****Please note this is not a complete list of conflicted firms since it does not include the firms under consideration for award for the Nice Bridge Comprehensive Construction Management and Inspection Services Contracts (“NB CMI Contracts”). MDTA makes no representations regarding the completeness of the list.**

MDTA currently has an active procurement, MDTA Contract No. 2017-02, Nice Bridge Comprehensive Construction Management and Inspection (CMI) Services (“NB CMI Contracts”). Those firms who have been selected to submit Price Proposals have been notified by the MDTA in writing. Therefore, these selected firms know or should know that they will be conflicted from pursuing the NB Design Build Contract NB 0543-0000.

With the exception of the firms listed above and the selected firms from the active procurement MDTA Contract No. 2017-02, no other firms are known to have restrictions in participating in

the NB Design Build Contract NB 0543-0000 at this time. It is anticipated that the MDTA will be presenting the NB CMI Contracts to the Maryland Board of Public Works (BPW) in October 2018. MDTA will update this list of conflicted firms, to include the awardees of the NB CMI Contracts, once the recommendations for award are made public.
