I-95 Express Toll Lanes (ETL) Northbound Extension

This project will enhance the MDTA's efforts to provide a safe and reliable drive for its customers and advance the Traffic Relief Plan that Governor Larry Hogan expanded in 2018. In addition, the proposed improvements will increase quality of life for numerous communities with several new noise walls and will replace or rehabilitate multiple bridges that are more than 50 years old. The I-95 ETL Northbound Extension will be completed in segments and is expected to open to traffic through MD 152 by the end of 2023 and through MD 24 by the end of 2026.
