facilities Projects at Baltimore/Washington International Thurgood Marshall Airport dated as of June 1, 2019 (the "2019 Financing Agreement") between the MDTA and MDOT MAA, the MDTA agreed to finance the design, construction and equipping of the 2019 PFC Projects (as defined therein); and

WHEREAS, the MDTA and Manufacturers and Traders Trust Company, as trustee, (the "Trustee") entered into the Fourth Supplemental Trust Agreement dated June 1, 2019 (the "Fourth Supplement") supplementing the Trust Agreement dated as of December 1, 2003 (as amended and supplemented, the "Trust Agreement"), by and between the MDTA and the Trustee to provide for the issuance of the Series 2019 PFC Bonds to finance and refinance the 2019 PFC Projects (as defined therein); and

WHEREAS, the MDTA desires to authorize the amendment of the 2019 PFC Projects and the use of a portion of the Designated Bond Proceeds to pay capitalized interest on the 2019 PFC Bonds.

Now, THEREFORE, BE IT RESOLVED BY THE MARYLAND TRANSPORTATION AUTHORITY, as follows:

**Section 1.** The Executive Director of the MDTA (the "Executive Director") and the Chief Financial Officer of the MDTA (the "Chief Financial Officer") are hereby authorized to amend the Fourth Supplement, the 2019 Lease and Assignment and the 2019 Financing Agreement as they deem appropriate in order to amend the 2019 PFC Projects to delete the Federal Inspection Service Hall reconfiguration and the Concourse D HVAC replacement and to execute and deliver other documents necessary or appropriate to carry out the actions authorized by this Resolution (collectively, the "Bond Documents"). The execution and delivery by the Executive Director and/or the Chief Financial Officer of the Bond Documents shall be conclusive evidence of their final approval.

**Section 2.** The MDTA hereby authorizes the Chief Financial Officer to cause the transfer of an amount not to exceed \$10,500,000 of the Designated Bond Proceeds on deposit in the 2019 Construction Account within the Construction Fund to the 2019 Interest Account within the 2019 Bond Fund, which such funds and accounts are maintained by the Trustee in accordance with the Trust Agreement, for the purpose of providing for the payment of a portion of the interest becoming due on the Series 2019 PFC Bonds in the Bond Years 2020, 2021, 2022 and 2023.

**Section. 3**. The MDTA further authorizes the Chief Financial Officer to, in accordance with the provisions of the Trust Agreement, provide for the requisition of an amount not to exceed \$2,400,000 of the Designated Bond Proceeds on deposit in the 2019 Construction Account, and cause such funds to be used to reimburse MDOT MAA for interest paid on the Series 2019 PFC Bonds from PFC Revenues in Fiscal Years 2019 and 2020.

**Section 4.** The MDTA hereby approves the preparation, filing and posting of any notices related to the actions authorized by this Resolution, and hereby authorizes its Executive

**RESOLUTION 21-01** Page Three

Director, with the assistance of its other officers, counsel, bond counsel and staff to take such actions or cause to be taken such actions as shall be necessary, proper and convenient for the purposes of carrying out the purposes of this Resolution.

**Section 5.** The Chairman of the MDTA (the "Chairman"), the Executive Director and the Chief Financial Officer are hereby authorized to specify, prescribe, determine, provide for or approve, all within the limitations of this Resolution and Title 4 of the Transportation Article of the Annotated Code of Maryland (the "Act"), all other matters, details, forms, documents and procedures pertaining to the use of Designated Bond Proceeds, including (without limitation) the execution, acknowledgment, sealing and delivery of Bond Documents by the Chairman, Executive Director, Chief Financial Officer or any other duly qualified employee, agent or officer of the MDTA as are or may be necessary or appropriate to consummate the transactions contemplated by this Resolution in accordance with the Act and this Resolution.

Section 6. This Resolution shall be effective immediately upon its adoption.

Dated as of: \_\_\_\_\_, 2021

#### MEMORANDUM

TO:	MDTA Board
FROM:	Mr. David Goldsborough, Director of Information Technology
SUBJECT:	Quarterly Information Technology Update
DATE:	January 28, 2021

#### **PURPOSE OF MEMORANDUM**

The purpose of this memorandum is to provide a quarterly update to the MDTA Board on MDTA's Division of Information Technology (DoIT).

#### **SUMMARY**

As of January 28, 2021, the Division of Technology maintains an active portfolio of 19 projects. The portfolio has remained constant since the last update to the MDTA Board. During the last quarter, there was a shift in some key projects due to the change in direction MDOT-wide related to the use of the eMaryland Marketplace Advantage (eMMA) system. Since MDOT will not use eMMA for the system's procurement portion, we have engaged OpenText to convert our current purchasing card (p-card) system over to the new platform. DoIT is working closely with the Secretary's Office of Procurement on the modernization of the Advanced Purchasing Inventory Control System (ADPICS). Once the work is awarded to an implementation company, we will integrate all appropriate MDTA systems. Some of the significant initiatives that DoIT continues to work on include the following:

- Conversion to the new Salesforce lightening platform;
- Supporting 3G tolling rollout by providing program management services;
- Implementation of an e-forms platform; and
- Document scanning services to convert paper to electronic format.

DoIT also completed the renewal of our OpenText contract that supports our document management system. In compliance with the State's requirement to have all employees who can telework, to work from home to facilitate social distancing, all DoIT staff, now including service desk staff and field technicians, are on telework status. We have modified the staffing approach for our service desk to have four employees in the office on any given day. DoIT has also completed hiring the replacements for our Cybersecurity Manager position and the Mobile Device Management Technician position. These selections were made utilizing the hiring freeze exception process.

#### **MEMORANDUM**

TO:	MDTA Board
FROM:	Mr. James Harkness, P.E., PTOE, Acting Chief Engineer, Office of Engineering
	and Construction
SUBJECT:	Updates: Major Projects Valued Over \$40 Million
DATE:	January 28, 2021

#### **PURPOSE OF MEMORANDUM**

The purpose of the memorandum is to update the MDTA Board on the status of the Major Projects in the Capital Program.

#### **SUMMARY**

As of January 13, 2021, there are eleven Major Projects in the Capital Program. Five of the projects are under Construction, four in Procurement, and two under Design. This summary only includes projects with funding for construction in the Consolidated Transportation Program (CTP) and includes five projects valued in excess of \$100 million. There are two projects from the \$1.1 billion I-95 Express Toll Lanes (ETL) Northbound Expansion program.

#### **MEMORANDUM**

TO:	MDTA Board
<b>PRESENTED BY:</b>	Ms. Deb Sharpless, Chief Financial Officer
SUBJECT:	Third Generation Electronic Toll Collection (3G ETC) System Transition Update
DATE:	January 28, 2021

#### **PURPOSE OF MEMORANDUM**

To brief the Maryland Transportation Authority (MDTA) Board on the 3G ETC System transition.

#### SUMMARY

During the past month, efforts with the TransCore transition focused on software development, performance testing, and Tier 1 testing. TransCore completed Tier I testing. MDTA is currently validating the results. TransCore is preparing to release software Build 17. The number of Jira software development tickets for this Build currently stands at 69 tickets; ideally the number of tickets would not exceed 40 to 50 tickets. In order to accommodate the additional tickets, including regression testing, the mid-February confirmation of the Go-Live shifted one week. A proposed recovery schedule is forthcoming and TransCore has verbally committed to MDTA to retain the planned Go-Live. Data migration with Conduent is now low risk partly due to the multiple data scrubs. Performance Testing continues to improve incrementally. Informal testing of external proof packages (e.g., customer correspondences) is underway to reduce the risk of issues when the formal testing occurs in mid-March. Currently 199 out of 527 or 37% of proof packages have passed or passed with comments.

During the past month, Kapsch's focus has been primarily centered around the completion of the open tasks required to achieve System Go-Live. These tasks include reports development and validation, roadside system and CSC integration, system tuning, and completion of the outstanding documentation deliverables. In addition to Go-Live readiness, Kapsch continues to work towards improving the system maintenance program and operational performance. System maintenance focus has been on striving to demonstrate a higher percentage of proactive verses reactive actions regarding system analysis and monitoring. Operational performance focus has been mainly centered around the identification of areas of weakness in providing Phase III documentation, documentation to support requirements adherence, and system tuning to validate the system is ready to enter into the System Acceptance Test phase post System Go-Live.

- Preliminary review of Proof Packages incorporated into schedule to reduce risk with formal SIT scheduled in mid-March
- Significant work remains before formal testing, resulting in significant MDTA concern
  - 52% failed, pending, or incomplete
  - Mailhouse Proof Packages are high priority/largest test volume is 28% complete
- Mid-February confirmation of Go-Live occurs prior to formal SIT, adding risk to be managed

# SIT Interface Proof Package Review

Software Development:

- Complete final builds and outstanding ticket testing
- Finalize post Go-live availability at 30 day increments
  - Contract includes incentives & disincentives associated with KPIs after Final System Acceptance (90 days after Go-Live) and liquidated damages 91 days after the Final System Acceptance for which all punch list items are not corrected

## <u>Testing</u>

Key Focus Areas

- Review & approve TransCore Tier 1 Test Results
- Review & approve External Interface Proof Packages (most challenges)
- Perform Tier 2 Witness Test MDTA Consultants
- Perform Tier 3 Test MDTA Operations and Finance

## Transition Planning

• Finalize transition planning coordination and timings between Kapsch/TransCore and Conduent at Go-Live

## System Performance:

- Ongoing performance tuning and optimization
- Monitor degradation points and failure

### **Documentation**

Ongoing submittal process and approval

# Kapsch

# MDTA Electronic Toll System Tolling Systems and Services

Contract No MA2257-0000

# Kapsch Milestone Schedule

Kapsch Priority Tasks

## System Integration

Kapsch Success Rate %	Kapsch Interface Error %	Goal at Go-Live %
95%	5%	1%

- Address current interface errors between Kapsch and TransCore (reduce to <1%)
- Perform systems reconciliation between Kapsch and TransCore on all transactions

## System Performance

Current Status	Goal at Go-Live %
18 hours	12 hours

- Continue system performance tuning to improve Transaction Accuracy / Trip Construction (volume of trips processed per day)
- Manual processes impacting performance

<u>Reports</u>									
Priority	Total	Deployed	Not Deployed						
Critical	8	1	7						
High	17	5	12						
Medium	7	6	1						
Low	4	4	0						

• Focus deploy 19 critical and high priority reports prior to Go-Live

Kapsch Priority Tasks (continued)

## **Other Critical Tasks**

- Lane Maintenance Improvements
  - Improve Kapsch's timeliness of resolution for identified issues.
  - Demonstrate a pro-active approach to the Maintenance tasks.
- Quality Assurance/Quality Control processes
- Finalize Transition Plans (i.e., backlog transactions, cutover strategy)
  - All tasks identified
  - Collaboration items remain
  - 95% Complete
- Task order issued for additional disk space for backlog transactions
  - RFP required 90 days
  - Expanding storage to 12 months
  - NTP issued; \$975K
  - Targeting February month end completion
- Finish full implementation of DR (Disaster Recovery) platform at JFK
  - Targeting mid-April

# **TAB 10**

Larry Hogan, Governor Boyd K. Rutherford, Lt. Governor Gregory Slater, Chairman

#### Board Members:

James F. Ports, Jr., Executive Director

#### MEMORANDUM

TO:	MDTA Board
presented rv·	Ms. Deb Sharpless, Chief Financial Officer
PREPARED BY:	Ms. Cheryl Lewis-Orr, Director of Revenue
SUBJECT:	Review of Traffic and Revenue as of November 30, 2020
DATE:	January 28, 2021

#### **PURPOSE**

To update the Maryland Transportation Authority (MDTA) Board regarding year-to-date traffic and toll revenue trends compared to the previous year and the forecast.

#### **SUMMARY**

Systemwide, for the period ended November 30, 2020, collected revenue is down 40.7 percent or \$119 million, and transactions are down 52.7 percent or 38.3 million compared to the same period last year. Roughly 77 percent or \$92 million of the decrease was expected due to traffic reductions caused by COVID-19 and was reflected in the Traffic & Revenue Forecast. Collected revenue is 13.5 percent or \$26.9 million below forecast, while transactions are 26.5 percent or 12.4 million below forecast. The delay in transitioning to the Third-Generation Electronic Toll Collection System (3G ETCS) is directly impacting the achievement of the revenue forecast and continues to be a challenge with the MDTA's ability to report revenue and transactions in its traditional format. Within the context of this memo, transactions refer to paid transactions and not traffic. Traffic volumes are in-line with anticipated volumes.

#### Legacy Facilities

Legacy revenue and transactions are shown on pages 4 and 6 of the attached report, respectively. As of November 30, 2020, revenue is down 34.6 percent or \$88.4 million, and transactions are down 41.6 percent or 21.8 million compared to the same period in 2019. Forecasted revenue is down 6.4 percent or \$11.5 million, while forecasted transactions are down 10.5 percent or 3.6 million. It is estimated that once image processing is complete, the variance between the forecast versus actuals will align.

Review of Traffic and Revenue as of November 30, 2020 Page Two

#### Intercounty Connector (ICC)

While revenue and transactions are significantly below forecast and down compared to the previous period, trip building is the main factor hindering the MDTA's ability to reflect ICC's updated actual performance. Estimates indicate once trip building and image processing is complete, the variance between the forecast versus actuals will be significantly mitigated.

#### I-95 Express Toll Lanes (ETL)

I-95 ETL revenue and transactions are shown on page 13 of the attached report. As of November 30, 2020, revenue is down 43.4 percent or \$2.7 million, and transactions are down 47.1 percent or 2.1 million compared to the same period last year. Forecasted revenue is down 13.3 percent or \$530,000 while forecasted transactions are down 16.9 percent or 476,000. Once image processing is done, the variance between the forecast versus actuals is expected to align.

#### **ATTACHMENTS**

• Revenue & Transaction Trends for the period ending November 30, 2020

#### MDTA BOARD INFORMATIONAL ITEM

RE:	November 2020 - Revenue & Transaction Trends - System Wide
Date:	December 21, 2020
Prepared by:	Cheryl Lewis-Orr, Corey Lies, and Walter Laun

#### **PURPOSE:**

This briefing is to update the members of the MDTA Board on the toll revenue and transaction trends for the month ending November 30, 2020, system wide.

#### **SUMMARY:**

Revenues for the month ending November 30, 2020 were as follows:

- System wide toll revenues for the month were \$33.7 million, which is down \$20.5 million or 37.8% versus the previous year.
- Fiscal year-to-date system wide toll revenues were \$172.9 million, which is down \$118.7 million or 40.7% versus the previous year.
- Fiscal year-to-date system wide toll revenues are \$26.9 million below or 13.5% below the Base Case revenue forecast.

Transactions for the month ending November 30, 2020 were as follows:

- System wide transactions for the month were 6.6 million, which is down 7.2 million or 52.0% versus the previous year.
- Fiscal year-to-date system wide transactions were 34.4 million, which is down 38.3 million or 52.7% versus the previous year.
- Fiscal year-to-date system wide transactions are 12.4 million below or 26.5% below the Base Case transaction forecast.

The following tables summarize the key revenue and transaction trends for the period ending November 30, 2020.

#### **SUMMARY OF SYSTEM WIDE REVENUE TRENDS**

Forecast vs. Actual Transactions for Fiscal Year							
Base Case Forecast							
Transactions	Forecast	Actual	Difference	% Difference			
Current Month	9,232,043	6,609,775	(2,622,268)	-28.4%			
FY To Date	46,739,000	34,362,357	(12,376,644)	-26.5%			

A transaction on the ICC facility is a trip, which can vary in length (entry to exit).

#### **MDTA BOARD INFORMATIONAL ITEM**

RE:	November 2020 - Revenue & Transaction Trends - Legacy Facilities
Date:	December 21, 2020
Prepared by:	Cheryl Lewis-Orr, Corey Lies, and Walter Laun

#### **PURPOSE:**

This briefing is to update the members of the MDTA Board on the toll revenue and transaction trends for the month ending November 30, 2020, for all Legacy Facilities.

#### **SUMMARY:**

Revenues for the month ending November 30, 2020 were as follows:

- Legacy Facilities toll revenues for the month were \$32.7 million, which is down \$14.6 million or 30.9% versus the previous year.
- Fiscal year-to-date Legacy Facilities toll revenues were \$167.2 million, which is down \$88.4 million or 34.6% versus the previous year.
- Fiscal year-to-date Legacy Facilities toll revenues are \$11.5 million below or 6.4% below the Base Case revenue forecast.

Transactions for the month ending November 30, 2020 were as follows:

- Legacy Facilities transactions for the month were 5.9 million, which is down 3.9 million or 39.6% versus the previous year.
- Fiscal year-to-date Legacy Facilities transactions were 30.6 million, which is down 21.8 million or 41.6% versus the previous year.
- Fiscal year-to-date Legacy Facilities transactions are 3.6 million below or 10.5% below the Base Case transaction forecast.

The following tables summarize the key revenue and transaction trends for the period ending November 30, 2020.

#### SUMMARY OF LEGACY FACILITIES REVENUE TRENDS

RE:	November 2020 - Revenue & Transaction Trends - Intercounty Connector
Date:	December 21, 2020
Prepared by:	Cheryl Lewis-Orr, Corey Lies, and Walter Laun

#### **PURPOSE:**

This briefing is to update the members of the MDTA Board on the toll revenue and transaction trends for the month ending November 30, 2020, for the Intercounty Connector (ICC).

#### **SUMMARY:**

Revenues for the month ending November 30, 2020 were as follows:

- ICC toll revenues for the month were \$0.4 million, which is down \$5.4 million or 93.0% versus the previous year.
- Fiscal year-to-date ICC toll revenues were \$2.2 million, which is down \$27.7 million or 92.8% versus the previous year.
- Fiscal year-to-date ICC toll revenues are \$14.9 million below or 87.3% below the Base Case revenue forecast.

Transactions for the month ending November 30, 2020 were as follows:

- ICC transactions for the month were 0.3 million, which is down 2.8 million or 91.6% versus the previous year.
- Fiscal year-to-date ICC transactions were 1.4 million, which is down 14.4 million or 91.2% versus the previous year.
- Fiscal year-to-date ICC transactions are 8.3 million below or 85.8% below the Base Case transaction forecast.

Note: ICC transactions are trips on the facility which can vary in length. Transactions are priced based on length of trip and time of day. As a result, transaction counts on this facility are not a good indicator of revenues.

The following tables summarize the key revenue and transaction trends for the period ending November 30, 2020.

#### **SUMMARY OF ICC REVENUE TRENDS**

Monthly Revenue Comparison							
Vehicles		Nov-19		Nov-20		Difference	% Change
2-Axle	\$	5,221,088	\$	385,138	\$	(4,835,950)	-92.6%

Forecast vs. Actual Transactions for Fiscal Year							
Base Case Forecast							
Transactions	Transactions Forecast Actual Difference % Difference						
<b>Current Month</b>	1,894,555	260,146	(1,634,409)	-86.3%			
FY To Date	9,681,311	1,379,299	(8,302,012)	-85.8%			

A transaction on the ICC facility is a trip, which can vary in length (entry to exit).

#### **MDTA BOARD INFORMATIONAL ITEM**

RE:November 2020 - Revenue & Transaction Trends - Express Toll LanesDate:December 21, 2020Prepared by:Cheryl Lewis-Orr, Corey Lies, and Walter Laun

#### **PURPOSE:**

This briefing is to update the members of the MDTA Board on the toll revenue and transaction trends for the month ending November 30, 2020, for the I-95 Express Toll Lanes (ETL).

#### **SUMMARY:**

Revenues for the month ending November 30, 2020 were as follows:

- ETL toll revenues for the month were \$0.7 million, which is down \$0.6 million or 46.6% versus the previous year.
- Fiscal year-to-date ETL toll revenues were \$3.5 million, which is down \$2.7 million or 43.4% versus the previous year.
- Fiscal year-to-date ETL toll revenues are \$0.5 million below or 13.3% below the Base Case revenue forecast.

Transactions for the month ending November 30, 2020 were as follows:

- ETL transactions for the month were 0.4 million, which is down 0.5 million or 51.1% versus the previous year.
- Fiscal year-to-date ETL transactions were 2.3 million, which is down 2.1 million or 47.1% versus the previous year.
- Fiscal year-to-date ETL transactions are 0.5 million below or 16.9% below the Base Case transaction forecast.

Note: ETL transactions are trips on the facility which are priced based on time of day. As a result, transaction counts on this facility are not a good indicator of revenues.

The following tables summarize the key revenue and transaction trends for the period ending November 30, 2020.

#### **SUMMARY OF ETL REVENUE TRENDS**

Monthly Revenue Comparison							
Vehicles		Nov-19		Nov-20		Difference	% Change
2-Axle	\$	1,014,515	\$	486,766	\$	(527,749)	-52.0%
