SECOND AMENDED AND RESTATED TRUST AGREEMENT

THIS SECOND AMENDED AND RESTATED TRUST AGREEMENT, dated as of September 1, 2007 (the “**Trust Agreement**”), is by and between **MARYLAND TRANSPORTATION AUTHORITY**, an agency of the State of Maryland, acting on behalf of the Department of Transportation of Maryland (the “**Authority**”), and **THE BANK OF NEW YORK**, a national banking association organized and existing under the laws of the State of New York and having a corporate trust office in West Paterson, New Jersey, as trustee (the “**Trustee**”).

RECITALS

WHEREAS, the Authority is authorized pursuant to Title 4 of the Transportation Article of the Annotated Code of Maryland, as amended (the “**Enabling Legislation**,”), to issue revenue bonds for the purpose of financing and refinancing all or any part of the costs of Transportation Facilities Projects (as defined in the Enabling Legislation) and to secure such revenue bonds by a trust agreement, which may pledge and assign all or any part of the revenues of any transportation facilities project to secure such revenue bonds; and

WHEREAS, pursuant to the Enabling Legislation and to the Amended and Restated Trust Agreement dated as of June 1, 2004 (the “**Prior Trust Agreement**”, by and between the Authority and the Trustee, the Authority previously issued certain revenue bonds of which its Transportation Facilities Projects Revenue Bonds (Series 1992) dated as of August 15, 1992 (the “**Series 1992 Bonds**”) and its Transportation Facilities Projects Revenue Bonds, Series 2004, dated as of July 1, 2004 (the “**Series 2004 Bonds**”) remain outstanding; and

WHEREAS, pursuant to the provisions of Section 209 of the Prior Trust Agreement, the Authority may from time to time issue additional revenue bonds secured equally and ratably with the Series 1992 Bonds, Series 2004 Bonds and any additional Bonds outstanding under the provisions of the Prior Trust Agreement by the property pledged thereunder for the purpose of paying all or any part of the cost of any additional Transportation Facilities Projects or any Improvements; and

WHEREAS, Section 1102(a) of the Prior Trust Agreement provides that the owners of not less than a majority of the outstanding Bonds and Parity Indebtedness shall have the right, from time to time, anything contained in this Trust Agreement to the contrary notwithstanding, to consent to and approve the execution by the Authority and the Trustee of such agreement or agreements supplemental hereto as shall be deemed necessary or desirable by the Authority for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in this Trust Agreement or in any Supplemental Agreement (as defined herein); *provided*, however, that nothing herein contained shall permit, or be construed as permitting, (i) an extension of the due date for the payment of the principal of or the interest on any Bond, or reduction in the principal amount of any Bond or the redemption premium or the rate of interest thereon

without the consent of the holder of such Bond, or (ii) a preference or priority of any Bond or Parity Indebtedness over any other Bond or Parity Indebtedness, or a reduction in the aggregate principal amount of outstanding Bonds and Parity Indebtedness the consent of the holders of which is required for any Supplemental Agreement. Nothing herein contained, however, shall be construed as making necessary the approval by Bondholders or owners of Parity Indebtedness of the execution of any Supplemental Agreement authorized by Section 1101 of the Prior Trust Agreement; and

WHEREAS, pursuant to Section 1102(c) of the Prior Trust Agreement, if the owners of not less than a majority of the Bonds and Parity Indebtedness outstanding at the time of the execution of any Supplemental Agreement shall have consented to the execution thereof as herein provided, no owner of any Bond or Parity Indebtedness shall have any right to object to the execution of such Supplemental Agreement, or to object to any of the terms and provisions contained therein or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the Authority from executing the same or from taking any action pursuant to the provisions thereof; and upon the execution of any Supplemental Agreement pursuant to such provisions, the Prior Trust Agreement shall be and be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under the Prior Trust Agreement of the Authority, the Trustee and all owners of Bonds and Parity Indebtedness then outstanding shall thereafter be determined, exercised and enforced in all respects under the provisions of the Prior Trust Agreement as so modified and amended; and

WHEREAS, the Authority and the Trustee are entering into this Trust Agreement with consent of not less than a majority of the Bonds for the purposes of (1) issuing the Authority's revenue bonds in the aggregate principal amount of \$300,000,000 designated the "Transportation Facilities Projects Revenue Bonds, Series 2007," dated as of September 20, 2007 (the "**Series 2007 Bonds**") to provide funds, with other available funds, to pay all or a portion of the costs of certain additional Transportation Facilities Projects (the "**2007 Projects**"), to fund the 2007 Reserve Subaccount and to pay certain costs of issuance, and (2) amending, supplementing and restating in its entirety the Prior Trust Agreement; and

WHEREAS, by resolutions adopted by the Authority on April 25, 2007, July 25, 2007, August 29, 2007 and September 12, 2007, the Authority has authorized the issuance of the Series 2007 Bonds; and

WHEREAS, the Series 2007 Bonds shall be limited obligations of the Authority payable solely from the Revenues, to which neither the State, nor the Department of Transportation (the "**Department**"), nor any political subdivision of the State, nor the Authority shall be obligated to pay the principal or the interest thereon except from the Revenues (defined herein) and from other sources as provided herein; and neither the faith and credit nor the taxing power of the State, the Department, any political subdivision of the State or the Authority is pledged to the payment of the Series 2007 Bonds or the interest thereon; and the issuance of the Bonds shall not directly or indirectly or contingently obligate the State, the Department, the Authority or any political subdivision of the State to

levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment. The Authority and the Department have no taxing powers; and

WHEREAS, All Bonds issued from time to time under this Trust Agreement will be equally and ratably secured to the extent provided herein by a pledge and assignment of the Trust Estate (defined herein); and

WHEREAS, all things necessary to make the Series 2007 Bonds, when authenticated by the Registrar and issued in accordance with this Trust Agreement, the legal, valid and binding obligations of the Authority according to the import thereof, and to constitute this Trust Agreement a valid assignment and pledge of the Revenues, have been done and performed, and the creation, execution and delivery of this Trust Agreement, and the creation, execution and issuance of the Series 2007 Bonds, subject to the terms hereof, have in all respects been duly authorized.

(ii) The Authority may make payment of any Defaulted Interest on the Bonds in any other lawful manner not inconsistent with the requirements of any securities exchange on which such Bonds may be listed and upon such notice as may be required by such exchange, if, after notice given by the Authority to the Trustee and the Bond Registrar of the proposed payment pursuant to this paragraph, such payment shall be deemed practicable by the Trustee.

(v) an opinion of the Attorney General of Maryland or of the Assistant Attorney General and Principal Counsel to the Authority to the effect that the issuance of such Bonds has been duly authorized and that all conditions precedent to the delivery of such Bonds have been fulfilled.

Notwithstanding the foregoing, in the case of Bonds issued for the purpose of providing funds, with any other available funds, for redeeming prior to their maturity or maturities, including the payment of any redemption premium thereon, or for paying at their maturity or maturities, all or any part of the outstanding Bonds of any Series or any Parity Indebtedness and, if deemed necessary by the Authority, for paying the interest to accrue thereon to the date fixed for their redemption or payment and any expenses in connection with such refunding, the certificate required by clause (iv) above need not be provided if, in lieu thereof, there is delivered to the Trustee a certificate, signed by an Authority Representative, setting forth the respective amounts of the Debt Service Requirements for each Bond Year thereafter on account of all outstanding Bonds and Parity Indebtedness and the Bonds then requested to be authenticated and delivered and stating that the maximum amount of the Debt Service Requirements for any Bond Year thereafter during which any of the Bonds not so refunded are outstanding on account of all Bonds and Parity Indebtedness to be outstanding after the issuance of such Bonds, including the Bonds then to be delivered, shall not exceed the maximum amount of the Debt Service Requirements for any Bond Year thereafter on account of the outstanding Bonds and Parity Indebtedness immediately prior to the issuance of such Bonds, including the Bonds or Parity Indebtedness to be redeemed or paid.

(c) Determination of Debt Service Requirements and Principal and Interest Requirements.

For all purposes of this Trust Agreement, in the case of the following described Indebtedness, the Debt Service Requirements and the Principal and Interest Requirements shall be determined as hereinafter indicated:

(i) Balloon Indebtedness. In the case of any Indebtedness constituting Balloon Indebtedness or Balloon Indebtedness and Variable Rate Indebtedness, the Debt Service Requirements and the Principal Interest Requirements of such Indebtedness shall be determined as if it were to be amortized in substantially equal annual installments of principal and interest over a term equal to the lesser of (A) 25 years and (B) the weighted average estimated useful life of the facilities comprising the portion of the Transportation Facilities Project or Improvement financed or to be financed from the proceeds of such Indebtedness, the fixed interest rate used for such computation being the rate at which it is assumed that the Authority could reasonably expect to borrow or to have borrowed by issuing such Indebtedness with such term and level Debt Service Requirements for each Bond Year, such reasonable expectations being established by a certificate of an Authority Representative and a letter of a banking or investment banking or financial advisory institution knowledgeable in financial matters relating to the Authority, confirming the interest rate assumption as reasonable.

(ii) Optional Tender Indebtedness. In the case of any Indebtedness constituting Optional Tender Indebtedness, (A) the option of the owners of such Indebtedness to tender the same for payment prior to the stated maturity or maturities thereof shall be ignored and (B) if such Indebtedness also constitutes Variable Rate Indebtedness or Variable Rate Indebtedness and Balloon Indebtedness, the Debt Service Requirements and

the Principal and Interest Requirements shall be determined as provided in clause (iii) below.

(iii) Variable Rate Indebtedness. In the case of any Indebtedness constituting Variable Rate Indebtedness, except as provided in clause (i) above and except for the purpose of determining any Reserve Subaccount Requirement, the Debt Service Requirements and the Principal and Interest Requirements of such Indebtedness shall be determined as if such Indebtedness bore interest at an annual rate equal to (A) in the case of any period during which such Indebtedness shall have been outstanding, the weighted average interest rate per annum borne by such Indebtedness during such period and (B) in any other case, the higher of (1) the weighted average interest rate per annum borne by such Indebtedness during the 12-month period ending on the date of calculation (or, in the case of any Indebtedness to be issued or issued during the immediately preceding 12-month period, the weighted average interest rate per annum borne by other outstanding Indebtedness having comparable terms and issued by, or secured by agreements issued by, entities of comparable creditworthiness as the obligors with respect to such Indebtedness during the immediately preceding 12-month period), and (2) the interest rate per annum borne by such Indebtedness on the date of calculation. The conversion of Bonds constituting Variable Rate Indebtedness to bear interest at a fixed rate or of Bonds bearing interest at a fixed rate to a variable rate in accordance with their terms shall not constitute a new issuance of Bonds under this Section.

(iv) Qualified Swaps. In the case of a Qualified Swap and any Indebtedness in respect of which the Authority has entered into a Qualified Swap, amounts payable under a Qualified Swap, including (without limitation) any amounts payable upon any termination of a Qualified Swap or other fees, expenses, indemnification or other obligations to a counterparty to a Qualified Swap, shall not be included within the Debt Service Requirements except as provided in clauses (A), (B) and (C) below and the Debt Service Requirements of such Indebtedness shall be:

- (A) the fixed rate or rates payable under the Qualified Swap if the Authority has entered into what is generally referred to as a “floating-to-fixed” Qualified Swap (where the Authority pays a fixed rate and receives a floating rate); or
- (B) the lower of (i) the Estimated Average Interest Rate and (ii) the effective capped rate of any Obligation or Parity Debt if the Authority has entered into a Qualified Swap that is generally referred to as an “interest rate cap” (where the Authority receives a payment if a variable rate exceeds a certain amount); or
- (C) the Estimated Average Interest Rate of the Qualified Swap if the Authority has entered into either what is generally referred to as a “fixed-to-floating” Qualified Swap (where the Authority pays a variable rate and receives a fixed rate) or a

“floating-to-floating” Qualified Swap (where the Authority pays a variable rate and receives a different variable rate).

(d) Bonds and Parity Indebtedness Equally and Ratably Secured.

Except as to any Credit Facility or insurance policy securing the Bonds of any Series or any Parity Indebtedness, any differences in the rate or rates of interest, the maturities or the provisions for redemption or purchase and such differences, if any, respecting the use of moneys in various subaccounts in the Debt Retirement Account and any accounts and subaccounts created for any particular Bonds or Parity Indebtedness, the outstanding Bonds and Parity Indebtedness shall be equally and ratably secured by and shall be entitled to the same benefit and security of this Trust Agreement as the Series 1992 Bonds, the Series 2004 Bonds, the Series 2007 Bonds and any other outstanding Bonds and Parity Indebtedness theretofore and thereafter issued under this Trust Agreement.

Section 2.05. Execution and Authentication.

Unless otherwise provided in a Supplemental Agreement, the Bonds shall bear the manual or facsimile signatures of the Chairman of the Authority and the Secretary or an Assistant Secretary or a Deputy Secretary of the Authority, but it shall not be necessary that the same officer sign all of the Bonds that may be issued hereunder at any one time, and a facsimile of the official seal of the Authority shall be imprinted on the Bonds.

In case any officer whose signature or a facsimile of whose signature shall appear on any Bonds shall cease to be such officer before the delivery of such Bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery, and any Bond may bear the facsimile signature of or may be signed by such persons as at the actual time of the execution of such Bond shall be the proper officers to sign such Bond although at the date of such Bond such persons may not have been such officers.

Only such of the Bonds as shall have endorsed thereon a certificate of authentication duly executed by the Bond Registrar, shall be entitled to any benefit or security under this Trust Agreement. No Bond shall be valid or obligatory for any purpose unless and until such certificate of authentication shall have been duly executed by the Bond Registrar, and such certificate of the Bond Registrar upon any Bond shall be conclusive evidence that such Bond has been duly authenticated and delivered under this Trust Agreement. The Bond Registrar’s certificate of authentication on any Bond shall be deemed to have been duly executed if signed by an authorized officer of the Bond Registrar, but it shall not be necessary that the same officer sign the certificate of authentication on all of the bonds that may be issued hereunder at any one time.

Section 2.06. Registration and Exchange of Bonds.

The Bonds shall be negotiable instruments for all purposes and shall be transferable by delivery, subject only to the provisions for registration and registration of transfer endorsed on the Bonds.

The Authority shall cause books for registration and the registration of transfer of Bonds to be prepared. The registration books shall be kept by the Bond Registrar.

If any Bond is surrendered to the Bond Registrar at its Designated Office for transfer or exchange in accordance with the provisions of such Bond, the Authority shall execute and the Bond Registrar shall authenticate and deliver in exchange for such Bond a new Bond or Bonds of the same Series, in any Authorized Denomination, bearing interest at the same rate and having the same stated maturity date, in aggregate principal amount equal to the principal amount of the Bond so surrendered, upon reimbursement to the Authority or the Bond Registrar of an amount equal to any tax or other governmental charge required to be paid with respect to such exchange.

Except as may otherwise provided in a Supplemental Agreement, neither the Authority nor the Bond Registrar shall be required to register the transfer of any Bond or make any such exchange of any Bond (other than the transfer of any Bond to any Credit Bank), (a) during the 15 days preceding the date of mailing of any notice of redemption or purchase or (b) at any time after a notice of the redemption or purchase of such Bond or any portion thereof has been mailed.

Section 2.07. Temporary Bonds.

Until definitive Bonds are ready for delivery, there may be executed, and upon request of the Authority the Bond Registrar shall authenticate and deliver, in lieu of definitive Bonds and subject to the same limitations and conditions, temporary printed, engraved, typewritten or lithographed Bonds, in the form of fully registered Bonds without coupons substantially of the tenor hereinabove set forth and with such appropriate omissions, insertions and variations as may be required.

Until definitive Bonds are ready for delivery, any temporary Bond may, if so provided by the Authority by resolution, be exchanged at the Designated Office of the Bond Registrar, without charge to the owner thereof, for an equal aggregate principal amount of temporary, fully registered Bonds of authorized denominations, of like tenor, of the same Series and maturity and bearing interest at the same rate.

If temporary Bonds shall be issued, the Authority shall cause the definitive Bonds to be prepared and to be executed and delivered to the Bond Registrar, and the Bond Registrar, upon presentation to it at its Designated Office of any temporary Bond shall cancel the same and authenticate and deliver in exchange therefor at the place designated by the owner, without charge to the owner, a definitive Bond or Bonds of an equal aggregate principal amount, of authorized denominations of the same Series and maturity and bearing interest at

the same rate as the temporary Bond surrendered. Until so exchanged the temporary Bonds shall in all respects be entitled to the same benefit and security of this Trust Agreement as the definitive Bonds to be issued and authenticated hereunder.

Section 2.08. Bonds Mutilated, Destroyed, Lost or Stolen.

If any temporary or definitive Bond shall become mutilated or be destroyed, lost or stolen, the Authority in its discretion may execute, and upon its request the Registrar and Paying Agent shall authenticate and deliver, a new Bond in exchange for the mutilated Bond, or in lieu of and substitution for the Bond so destroyed, lost or stolen. In every case of exchange or substitution, the applicant shall furnish to the Authority and to the Registrar and Paying Agent (i) evidence to their satisfaction of the mutilation, destruction, loss or theft of the applicant's Bond and of the ownership thereof and (ii) in the case of any destroyed, lost or stolen Bond, such security or indemnity as may be required by them to save each of them harmless from all risks, however remote. Upon the issuance of any Bond upon such exchange or substitution, the Authority may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expenses, including (without limitation) counsel fees, of the Authority, the Trustee or the Registrar and Paying Agent.

If any Bond that has matured or is about to mature shall become mutilated or be destroyed, lost or stolen, instead of issuing a Bond in exchange or substitution therefor, the Authority may pay or authorize the payment of such Bond (without surrender thereof except in the case of a mutilated Bond) if the applicant for such payment shall furnish to the Authority and the Registrar and Paying Agent evidence to the satisfaction of the Authority and the Registrar and Paying Agent of the mutilation, destruction, loss or theft of such Bond and of the ownership thereof and, in the case of any destroyed, lost or stolen Bond, such security or indemnity as they may require to save them harmless.

Every Bond issued pursuant to the provisions of this Section in exchange or substitution for any Bond that is mutilated, destroyed, lost or stolen shall constitute an additional contractual obligation of the Authority, whether or not the destroyed, lost or stolen Bond shall be found at any time, or be enforceable by anyone, and shall be entitled to all the benefits hereof equally and proportionately with any and all other Bonds duly issued under this Trust Agreement. All Bonds shall be held and owned upon the express condition that the foregoing provisions are exclusive with respect to the replacement or payment of mutilated, destroyed, lost or stolen Bonds, and shall preclude any and all other rights or remedies, notwithstanding any law or statute existing or hereafter enacted to the contrary with respect to the replacement or payment of negotiable instruments or other securities without their surrender.

Section 2.09. Cancellation and Disposition of Bonds.

All mutilated Bonds, all Bonds surrendered for exchange or transfer, all Bonds that have been paid at maturity or upon prior redemption and all Bonds surrendered to the Trustee or the Registrar and Paying Agent for cancellation or purchased by the Trustee with

amounts on deposit in any Bond Fund or Redemption Fund shall be cancelled by the Trustee or the Registrar and Paying Agent (as the case may be) and disposed of in accordance with the procedures of the Trustee or the Registrar and Paying Agent (as the case may be) for the disposition of cancelled securities in effect as of the date of such disposition. The Trustee or the Registrar and Paying Agent (as the case may be) shall deliver to the Authority a certificate of any such disposition of any Bond, identifying the Bond so cancelled and disposed of.

Section 2.10. Book-Entry System.

The provisions of this Section shall apply to the Bonds of each Series so long as such Bonds shall be maintained under a book-entry system with a Securities Depository, any other provisions of this Trust Agreement to the contrary notwithstanding.

(a) Payments Due on Bonds. The principal or Redemption Price of and interest on, and the purchase price of, the Bonds shall be payable to the Securities Depository, or registered assigns, as the registered owner of the Bonds, in same day funds on each date on which the principal or Redemption Price of or interest on, or the purchase price of, the Bonds is due as set forth in this Trust Agreement and in the Bonds. Such payments shall be made to the offices of the Securities Depository specified by the Securities Depository to the Authority and the Trustee in writing. Without notice to or the consent of the beneficial owners of the Bonds, the Authority and the Securities Depository may agree to make payments of principal and interest in a manner different from that set out herein. In such event, the Authority shall give the Trustee Notice thereof, and the Trustee shall make payments with respect to the Bonds in the manner specified in such notice as if set forth herein. Neither the Authority nor the Trustee shall have any obligation with respect to the transfer or crediting of the appropriate payments to Participants or the beneficial owners of the Bonds or their nominees.

(b) Redemption of Bonds. In the event that part but not all of any outstanding Bond is to be retired (by redemption, by purchase following any tender offer or otherwise), the Securities Depository, in its discretion (i) may request the Trustee to authenticate and deliver a new Bond in accordance with Section 3.06 upon presentation and surrender of such Bond to the Trustee or (ii) shall make appropriate notation on such Bond indicating the date and amount of each principal payment, *provided* that payment of the final principal amount of any Bond shall be made only upon presentation and surrender of such Bond to the Paying Agent.

(c) Securities Depository Deemed Owner. So long as the Securities Depository or its nominee is the registered owner of the Bonds, the Authority and the Trustee will recognize the Securities Depository or its nominee, respectively, as the holder of all of the Bonds for all purposes, including the payment of the principal or Redemption Price of and interest on, and the purchase price of, the Bonds, as well as the giving of notices and any consent or direction required or permitted to be given to, or on behalf of, the holders of the Bonds under this Trust Agreement.

(d) Replacement of Securities Depository or Discontinuance of Book-Entry System. The Authority, in its discretion, at any time may replace any Securities Depository as the depository for the Bonds with another qualified securities depository or discontinue the maintenance of the Bonds under a book-entry system upon 30 days' notice to the Securities Depository (or such fewer number of days as shall be acceptable to such Securities Depository).

(e) Issuance of Replacement Bonds upon Discontinuance of Book-Entry System. If the Authority discontinues the maintenance of the Bonds under a book-entry system, the Authority will issue certificated Bonds directly to the Participants or, to the extent requested by any Participant, to the beneficial owners of Bonds as further described in this Section. The Authority shall make provisions to notify Participants and the beneficial owners of the Bonds, by mailing an appropriate notice to the Securities Depository, or by other means deemed appropriate by the Authority in its discretion, that it will issue certificated Bonds directly to the Participants or, to the extent requested by any Participant, to beneficial owners of Bonds as of a date set forth in such notice, which shall be a date at least 10 days after the date of mailing of such notice (or such fewer number of days as shall be acceptable to the Securities Depository).

In the event that certificated Bonds are to be issued to Participants or to beneficial owners of the Bonds, the Authority shall promptly have prepared Bonds of the same Series and maturities and bearing interest at the same rates registered in the names of the Participants as shown on the records of the Securities Depository provided to the Registrar and Paying Agent or, to the extent requested by any Participant, in the names of the beneficial owners of such Bonds shown on the records of such Participant provided to the Registrar and Paying Agent as of the date set forth in the notice delivered in accordance with this Section. The Authority, the Trustee and the Registrar and Paying Agent shall be entitled to rely conclusively on the records of the Securities Depository or any Participant as to the identity of Participants or beneficial owners of the Bonds for all purposes, including registration of certificated Bonds delivered pursuant to this Section.

(f) Issuance of Replacement Bonds upon Appointment of Replacement Depository. If the Authority replaces any Securities Depository as the depository for the Bonds of any Series with another qualified Securities Depository, the Authority will issue to the replacement Securities Depository Bonds of the same Series and maturities and bearing interest at the same rates registered in the name of such replacement Securities Depository.

(g) No Liability of Authority or Trustee. Each Securities Depository and the Participants and the beneficial owners of the Bonds, by their acceptance of the Bonds, agree that the Authority and the Trustee shall have no liability for the failure of any Securities Depository to perform its obligations to any Participant or any beneficial owner of any Bonds, nor shall the Authority or the Trustee be liable for the failure of any Participant or other nominee of any beneficial owner of any Bonds to perform any obligation that such Participant or other nominee may incur to any beneficial owner of the Bonds.

Section 2.11. Ownership of Bond.

The Authority, the Trustee, the Bond Registrar and the Paying Agents may deem and treat the person in whose name any Bond is registered on the books of the Authority kept by the Bond Registrar as the absolute owner of such Bond for the purpose of receiving payment of principal of and premium, if any, and interest on, and the Purchase Price of, such Bond and for all other purposes whatsoever, whether or not such Bond be overdue and, to the extent permitted by law, neither the Authority, the Trustee, the Bond Registrar nor the Paying Agents shall be affected by any notice to the contrary.

Section 3.03. Selection of Bonds to Be Redeemed or Purchased.

The Bonds shall be redeemed or purchased only in the minimum Authorized Denomination authorized by this Trust Agreement or the applicable Supplemental Agreement (as the case may be) or in whole multiples of such minimum Authorized Denomination. In selecting Bonds for redemption or purchase, the Authority shall treat each Bond as representing the number of Bonds that is obtained by dividing the principal amount of such Bond by the minimum Authorized Denomination authorized by this Trust Agreement or the applicable Supplemental Agreement (as the case may be). If less than all of the Bonds shall be called for redemption or purchase, the particular Series and maturities of the Bonds to be redeemed or purchased shall be selected by the Authority.

If fewer than all of the Bonds of a Series of any one maturity shall be called for redemption or purchase, the Bond Registrar shall select the particular Bonds or portions of Bonds to be redeemed or purchased from such maturity by lot or in such other manner as the Bond Registrar in its discretion may deem proper, provided that (a) the portion of any Bond

remaining outstanding after any such redemption or purchase shall be in a principal amount equal to an Authorized Denomination for such Bond and (b) in selecting Bonds for redemption or purchase, the Bond Registrar shall treat each Bond as representing that number of Bonds that is obtained by dividing the principal amount of such Bond by the minimum Authorized Denomination for such Bond.

Section 3.04. Notice of Redemption or Purchase.

Except as otherwise provided in a Supplemental Agreement, at least 30 days before the redemption date of any Bonds, whether such redemption be as a whole or in part, the Authority shall cause a notice of any such redemption to be mailed to all owners of Bonds to be redeemed, but any defect in such notice or the failure so to mail any such notice shall not affect the validity of the proceedings for the redemption of any Bonds. Each such notice shall set forth the Bonds or portions thereof to be redeemed, the date fixed for redemption, the Redemption Price to be paid, the Series, and if less than the Bonds of a Series shall be called for redemption, the maturities of the Bonds to be redeemed and, if less than all of the Bonds of any one maturity then outstanding shall be called for redemption, the distinctive numbers and letters, if any, of such Bonds to be redeemed and, in the case of Bonds to be redeemed in part only, the portion of the principal amount thereof to be redeemed and any conditions to such redemption. If any Bond is to be redeemed in part only, the notice of redemption shall state also that on or after the redemption date, upon surrender of such Bond, a new Bond in principal amount equal to the unredeemed portion of such Bond and of the same Series and maturity will be issued.

Notice of any purchase of Bonds shall be provided in accordance with the requirements of the related Supplemental Agreement.

Any notice of the redemption or purchase of any Bonds given hereunder may be conditioned upon the receipt of funds to pay the Redemption Price or Purchase Price (as the case may be) of such Bonds or other circumstance.

Each notice of redemption or purchase with respect to any Bond shall comply with any regulation or release of the Securities Exchange Commission, the Municipal Securities Rulemaking Board or other governmental authority or body from time to time applicable to such Bond. The CUSIP numbers in such notices are provided solely for the convenience of the holders of the Bonds, and the Authority, the Trustee and the Bond Registrar shall not be liable for any damage or loss arising from incorrect, incomplete or missing CUSIP numbers.

Notwithstanding the giving of any notice of redemption or purchase as provided in this Section, if on any date fixed for the redemption or purchase of any Bonds (other than any redemption from the Sinking Fund Installments) there shall not be on deposit with the Trustee or the Paying Agent sufficient funds for the payment of the Redemption Price or purchase price of such Bonds, such redemption or purchase shall be cancelled and the notice thereof rescinded, and the Trustee immediately shall give notice thereof to the holders of all of the Bonds so called for redemption or purchase.

Section 3.05. Effect of Calling for Redemption of Bond.

On the date fixed for redemption, any conditions to such redemption having been satisfied, the Bonds or portions thereof called for redemption shall be due and payable at the Redemption Price provided therefor, plus accrued interest to such date. If money or Government Obligations, or a combination of both, sufficient to pay the Redemption Price of the Bonds to be redeemed, plus accrued interest thereon to the date fixed for redemption, are held by the Trustee in trust for the holders of Bonds to be redeemed, interest on the Bonds called for redemption shall cease to accrue after the date fixed for redemption; such Bonds shall cease to be entitled to any benefits or security under this Trust Agreement or to be deemed outstanding; and the holders of such Bonds shall have no rights in respect thereof except to receive payment of the Redemption Price thereof, plus accrued interest to the date of redemption. Bonds and portions of Bonds for which irrevocable instructions to pay or to call for redemption on one or more specified dates have been given to the Trustee in form satisfactory to it shall not thereafter be deemed to be outstanding under this Trust Agreement and shall cease to be entitled to the security of or any rights under this Trust Agreement, other than rights to receive payment of the Redemption Price thereof and accrued interest thereon, to be given notice of redemption in the manner provided in Section 3.04, and, to the extent hereinafter provided, to receive Bonds for any unredeemed portions of Bonds.

Section 3.06. Redemption or Purchase of Portion of Bond.

If a portion of an outstanding Bond shall be selected for redemption or purchase, the holder thereof or his attorney or legal representative shall present and surrender such Bond to the Trustee for payment of the Redemption Price or Purchase Price (as the case may be) on the redeemed or purchased portion of such outstanding Bond, and the Authority shall execute and the Trustee shall authenticate and deliver to or upon the order of such registered owner or his attorney or legal representative, without charge therefor, for the unredeemed or unpurchased portion of such Bond so surrendered, a Bond of the same Series and maturity and bearing interest at the same rate.

Section 3.07. Use of Government Obligations to Redeem Bonds.

For purposes of all Sections in this Article, Government Obligations shall be deemed to be sufficient to pay or redeem Bonds on a specified date if the principal of and the interest on such Government Obligations, when due, will be sufficient to pay on such date the Redemption Price of, and the interest accruing on, such Bonds to such date.

Section 3.08. Redemption and Purchase of Additional Bonds.

The provisions of this Article are subject in all respects to the provisions of any Supplemental Agreement authorizing any Additional Bonds with respect to the Additional Bonds authorized thereby.

**ARTICLE IV
REVENUES AND FUNDS**

Section 4.01. Creation of Funds and Accounts.

(a) Except as otherwise provided in any Supplemental Agreement authorizing the issuance of any Additional Bonds in accordance with Section 2.04, the following funds and separate accounts within the funds are hereby created for all Bonds Outstanding under this Trust Agreement and shall be held and maintained as set forth under this Trust Agreement:

Transportation Facilities Projects Fund;
 Capital Account
 Debt Retirement Account
 General Account
 Junior Obligations Account
 Maintenance and Operations Reserve Account
 Operating Account; and
Rebate Fund.

The Capital Account, the General Account, the Junior Obligations Account, the Maintenance and Operations Reserve Account and the Operating Account of the Transportation Facilities Projects Fund shall be held by the Authority in trust. The Debt Retirement Account of the Transportation Facilities Projects Fund shall be held by the Trustee in trust. Pending the application of amounts on deposit in the funds and accounts created hereby in accordance with this Trust Agreement, such amounts are hereby pledged to the payment of all Outstanding Bonds, except as otherwise provided in any Supplemental Agreement authorizing the issuance of any Additional Bonds in accordance with Section 2.04. The Rebate Fund shall be held by the Trustee and is not pledged to the payment of any Bonds.

(b) The Trustee shall create within the Debt Retirement Account of the Transportation Facilities Projects Fund created by the first paragraph of this Section a separate 1992 Reserve Subaccount, 2004 Reserve Subaccount and 2007 Reserve Subaccount and shall segregate the funds and investment earnings thereon from the funds and investment earnings for all other Reserve Subaccounts within the Debt Retirement Account. The amount on deposit in the 1992 Reserve Subaccount, the 2004 Reserve Subaccount and the 2007 Reserve Subaccount shall be held in trust by the Trustee only for the benefit of the holders of the Series 1992 Bonds, the Series 2004 Bonds and the Series 2007 Bonds, respectively, and shall not be available to satisfy the claims of holders of any other Bonds issued under this Trust Agreement. The Trustee shall create within the Capital Account of the Transportation Facilities Projects Fund created by the first paragraph of this Section a separate 2007 Bond Proceeds Subaccount.

(c) As provided in Section 2.04, any Supplemental Agreement authorizing the issuance of any Additional Bonds may provide for the creation of separate funds and

accounts for such Bonds. When any provision of this Trust Agreement requires that any amount be deposited in a fund or account maintained for the Bonds of any Series, such amount shall be deposited in the fund or account established for such Series of Bonds. Notwithstanding any other provision of this Trust Agreement, amounts from time to time on deposit in the funds and accounts maintained for the Bonds of any Series shall secure only the Bonds of such Series.

(d) For the purposes of internal accounting, any fund or account created by this Trust Agreement and any Supplemental Agreement may contain one or more accounts or sub-accounts, as shall be deemed appropriate by the Authority.

Section 4.02. Disposition of Proceeds of Bonds.

(a) **Series 2007 Bonds.** The proceeds of the Series 2007 Bonds shall be received by the Trustee on behalf of the Authority. Upon receipt of the proceeds of the Series 2007 Bonds in the amount of \$300,905,071.60, the Authority hereby directs the Trustee to deposit \$10,212,834.44 of such proceeds in Bond Service Subaccount of the Debt Retirement Account to pay a portion of the interest accruing on the Series 2007 Bonds from the date of their issuance to July 1, 2011 and the balance of such proceeds in the amount of \$290,692,237.16 in the 2007 Bond Proceeds Subaccount of the Capital Account to pay the costs of the 2007 Projects and to pay the issuance costs of the Series 2007 Bonds.

(b) **Additional Bonds.** Except as may otherwise be provided in a Supplemental Agreement authorizing the issuance of a Series of Additional Bonds, the proceeds of each Series of Additional Bonds shall be applied as follows:

(1) The proceeds (excluding accrued interest) of any Additional Bonds shall be transferred by the Trustee to the Depository designated by the Authority for deposit to the credit of the Capital Account or applied in accordance with the further provisions of this Section; *provided*, however, that if such Bonds are to be secured by a Reserve Subaccount, the Trustee shall deduct from such proceeds and deposit to the credit of such Reserve Subaccount in the Debt Retirement Account such amount, if any, as may be required to make the amount then to the credit of such Reserve Subaccount equal to the Reserve Subaccount Requirement; and *provided*, further, that the Trustee shall deduct from such proceeds and deposit to the credit of the Bond Service Subaccount in the Debt Retirement Account or transfer to the Depository designated by the Authority for deposit to a special subaccount in the Capital Account such amount of interest during construction as is set forth in the resolution of the Authority authorizing the issuance of such Bonds.

(2) Simultaneously with the delivery of any Additional Bonds issued to refund any outstanding Indebtedness, the Trustee shall withdraw from the Bond Service Subaccount in the Debt Retirement Account, such amount, if any, as may have been deposited to the credit of the Bond Service Subaccount from revenues in the Operating Account for the payment of principal of or interest on the Indebtedness to be redeemed or paid. The amounts so withdrawn, the proceeds (excluding accrued interest but including any premium) of such Bonds and any other moneys (including any excess moneys to the credit

of the Reserve Subaccount in the Debt Retirement Account) that have been made available to the Trustee for such purpose, shall be held by the Trustee or an escrow deposit agent designated by the Authority or an escrow deposit agent designated by the Authority in trust for the sole and exclusive purpose of paying the principal of, the redemption premium, if any, on and the interest that will become due and payable on or prior to the date of redemption or payment on the Indebtedness to be redeemed, prepaid or paid.

(3) All expenses in connection with the issuance of any Additional Bonds may be paid from the Operating Account, the General Account or the proceeds of such Additional Bonds.

(4) The amount, if any, received as accrued interest on any Additional Bonds shall be deposited with the Trustee to the credit of the Bond Service Subaccount in the Debt Retirement Account.

Section 4.03. Items of Cost.

For the purposes of this Trust Agreement the Cost of Transportation Facilities Projects and Improvements shall include the cost of constructing or acquiring the same, and, without intending thereby to limit or restrict any proper definition of such Cost under the provisions of the Enabling Legislation, shall include the following:

(a) obligations incurred for labor and materials and to contractors, builders and materialmen, for machinery and equipment, for the restoration or relocation of property damaged or destroyed in connection with such construction, for the removal or relocation of structures, for the clearing of lands and for the relocation of utilities;

(b) the cost of acquiring by purchase, if such purchase shall be deemed expedient, and the amount of any deposit in court or award or final judgment in or any settlement or compromise of any proceeding to acquire by eminent domain, such lands, property, rights, rights of way, easements, franchises and other interests as may be deemed necessary or convenient by the Authority, options and partial payments thereon, the cost of demolishing or removing any buildings or structures on land so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved, and the amount of any damages incident to or consequent upon the construction and operation of Transportation Facilities Projects and Improvements;

(c) interest on any Bonds issued to finance the construction of Transportation Facilities Projects and Improvements prior to the commencement of and during the construction of such Transportation Facilities Projects or Improvements and after the completion of their construction, amounts needed to establish reserves and the reasonable fees of the Trustee, the Bond Registrar and the Paying Agents for the payment of such interest;

(d) the fees and expenses of the Trustee, the Bond Registrar, Paying Agents, indexing agents, remarketing agents and other fiscal agents for their services prior to and during construction, taxes or other municipal or governmental charges lawfully levied or assessed during construction, fees of Credit Banks and Insurers during construction and premiums on insurance (if any) during construction;

(e) the cost of borings and other preliminary investigations to determine foundation or other conditions, expenses necessary or incident to determining the feasibility or practicability of constructing Transportation Facilities Projects and Improvements, and fees and expenses of engineers for making studies, surveys and estimates of costs and of revenues and other estimates and for preparing plans and specifications and supervising construction, as well as for the performance of all other duties of engineers;

(f) expenses of administration properly chargeable to Transportation Facilities Projects and Improvements, legal expenses and fees, financing charges, cost of audits and of preparing and issuing the Bonds, and all other items of expense not elsewhere in this Section specified incident to the construction and equipment of Transportation Facilities Projects and Improvements, the financing thereof, the placing of the same in operation (including the initial premiums on any insurance required or obtained under the provisions of this Trust Agreement), and the acquisition of lands, property, rights, rights of way, easements, franchises and interests therefor, including abstracts of title, title insurance, cost of surveys and other expenses in connection with such acquisition; and

(g) any obligation or expense heretofore or hereafter incurred by the Department in connection with Transportation Facilities Projects and Improvements with the approval of the Authority or by the Authority for any of the foregoing purposes.

Section 4.04. Capital Account

(a) A special fund is hereby created within the Transportation Facilities Projects Fund and designated "Maryland Transportation Authority Transportation Facilities Projects Fund Capital Account" (the "Capital Account"), to the credit of which such deposits shall be made as are required by the provisions of Sections 4.02, 6.06(b) and 6.12.

(b) Except as otherwise provide in paragraph (c), the moneys in the Capital Account shall be held by the Authority in trust and shall be applied to the payment of the Cost of Transportation Facilities Projects and Improvements or of the repair, replacement or reconstruction of any damaged or destroyed Transportation Facilities Project or shall be paid to the Trustee and applied to the retirement of Bonds and, pending such application, the proceeds of Bonds and Junior Obligations issued for the purpose of paying all or any part of the cost of any additional Transportation Facilities Project or any Improvements shall be subject to a lien and charge in favor of the owners of the outstanding Bonds and for the further security of such owners until disbursed.

(c) Except for the proceeds of any Series of Bonds, Parity Indebtedness or Junior Obligations, the Authority may from time to time transfer any moneys from the Capital Account to the Operating Account or such other account as the Authority may determine by providing written directions to the Trustee stating that the amount so to be transferred is not required for the purposes set forth in this Section.

(d) Payments and transfers from the Capital Account shall be made by the Authority in accordance with the provisions of this Section, and the Authority covenants that it will not pay or cause or agree to permit to be paid from the Capital Account any amount except in accordance with such provisions. Payments and transfers from the Capital Account shall be made by an appropriate officer or employee of the Authority in accordance with the procedures established from time to time by the Authority. All such written requests and any other written orders, statements, certificates and approvals required by this Section or by resolution of the Authority in accordance herewith may be conclusively relied upon by such officer or employee and shall be retained by such officer or employee, subject at all reasonable times to inspection by the Trustee.

Section 4.05. Operating Account.

A special account is hereby created in the Transportation Facilities Projects Fund and designated “Maryland Transportation Authority Transportation Facilities Projects Fund Operating Account” (the “Operating Account”). The Authority covenants that all revenues will be collected by the Authority and deposited promptly as earned to the credit of the Operating Account. The Operating Account may include one or more subaccounts as the Authority shall determine from time to time.

The moneys in the Operating Account shall be held by the Authority in trust and applied as hereinafter provided and, pending such application, such moneys shall be subject to a lien and charge in favor of the owners of the outstanding Bonds and Parity Indebtedness.

Payments from the Operating Account, except the withdrawals the Authority is required to make as provided in Section 4.06, shall be made by an appropriate officer or employee of the Authority in accordance with the procedures established from time to time by resolution of the Authority, and amounts so withdrawn shall be applied to the payment of Current Expenses. The Authority covenants that the total amount of such payments will not be in excess of the unencumbered balance of the amounts provided for Current Expenses in the Annual Budget or any amendment thereof or supplement thereto.

Section 4.06. Debt Retirement Account; Additional Accounts.

(a) General.

A special account is hereby created in the Transportation Facilities Projects Fund and designated “Maryland Transportation Authority Transportation Facilities Projects Fund Revenue Bonds Interest and Debt Retirement Account” (the “Debt Retirement Account”). There are hereby created four separate subaccounts in the Debt Retirement Account

designated “Bond Service Subaccount”, “1992 Reserve Subaccount”, “2004 Reserve Subaccount and “2007 Reserve Subaccount,” respectively. Three additional special accounts are hereby created in the Transportation Facilities Projects Fund and designated “Maryland Transportation Authority Transportation Facilities Projects Fund Maintenance and Operations Reserve Account” (the “Maintenance and Operations Reserve Account”), “Maryland Transportation Authority Transportation Facilities Projects Fund Junior Obligations Account” (the “Junior Obligations Account”), and “Maryland Transportation Authority Transportation Facilities Projects Fund General Account” (the “General Account”).

The moneys in the Debt Retirement Account shall be held by the Trustee in trust, and the moneys in the Maintenance and Operations Reserve Account, the Junior Obligations Account and the General Account shall be held by the Authority in trust, and applied as hereinafter provided. The moneys in the Debt Retirement Account, pending such application, shall be subject to a lien and charge in favor of the owners of the outstanding Bonds and Parity Indebtedness and for the further security of such owners until paid out or transferred as herein provided. The Debt Retirement Account, the Maintenance and Operations Reserve Account, the Junior Obligations Account and the General Account may include one or more subaccounts as the Authority shall determine from time to time.

(b) Withdrawals and Transfers from Operating Account.

It shall be the duty of the Authority, on or before the 20th day of each month and on such other Deposit Days as may be required for Bonds of any one or more Series pursuant to a Supplemental Agreement to withdraw from the Operating Account an amount equal to the amount of all moneys held for the credit of the Operating Account on the last day of the preceding month less an amount (to be held as a reserve for Current Expenses) not in excess of 20% of the amount shown by the Annual Budget to be necessary for Current Expenses for the current fiscal year (any percentage less than 20% to be determined by the Authority by resolution from time to time filed with the Trustee) and set aside or pay to the Trustee the sum so withdrawn for deposit to the credit of the following accounts and subaccounts in the following order:

(i) pay to the Trustee for deposit to the credit of the Bond Service Subaccount:

(A) beginning on the Deposit Day of the month next succeeding the month in which the Closing shall occur, one-sixth (1/6) of the interest payable on the Bonds on the next Interest Payment Date:

(B) beginning on the twentieth (20th) day of July in the Bond Year next preceding the Bond Year on the first day of which any serial Bond matures, one-twelfth (1/12) of the principal of all serial Bonds due on the next ensuing July 1;

(C) beginning on the twentieth (20th) day of July in the Bond Year next preceding the Bond Year on the first day of which any Term Bond is scheduled to be called for mandatory sinking fund redemption or to mature, one-twelfth (1/12) of the amount required to retire the Term Bonds to be called by mandatory redemption or to be paid at maturity on the next ensuing July 1 in accordance with the Amortization Requirements therefor; and

(D) such amount of the Debt Service Requirements as the Authority determines is necessary to accrue in monthly installments and to assure the sufficiency of deposits to make timely payment of Parity Indebtedness; *provided*, however, that in making such payments, the Authority may take into account any accrued interest deposited from the proceeds of Bonds and any amounts specified in a certificate of an Authority Representative delivered to the Trustee prior to such Deposit Day as credited to a special subaccount in the Capital Account dedicated to pay interest on Bonds or Parity Indebtedness and anticipated to be available to pay interest on Bonds or Parity Indebtedness on the next Interest Payment Date;

(ii) deposit to the credit of the Maintenance and Operations Reserve Account, such amount, if any, of any balance remaining after making the payment under clause (i) above (or the entire balance if less than the required amount) as may be required to make the amount deposited in such month to the credit of the Maintenance and Operations Reserve Account equal to the amount set forth in the Annual Budget as provided by Section 6.17 to be deposited therein during such month;

(iii) pay to the Trustee for deposit to the credit of the Reserve Subaccount (A) beginning on the Deposit Day of the month next succeeding the month in which an amount is transferred from the Reserve Subaccount to the Bond Service Subaccount to cure a deficiency therein pursuant to Section 4.09, an amount that, together with investment income credited to the Reserve Subaccount during such month, is equal to one-twenty-third (1/23) of the amount or amounts so transferred until the amount then on deposit in the Reserve Subaccount is equal to the current Reserve Subaccount Requirement and (B) beginning on the Deposit Day of the month next succeeding a valuation made in accordance with Section 5.03 in which valuation a loss resulting from a decline in value of investments held to the credit of the Reserve Subaccount is computed, an amount that, taking into account any gain or loss in a subsequent valuation and any investment income credited to the Reserve Subaccount during such month is equal to one-twenty-third (1/23) of such loss until the amount of such loss is reimbursed;

(iv) deposit to the credit of the Junior Obligations Account, such amount, if any, of any balance remaining after making the payments and deposits under clauses (i), (ii) and (iii) above (or the entire balance if less than the required amount) as may be required by the Supplemental Agreement or Agreements applicable to the outstanding Junior Obligations; and

(v) deposit to the credit of the General Account, the balance, if any, remaining after making the deposits required under clauses (i), (ii), (iii) and (iv) above.

The payments and deposits required pursuant to this Section shall be cumulative and the amount of any deficiency in any month shall be added to the amount otherwise required to be paid or deposited in each month thereafter until such time as such deficiency shall have been made up.

If any additional Bond Service Subaccounts or Reserve Subaccounts are created for any Bonds or Parity Indebtedness then (i) the Revenues required to be deposited in the Bond Service Subaccount on any date shall be deposited *pro rata* among all such Bond Service Subaccounts on the basis of the respective amounts required to be deposited in such Bond Service Subaccounts on such date, (ii) the Revenues required to be deposited in the Reserve Subaccount on any date shall be allocated *pro rata* among all such Reserve Subaccounts on the basis of the respective aggregate principal amounts of the Bonds and Parity Indebtedness outstanding secured by such Reserve Subaccounts and (iii) any provision of this Trust Agreement requiring or permitting the application of amounts on deposit in any fund or account to the payment of any Bonds or Parity Indebtedness or the transfer of amounts on deposit in any fund or account maintained for any Bonds or Parity Indebtedness to any other fund or account shall refer to the fund or account maintained for such Bonds or Parity Indebtedness, respectively.

Notwithstanding the provisions of clause (i) above:

(A) if there shall be held to the credit of the Bond Service Subaccount on a Deposit Day the amount required to be on deposit to the credit of the Bond Service Subaccount on the next Interest Payment Date or the next Principal Payment Date, no further deposit into the Bond Service Subaccount on such Deposit Day shall then be required; and

(B) if the Supplemental Agreement authorizing any Series of Bonds shall provide that the interest is payable otherwise than semiannually or other than on January 1 or July 1 of each year or that the principal or Amortization Requirements are payable otherwise than on a July 1, then the Authority shall provide in such Supplemental Agreement for such deposits to the Bond Service Subaccount as shall be necessary to accrue in monthly installments and to assure the sufficiency of the required deposits to make timely payment of the debt service on such Bonds.

Section 4.07. Application of Moneys in Bond Service Subaccount.

The Trustee shall, immediately preceding each Interest Payment Date, withdraw from the Bond Service Subaccount and transfer to the Bond Registrar, and the Bond Registrar shall (a) remit by mail or wire transfer to each registered owner the amounts required for paying the interest on such Bonds as such interest becomes due and payable and (b) set aside or deposit in trust with any Paying Agent the amounts required for paying the

principal of the Bonds as such principal becomes due and payable. Payment of Parity Indebtedness shall be timely made from moneys set aside for such purpose in the Bond Service Subaccount, and the Trustee shall pay or deposit in trust with the Bond Registrar or any Paying Agent the amounts required for paying such Parity Indebtedness.

Upon the direction of the Authority, the Trustee shall endeavor to purchase Bonds from amounts on deposit in the Bond Service Account for the payment of the principal of or the Amortization Requirement for such Bonds prior to maturity at the most advantageous price obtainable with reasonable diligence, such price not to exceed the principal of such Bonds. The Trustee shall pay the purchase price and the interest accrued on such Bonds to the date of settlement therefor from the Bond Service Subaccount.

In the case of Bonds secured by a Credit Facility, amounts on deposit in the Bond Service Subaccount may be applied as provided in the applicable Supplemental Agreement to reimburse the Credit Bank for amounts drawn under such Credit Facility to pay the principal of and premium, if any, and interest on such Bonds.

Section 4.08. Use of Maintenance and Operations Reserve Account.

(a) General.

Except as hereinafter provided in this Section, moneys held for the credit of the Maintenance and Operations Reserve Account shall be disbursed by the Authority or, to the extent provided in clause (iv) below, set aside in reserve, for the purpose of paying the cost of:

- (i) unusual or extraordinary maintenance or repairs, maintenance or repairs not recurring annually, and renewals and replacements, including major items of equipment;
- (ii) repairs or replacements resulting from an emergency caused by some extraordinary occurrence when the moneys in the Operating Account and insurance proceeds, if any, available therefor are insufficient to meet such emergency;
- (iii) engineering expenses incurred under the provisions of this Section;
and
- (iv) extraordinary premiums on purchased insurance carried, or payments to be set aside in reserve for self-insurance maintained, under the provisions of this Trust Agreement.

Such disbursements by the Authority shall be made in accordance with the provisions of Section 4.05 for payments from the Operating Account to the extent that such provisions may be applicable.

(b) Transfers from Maintenance and Operations Reserve Account.

If the moneys held for the credit of the Bond Service Subaccount and the Reserve Subaccount shall be insufficient to pay the principal of and interest on all outstanding Bonds and Parity Indebtedness at the time such interest and principal becomes due and payable, then the Authority may transfer from any moneys held for the credit of the Maintenance and Operations Reserve Account to the Trustee for deposit to the credit of the Bond Service Subaccount an amount sufficient to make up any such deficiency. Any moneys so transferred from the Maintenance and Operations Reserve Account shall be restored from available moneys in the Operating Account, subject to the same conditions as are prescribed for deposits to the credit of the Maintenance and Operations Reserve Account under the provisions of Section 4.06.

The Authority may from time to time transfer any moneys from the Maintenance and Operations Reserve Account to the Operating Account or the Capital Account as the Authority may determine by resolution filed with the Trustee and stating that the amount so to be transferred is not required for the purposes for which the Maintenance and Operations Reserve Account has been created. The Authority shall from time to time deposit to the credit of the Maintenance and Operations Reserve Account any moneys received pursuant to Section 6.06.

Section 4.09. Application of Moneys in Reserve Subaccounts.

(a) General. Except as otherwise provided in a Supplemental Agreement, moneys held for the credit of the Reserve Subaccount for a Series of Bonds or Parity Indebtedness shall be transferred to the credit of the Bond Service Subaccount for such Series of Bonds or Parity Indebtedness and used for the purpose of paying the Debt Service Requirements of outstanding Bonds for such Series of Bonds or Parity Indebtedness whenever and to the extent that the moneys held for the credit of the Bond Service Subaccount shall be insufficient for such purpose, provided that amounts on deposit in the Reserve Subaccount for a Series of Bonds or Parity Indebtedness shall not be applied to the payment of any Bond of any Series or Parity Indebtedness that is not secured by such Reserve Subaccount.

If at any time during the first 15 days of May or November in any year the moneys held for the credit of the Reserve Subaccount for a Series of Bonds or Parity Indebtedness shall exceed an amount equal to the Reserve Subaccount Requirement for such Series of Bonds or Parity Indebtedness or such greater amount as shall be determined by the Authority by resolution from time to time filed with the Trustee for such Reserve Subaccount, such excess shall be transferred by the Trustee to the Authority for deposit to the credit of the Operating Account. The Trustee may however, in its discretion, transfer such excess moneys to the Authority for deposit to the credit of the Operating Account at any time.

If the amount transferred from a Reserve Subaccount to the Bond Service Subaccount pursuant to the foregoing provisions of this Section shall be less than the

amount required to be transferred under such provisions, any amount thereafter deposited to the credit of such Reserve Subaccount shall be immediately transferred to the Bond Service Subaccount as, and to the extent, required to make up any such deficiency.

Whenever the amount on deposit in the Reserve Subaccount for a Series of Bonds or Parity Indebtedness (as the case may be) is less than the Reserve Subaccount Requirement for such Series of Bonds or Parity Indebtedness, the Trustee shall notify the Authority of the amount of the deficiency. Upon such notification, the Authority immediately shall pay, and shall pay on the Deposit Day in each month thereafter, to the Trustee for deposit to the credit of such Reserve Subaccount an amount not less than one-twenty-third (1/23rd) of the amount of such deficiency until such deficiency is made up, drawing upon funds available in the Operating Account.

In the case of Bonds or Parity Indebtedness secured by a Credit Facility, amounts on deposit in the Reserve Subaccount may be applied as provided in the applicable Supplemental Agreement to reimburse the Credit Bank for amounts drawn under such Credit Facility to pay the principal of and premium, if any, and interest on and the Purchase Price of such Bonds or Parity Indebtedness.

(b) 1992 Reserve Subaccount. Any provision of this Trust Agreement notwithstanding, the amount on deposit in the 1992 Reserve Subaccount shall be pledged solely and exclusively to the payment of the Debt Service Requirements of the Series 1992 Bonds, and shall not be available to pay the Debt Service Requirements of the Series 2004 Bonds, the Series 2007 Bonds, or of any Series of Additional Bonds or Parity Indebtedness which the Authority may issue pursuant to a Supplemental Agreement. No amounts on deposit in the 2004 Reserve Subaccount or the 2007 Reserve Subaccount created under this Trust Agreement shall be available for the payment of the Debt Service Requirements of the Series 1992 Bonds.

(c) 2004 Reserve Subaccount. Any provision of this Trust Agreement notwithstanding, the amounts on deposit in the 2004 Reserve Subaccount shall be pledged solely and exclusively to the payment of the Debt Service Requirements of the Series 2004 Bonds, and shall not be available to pay the Debt Service Requirements of the Series 1992 Bonds, the Series 2007 Bonds, or of any Series of Additional Bonds or Parity Indebtedness which the Authority may issue pursuant to a Supplemental Agreement. No amounts on deposit in the 1992 Reserve Subaccount or the 2007 Reserve Subaccount created under this Trust Agreement shall be available for the payment of the Debt Service Requirements of the Series 2004 Bonds.

(d) 2007 Reserve Subaccount. Any provision of this Trust Agreement notwithstanding, the amount on deposit in the 2007 Reserve Subaccount shall be pledged solely and exclusively to the payment of the Debt Service Requirements of the Series 2007 Bonds, and shall not be available to pay the Debt Service Requirements of the Series 1992 Bonds, the Series 2004 Bonds, or of any Series of Additional Bonds or Parity Indebtedness which the Authority may issue pursuant to a Supplemental Agreement. No amounts on deposit in the 1992 Reserve Subaccount or the 2004 Reserve Subaccount created under this

Trust Agreement shall be available for the payment of the Debt Service Requirements of the Series 2007 Bonds.

Section 4.10. Application of Moneys in the Junior Obligations Account.

Moneys held for the credit of the Junior Obligations Account shall be applied to the retirement of Junior Obligations in accordance with their terms. Moneys held for the credit of the Junior Obligations Account may be pledged to the payment of the principal of and the interest on any Junior Obligations issued by the Authority. Junior Obligations may be issued by the Authority for the purpose of paying all or any part of the cost of any additional Transportation Facilities Project or Projects or any Improvements, and the proceeds of such Junior Obligations shall be deposited with the Authority to the credit of the Capital Account. Junior Obligations may also be issued by the Authority for the purpose of providing funds, with any other available funds, for redeeming prior to their maturity or maturities, or for paying at their maturity or maturities, all or any part of the outstanding Bonds of any Series or of other Indebtedness or Junior Obligations. The Authority shall have the right to covenant with the holders from time to time of any Junior Obligations issued by the Authority to add to the conditions, limitations and restrictions under which any Additional Bonds may be issued under this Trust Agreement.

Section 4.11. Use of General Account.

(a) General.

The Authority shall from time to time (a) transfer or deposit to the credit of any account or subaccount created under the provisions of this Trust Agreement any moneys held for the credit of the General Account or (b) deposit any such moneys in the Transportation Authority Fund, a special fund created and designated by the Enabling Legislation, or any other fund permitted by law, upon the receipt of a certified copy of a resolution duly adopted by the Authority directing such transfer or payment or (c) apply such moneys for any purpose related to any General Account Project or Projects or (d) apply such moneys for the payment of any amount payable by the Authority upon the termination of a Qualified Swap or other fees, expenses, indemnification or other obligations to a counterparty to a Qualified Swap, which payments shall not be paid from any fund or account established under this Trust Agreement other than the General Account.

(b) Payments from General Account.

Payments from the General Account shall be made by an appropriate officer or employee of the Authority in accordance with the procedures established from time to time by resolution of the Authority.

Section 4.12. Application and Pledge of Moneys in Debt Retirement Account and Junior Obligations Account.

Subject to the terms and conditions set forth in this Trust Agreement and except as otherwise provided in a Supplemental Agreement, moneys held for the credit of the Bond Service Subaccount and the Reserve Subaccount shall be held in trust and disbursed by the Trustee for (a) the payment of interest on the outstanding Bonds as such interest becomes due and payable, or (b) the payment of the principal of such Bonds at their respective maturities, or (c) the payment of the Purchase or Redemption Price of such Bonds before their respective maturities or (d) the payment of outstanding Parity Indebtedness, and such moneys are hereby pledged to and charged with the payments mentioned in this Section. Except as otherwise provided in this Trust Agreement or in any Supplemental Agreement, moneys held for the credit of the Junior Obligations Account shall be held in trust and disbursed by the Authority for the payment of Junior Obligations in accordance with their terms, and such moneys are hereby pledged to and charged with such payment.

Section 4.13. Moneys Set Aside to be Held in Trust.

All moneys that the Trustee shall have withdrawn from the Debt Retirement Account or shall have received from any other source and set aside, or deposited with the Bond Registrar or Paying Agents, for the purpose of paying any of the Bonds or Parity Indebtedness hereby secured, either at the maturity thereof or upon call for redemption or prepayment, shall be held in trust for the respective owners of such Bonds or Parity Indebtedness. All moneys that shall have been withdrawn by the Authority from the Junior Obligations Account or shall have been received by the Authority from any source and set aside for the payment of Junior Obligations shall be held in trust for the owners of such Junior Obligations. But any moneys that shall be so set aside or deposited and that shall remain unclaimed by the owners of such Indebtedness for the period of four years after the date on which such Indebtedness shall have become due and payable shall upon request in writing be paid to the Authority or to such officer, board or body as may then be entitled by law to receive the same, and thereafter the owners of such Indebtedness shall look only to the Authority or to such officer, board or body, as the case may be, for payment and then only to the extent of the amounts so received without any interest thereon, and the Trustee, the Bond Registrar and the Paying Agents shall have no responsibility with respect to such moneys.

**ARTICLE V
DEPOSITARIES OF MONEYS, SECURITY FOR DEPOSITS
AND INVESTMENT OF FUNDS**

Section 5.01. Deposits Constitute Trust Funds.

(a) General.

All moneys received by the Authority under the provisions of this Trust Agreement shall be held in trust and shall be applied only in accordance with the provisions of this Trust

Agreement. Such moneys shall be trust funds to the extent provided herein and shall not be subject to any lien or attachment by any creditor of the Authority.

(b) Qualifications of Depositaries.

No moneys shall be deposited with any Depositary, other than the Trustee, in an amount exceeding 50% of the amount which an officer of such Depositary shall certify to the Authority as the combined capital and surplus of such Depositary.

(c) Security for Deposits.

All moneys deposited with the Trustee or any other Depositary hereunder shall be continuously secured, for the benefit of the Authority and the owners of the Bonds and Parity Indebtedness, either (i) by lodging with a bank or trust company approved by the Authority and by the Trustee as custodian, as collateral security, Government Obligations, or, with the approval of the Trustee, other marketable securities eligible as security for the deposit of trust funds under applicable regulations of the Comptroller of the Currency of the United States or applicable state law or regulations, having a market value (exclusive of accrued interest) not less than the amount of such deposit, or (ii) if the furnishing of security as provided in clause (i) above is not permitted by applicable law, in such other manner as may then be required or permitted by applicable state or federal laws and regulations regarding the security for, or granting a preference in the case of, the deposit of trust funds; provided, however, that it shall not be necessary for the Bond Registrar or Paying Agents to give security for the deposit of any moneys with them for the payment of the principal of or the redemption premium or the interest on any Bonds, or for the Trustee to give security for any moneys that shall be represented by obligations purchased under the provisions of this Article as an investment of such moneys.

All moneys held by the Authority or deposited with the Trustee shall be credited to the particular account or subaccount to which such moneys belong.

Section 5.02. Investment of Moneys.

(a) General.

Moneys held for the credit of the Operating Account shall be invested from time to time, by any one of the officers or employees of the Authority who shall be designated by the Authority by resolution for such purpose, in Investment Obligations that shall mature, or that shall be subject to redemption by the holder thereof at the option of such holder, not later than one year after the date of such investment.

(b) Investment of Moneys in Bond Service Subaccount.

Moneys held for the credit of the Bond Service Subaccount (to the extent such moneys are not applied to the purchase of Bonds under the provisions of this Trust Agreement) in the Debt Retirement Account shall be invested and reinvested by the Trustee as shall be directed by the Authority in Investment Obligations that shall mature, or that

shall be subject to redemption at the option of the holder, not later than the respective dates on which the moneys held for the credit of the Bond Service Subaccount will be required for the purposes intended.

(c) Investment of Moneys in Reserve Subaccount.

Moneys held for the credit of the Reserve Subaccount shall be invested and reinvested by the Trustee as shall be directed by the Authority in Investment Obligations that shall mature, or that shall be subject to redemption by the holder thereof at the option of such holder, not later than 15 years after the date of such investment.

(d) Investment of Moneys in Maintenance and Operations Reserve Account.

Moneys held for the credit of the Maintenance and Operations Reserve Account shall be invested from time to time by any one of the officers or employees of the Authority who shall be designated by the Authority by resolution for such purpose in Investment Obligations that shall mature, or that shall be subject to redemption at the option of the holder, not later than 15 years after the date of such investment.

(e) Investment of Moneys in Capital Account and General Account.

Moneys held for the credit of the Capital Account and the General Account shall be invested from time to time by the officers or employees of the Authority who shall be designated by the Authority by resolution for such purpose in Investment Obligations.

(f) Investments Deemed to Be Part of Account or Subaccount for Which Purchased.

Investment Obligations purchased as an investment of moneys in any account or subaccount created by this Trust Agreement shall be deemed at all times to be a part of such account or subaccount, and the interest accruing thereon and any profit realized from such investment shall be credited to such account or subaccount, and any loss resulting from such investment shall be charged to such account or subaccount; provided, however, that the interest accruing on the investment of moneys in the Bond Service Subaccount and the Reserve Subaccount and any profit realized from such investment shall be credited to the Operating Account. The Trustee or the Authority shall sell at the best price obtainable or present for redemption any obligations so purchased whenever it shall be necessary to do so in order to provide moneys to meet any payment or transfer from any such account or subaccount. Neither the Trustee nor the Authority shall be liable or responsible for any loss resulting from any such investment.

Section 5.03. Valuation.

For the purpose of determining the amount on deposit to the credit of any such account or subaccount created by this Trust Agreement, obligations in which money in such account or subaccount shall have been invested shall be valued at the market value.

The Trustee and the Authority shall value the investments in the accounts and subaccounts created by this Trust Agreement semi-annually each May 30 and November 30. In addition, the investments of the accounts and subaccounts created by this Trust Agreement shall be valued by the Trustee at any time requested by the Authority on reasonable notice.

If upon valuation of the obligations on deposit to the credit of the Reserve Subaccount, the balance to the credit of the Reserve Subaccount is less than the Reserve Subaccount Requirement, the Trustee shall compute the amount by which the Reserve Subaccount Requirement exceeds such balance and shall immediately give the Authority notice of such deficiency and of the amount necessary to cure the same.

Section 5.04. Covenant as to Arbitrage; Tax-Exempt Bonds Not to be Arbitrage Bonds; Rebate Fund.

The Authority agrees that so long as any of the Bonds remain outstanding, moneys on deposit in any account or subaccount maintained in connection with the Bonds, whether such moneys were derived from the proceeds of the sale of the Bonds or from any other sources, will not be used in a manner that would cause the Bonds to be “arbitrage bonds” within the meaning of Section 103(c) of the Code and applicable regulations promulgated from time to time thereunder. The Authority shall observe and not violate the requirements of Section 103(c) of the Code and any such applicable regulations. In the event that the Authority is of the opinion that it is necessary to restrict or limit the yield on the investment of moneys held by it or the Trustee pursuant to this Trust Agreement, or to use such moneys in a certain manner, in order to avoid the Bonds being considered “arbitrage bonds” within the meaning of Section 103(c) of the Code and the regulations thereunder, the Authority may issue to the Trustee a written certificate to such effect and appropriate instructions, in which event the Trustee shall take such action as is necessary to restrict or limit the yield on investment or to use moneys held by the Trustee to the credit of the accounts and subaccounts created by this Trust Agreement in accordance with such certificate and instructions, irrespective of whether the Trustee shares such opinion.

The Chairman, the Executive Secretary or the Director of Finance of the Authority shall be officials of the Authority responsible for issuing the Tax-Exempt Bonds (the “Section 148 Certifying Officials”) for the purpose of Section 148 of the Code (“Section 148”). The Section 148 Certifying Officials shall execute and deliver (on the date of each issuance of Tax-Exempt Bonds) a certificate of the Authority (each such certificate, as it may be amended and supplemented from time to time in accordance with this Section, being referred to herein as a “Section 148 Certificate”) that complies with the requirements of Section 148 of the Code in effect on the date of issuance of such Tax-Exempt Bonds.

The Authority shall set forth in each Section 148 Certificate its reasonable expectations as to relevant facts, estimates and circumstances relating to the use of the proceeds of such Tax-Exempt Bonds, or of any moneys, securities or other obligations that may be deemed to be proceeds of such Tax-Exempt Bonds within the meaning of Section 148 (collectively, “Bond Proceeds”). The Authority covenants that (i) the facts,

estimates and circumstances set forth in each Section 148 Certificate will be based on the Authority's reasonable expectations on the date of delivery of such Certificate and will be, to the best of the Section 148 Certifying Officials' knowledge, true, correct and complete as of that date, and (ii) the Section 148 Certifying Officials will make reasonable inquiries to ensure such truth, correctness and completeness.

The Authority further covenants that it will not make, or (to the extent it exercises control or direction) permit to be made, any use of the Bond Proceeds that would cause any Tax-Exempt Bonds to be "arbitrage bonds" within the meaning of Section 148.

The Authority will comply with those provisions of Section 148 that are applicable to any Tax-Exempt Bonds on the date of issuance of such Bonds and with those provisions of Section 148 that may subsequently lawfully be made applicable to such Bonds. To the extent that provisions of Section 148 apply only to a portion of the Tax-Exempt Bonds, it is intended that the covenants of the Authority contained in this Section be construed so as to require the Authority to comply with Section 148 only to the extent of such applicability.

The Authority shall make or cause to be made, but only from the Revenues or from other moneys, if any, on deposit in the funds and accounts created by this Trust Agreement, timely payment of any rebate amount (or installment or payment in lieu thereof) required to be paid to the United States of America in order to preserve the excludability from gross income, for federal income tax purposes, of interest paid on the Tax-Exempt Bonds and shall include with any such payment such other documents, certificates or statements as shall be required to be included therewith under then-applicable law and regulations.

The Authority shall direct the Trustee to hold and invest Bond Proceeds within its control (if such Bond Proceeds are invested), in accordance with the expectations of the Authority set forth in the Section 148 Certificates. The Authority shall (i) direct the Trustee to transfer amounts on deposit in any fund or account created by this Trust Agreement to the Rebate Fund and (ii) deposit Revenues with the Trustee for deposit to the Rebate Fund or otherwise make Revenues available for the payment of rebates or payments in lieu thereof to the United States of America, all in accordance with the expectations of the Authority set forth in the Section 148 Certificate.

Upon the certificate of the Authority, the Trustee shall transfer amounts on deposit in any fund or account created by this Trust Agreement to the Rebate Fund, any other provision of this Trust Agreement to the contrary notwithstanding. Amounts on deposit in the Rebate Fund from time to time required to be paid to the United States of America pursuant to Section 148 as a rebate or payment in lieu thereof shall be made available by the Trustee to the Authority for such payments upon the certificate of the Authority and shall not be pledged to the payment of the principal or Redemption Price of or interest on any Bonds.

Upon the certificate of the Authority, the Trustee shall transfer amounts on deposit in the Rebate Fund to any other fund or account created by this Trust Agreement, provided that the amount transferred shall not exceed the excess of the amount on deposit in the Rebate Fund over the rebate liability as of the date of calculation by the Authority, less amounts

therefore paid to the United States of America as rebate with respect to the Tax-Exempt Bonds.

The Section 148 Certifying Officials may execute an amendment or supplement to any Section 148 Certificate upon delivery to the Authority of a written opinion of Bond Counsel to the effect that such action will not adversely affect the excludability from gross income of interest paid on the applicable Series of Tax-Exempt Bonds for federal income tax purposes.

Neither the Authority nor the Trustee shall incur any liability in connection with any action as contemplated in this Section so long as the Authority and the Trustee act in good faith.

The Authority shall comply with the provisions of Section 103 of the Code and the regulations thereunder applicable to the Tax-Exempt Bonds to the extent required to maintain the excludability from gross income of the interest on the Tax-Exempt Bonds for federal income tax purposes.

ARTICLE VI PARTICULAR COVENANTS

Section 6.01. Payment of Bonds.

(a) General.

The Authority covenants, that it will promptly pay the principal of and the interest on every Bond issued under the provisions of this Trust Agreement at the places, on the dates and in the manner provided herein and in the Bonds, and any premium required for the retirement of the Bonds by purchase or redemption according to the true intent and meaning thereof. Except as in this Trust Agreement otherwise provided, such principal, interest and premium are payable solely from Revenues and nothing in the Bonds or in this Trust Agreement shall be construed as obligating the State, the Department or the Authority to pay the Bonds or the interest thereon except from such Revenues or as pledging the faith and credit or taxing power of the State, the Department or the Authority.

(b) Release of Revenues of General Account Projects.

Notwithstanding the pledge and assignment made hereby, the Authority may by resolution or in a Supplemental Agreement pledge all or a portion of the revenues derived from the ownership or operation of one or more General Account Projects to secure Indebtedness issued on account of a General Account Project or for any other lawful purpose and in such event may, without the consent of the Trustee or any Bondholder, release from the lien of this Trust Agreement all or a portion of such revenues.

Section 6.02. Use and Operation of Transportation Facilities Projects.

Amounts in respect of Policy Costs paid to the 2004 Reserve Policy Insurer shall be credited first to interest due, then to the expenses due and then to principal due. As and to the extent that payments are made to 2004 Reserve Policy Insurer on account of principal due, the coverage under the 2004 Reserve Policy will be increased by a like amount, subject to the terms of the 2004 Reserve Policy.

If the Authority shall fail to pay any Policy Costs in accordance with the requirements of this Section, 2004 Reserve Policy Insurer shall be entitled to exercise any and all legal and equitable remedies available to it, including those provided herein other than (i) acceleration of the maturity of the Series 2004 Bonds or (ii) remedies which would adversely affect owners of the Series 2004 Bonds.

This Trust Agreement shall not be discharged until all Policy Costs owing to the 2004 Reserve Policy Insurer shall have been paid in full. The Authority's obligation to pay such amounts shall expressly survive payment in full of the Series 2004 Bonds.

The additional bonds test and the rate covenant herein shall expressly provide for at least one times coverage of the Policy Costs then due and owing.

The Trustee shall ascertain the necessity for a claim upon the 2004 Reserve Policy and to provide notice to 2004 Reserve Policy Insurer in accordance with the terms of the 2004 Reserve Policy at least five Business Days prior to each date upon which interest or principal is due on the Series 2004 Bonds. Where deposits are required to be made by the Authority with the Trustee to the debt service fund for the Series 2004 Bonds more often than semi-annually, the Trustee shall be instructed to give notice to 2004 Reserve Policy Insurer of any failure of the 2004 Reserve Policy Insurer to make timely payment in full of such deposits within two Business Days of the date due.

Section 7.04. 2007 Bond Insurance Policy.

(a) Claims Upon the 2007 Bond Insurance Policy and Payment by and to the Authority.

(1) If, on the third Business Day prior to the Interest Payment Date there is not on deposit with the Trustee, after making all transfers and deposits required herein, moneys sufficient to pay the principal of and interest on the Series 2007 Bonds due on such Interest Payment Date, the Trustee shall give notice to the 2007 Bond Insurer and to its designated agent (if any) (the "2007 Fiscal Agent") by telephone or telecopy of the amount of such deficiency by 12:00 noon, New York City time, on such Business Day. If, on the second Business Day prior to the Interest Payment Date, there continues to be a deficiency in the amount available to pay the principal of and interest on the Series 2007 Bonds due on such Interest Payment Date, the Trustee shall make a claim under the 2007 Bond Insurance Policy and give notice to the 2007 Bond Insurer and the 2007 Fiscal Agent (if any) by telephone of the amount of such deficiency, and the allocation of such deficiency between the amount required to pay interest on the Series 2007 Bonds and the amount required to pay the principal of the Series 2007 Bonds, confirmed in writing to the 2007 Bond Insurer and the 2007 Fiscal Agent by 12:00 noon, New York City time, on such second Business Day.

(2) In the event the claim to be made is for a mandatory sinking fund redemption installment, upon receipt of the moneys due, the Trustee shall authenticate and deliver to affected Bondholders who surrender their Series 2007 Bonds a new bond or bonds in an aggregate principal amount equal to the unredeemed portion of the Series 2007 Bond surrendered. The Trustee shall designate any portion of payment of principal on Series 2007 Bonds paid by the 2007 Bond Insurer, whether by virtue of mandatory sinking fund redemption, maturity or other advancement of maturity, on its books as a reduction in the principal amount of Series 2007 Bonds registered to the then current Bondholder, whether DTC or its nominee or otherwise, and shall issue a replacement Series 2007 Bond to the 2007 Bond Insurer, registered in the name of the 2007 Bond Insurer, in a principal amount equal to the amount of principal so paid (without regard to authorized denominations); provided that the Trustee's failure to so designate any payment or issue any replacement Series 2007 Bond shall have no effect on the amount of principal or interest payable by the Issuer on any Series 2007 Bond or the subrogation rights of the 2007 Bond Insurer.

(3) The Trustee shall keep a complete and accurate record of all funds deposited by the 2007 Bond Insurer into the 2007 Policy Payments Account (defined below) and the allocation of such funds to payment of interest on and principal paid in respect of any Series 2007 Bond. The 2007 Bond Insurer shall have the right to inspect such records at reasonable times upon reasonable notice to the Trustee.

(4) Upon payment of a claim under the 2007 Bond Insurance Policy, the Trustee shall establish a separate special purpose trust account for the benefit of Bondholders referred to herein as the "2007 Policy Payments Account" and over which the Trustee shall have exclusive control and sole right of withdrawal. The Trustee shall receive any amount paid under the 2007 Bond Insurance Policy in trust on behalf of Series 2007

Bondholders and shall deposit any such amount in the 2007 Policy Payments Account and distribute such amount only for purposes of making the payments for which a claim was made. Such amounts shall be disbursed by the Trustee to the Series 2007 Bondholders in the same manner as principal and interest payments are to be made with respect to the Series 2007 Bonds under the sections hereof regarding payment of Series 2007 Bonds. It shall not be necessary for such payments to be made by checks or wire transfers separate from the check or wire transfer used to pay debt service with other funds available to make such payments. Notwithstanding anything to the contrary otherwise set forth herein, and to the extent permitted by law, in the event amounts paid under the 2007 Bond Insurance Policy are applied to claims for payment of principal of or interest on the Series 2007 Bonds, interest on such principal of and interest on such Series 2007 Bonds shall accrue and be payable from the date of such payment at the greater of (i) the per annum rate of interest, publicly announced from time to time by JPMorgan Chase Bank or its successor at its principal office in the City of New York, as its prime or base lending rate plus 3%, and (ii) the then applicable rate of interest on the Series 2007 Bonds provided that in no event shall rate exceed the maximum rate permissible under applicable usury or similar laws limiting interest rates.

(5) Funds held in the 2007 Policy Payments Account shall not be invested by the Trustee and may not be applied to satisfy any costs, expenses or liabilities of the Trustee. Any funds remaining in the 2007 Policy Payments Account following a payment date on the Series 2007 Bonds shall promptly be remitted to the 2007 Bond Insurer.

(6) The 2007 Bond Insurer shall, to the extent it makes any payment of principal of or interest on the Series 2007 Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of the 2007 Bond Insurance Policy. The obligations to the 2007 Bond Insurer shall survive discharge or termination of this Trust Agreement.

(7) After payment of reasonable expenses of the Trustee, the application of funds realized upon default shall be applied to payment of expenses of the Authority or rebate only after the payment of debt service due and past due on the Series 2007 Bonds, together with replenishment of the Reserve Subaccount.

(8) The 2007 Bond Insurer shall be entitled to pay principal or interest on the Series 2007 Bonds that shall become due for payment but shall be unpaid by reason of nonpayment by the Authority and any amounts due on the Series 2007 Bonds as a result of acceleration of the maturity as provided herein, whether or not the 2007 Bond Insurer has received a notice of nonpayment or a claim upon the 2007 Bond Insurance Policy.

(b) Reporting Requirements

For so long as the 2007 Bond Insurer shall not have failed to honor a demand for payment under the Series 2007 Bond Insurance Policy, the Authority shall deliver to the 2007 Bond Insurer the following:

(i) Within one hundred eighty (180) days after the end of the Authority's fiscal year, the Authority's budget for the new fiscal year, annual audited financial statements for the fiscal year just ended, and, if not presented in such audited financial statements, a statement of the net revenue pledged to the payment of bonds in the fiscal year just ended.

(ii) Notice of any draw upon the Reserve Subaccount within two Business Days after knowledge thereof other than (i) withdrawals of amounts in excess of the Debt Service Reserve Requirement and (ii) withdrawals in connection with a refunding of Bonds.

(iii) Notice of any default known to the Trustee or the Authority within five Business Days after knowledge thereof.

(iv) Notice of the advanced refunding or redemption of the Series 2007 Bonds, which notice shall include the principal amount, maturities and CUSIP numbers so redeemed.

(v) Notice of the resignation or removal of the Trustee and Bond Registrar and the appointment of, and acceptance of duties by, any successor thereto.

(c) 2007 Bond Insurer Consent to Amendment.

Notwithstanding any provision to the contrary contained herein, the 2007 Bond Insurer shall have the right to consent to any amendment to this Trust Agreement pursuant to the provisions of Section 11.01(a)(ix).

Section 7.05. 2007 Reserve Policy.

The Authority shall repay any draws under the 2007 Reserve Policy and pay all related reasonable expenses incurred by the 2007 Reserve Policy Insurer. Interest shall accrue and be payable on such draws and expenses from the date of payment by the 2007 Reserve Policy Insurer at the Late Payment Rate. "Late Payment Rate" means the lesser of (a) the greater of (i) the per annum rate of interest, publicly announced from time to time by JPMorgan Chase Bank at its principal office in the City of New York, as its prime or base lending rate ("Prime Rate") (any change in such Prime Rate to be effective on the date such change is announced by JPMorgan Chase Bank) plus 3%, and (ii) the then applicable highest rate of interest on the Series 2007 Bonds and (b) the maximum rate permissible under applicable usury or similar laws limiting interest rates. The Late Payment Rate shall be computed on the basis of the actual number of days elapsed over a year of 360 days. In the event JPMorgan Chase Bank ceases to announce its Prime Rate publicly, Prime Rate shall be the publicly announced prime or base lending rate of such national bank as the 2007 Reserve Policy Insurer shall specify.

Repayment of draws and payment of expenses and accrued interest thereon at the Late Payment Rate ("2007 Policy Costs") shall commence in the first month following each

draw, and each such monthly payment shall be in an amount at least equal to 1/12 of the aggregate of 2007 Policy Costs related to such draw.

Amounts in respect of 2007 Policy Costs paid to the 2007 Reserve Policy Insurer shall be credited first to interest due, then to the expenses due and then to principal due. As and to the extent that payments are made to 2007 Reserve Policy Insurer on account of principal due, the coverage under the 2007 Reserve Policy will be increased by a like amount, subject to the terms of the 2007 Reserve Policy.

If the Authority shall fail to pay any 2007 Policy Costs in accordance with the requirements of this Section, 2007 Reserve Policy Insurer shall be entitled to exercise any and all legal and equitable remedies available to it, including those provided herein other than (i) acceleration of the maturity of the Series 2007 Bonds or (ii) remedies which would adversely affect owners of the Series 2007 Bonds.

This Trust Agreement shall not be discharged until all 2007 Policy Costs owing to the 2007 Reserve Policy Insurer shall have been paid in full. The Authority's obligation to pay such amounts shall expressly survive payment in full of the Series 2007 Bonds.

The additional bonds test and the rate covenant herein shall expressly provide for at least one times coverage of the 2007 Policy Costs then due and owing.

The Trustee shall ascertain the necessity for a claim upon the 2007 Reserve Policy and to provide notice to 2007 Reserve Policy Insurer in accordance with the terms of the 2007 Reserve Policy at least five Business Days prior to each date upon which interest or principal is due on the Series 2007 Bonds. Where deposits are required to be made by the Authority with the Trustee to the debt service fund for the Series 2007 Bonds more often than semi-annually, the Trustee shall be instructed to give notice to 2007 Reserve Policy Insurer of any failure of the 2007 Reserve Policy Insurer to make timely payment in full of such deposits within two Business Days of the date due.

ARTICLE VIII CONCERNING THE TRUSTEE

Section 8.01. Acceptance of Trusts.

The Trustee accepts and agrees to execute the trusts imposed upon it by this Trust Agreement, but only upon the terms and conditions set forth in this Article and subject to the provisions of this Trust Agreement, to all of which the parties hereto and the respective owners of the Bonds and Parity Indebtedness agree.

Section 8.02. Indemnification of Trustee.

The Trustee shall be under no obligation to institute any suit, or to take any remedial proceeding under this Trust Agreement, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the

trusts hereby created or in the enforcement of any rights and powers hereunder, until it shall be indemnified to its satisfaction against any and all costs and expenses, outlays and counsel fees and other reasonable disbursements, and against all liability. The Trustee may, nevertheless, begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as such Trustee, without indemnity, and in such case the Authority shall reimburse the Trustee from the Revenues for all costs and expenses, outlays and counsel fees and other reasonable disbursements properly incurred in connection therewith. If the Authority shall fail to make such reimbursement, the Trustee may reimburse itself from any moneys in its possession under the provisions of this Trust Agreement and shall be entitled to a preference therefor over any of the Bonds and Parity Indebtedness outstanding hereunder.

Section 8.03. Limitation on Responsibilities of Trustee.

The Trustee shall be under no obligation to effect or maintain insurance or to renew any policies of insurance or to inquire as to the sufficiency of any policies of insurance maintained by the Authority, or to report, or make or file claims or proof of loss for, any loss or damage insured against or which may occur, or to keep itself informed or advised as to the payment of any taxes or assessments, or to require any such payment to be made. The Trustee shall have no responsibility in respect of the validity, sufficiency, due execution or acknowledgment of this Trust Agreement, or, except as to the authentication thereof, in respect of the validity of the Bonds or the due execution or issuance thereof. The Trustee shall be under no obligation to see that any duties herein imposed upon the Authority, the Paying Agents, any Depositary, the Bond Registrar or any party other than itself, or any covenants herein contained on the part of any party other than itself to be performed, shall be done or performed, and the Trustee shall be under no obligation for failure to see that any such duties or covenants are so done or performed.

Section 8.04. Trustee Not Liable for Failure of Authority to Act.

The Trustee shall not be liable or responsible because of the failure of the Authority or of any of its employees or agents to make any collections or deposits or to perform any act herein required of the Authority or because of the loss of any moneys arising through the insolvency or the act or default or omission of any Depositary in which such moneys shall have been deposited under the provisions of this Trust Agreement. The Trustee shall not be responsible for the application of any of the proceeds of the Bonds or any other moneys deposited with it and paid out, withdrawn or transferred hereunder if such application, payment, withdrawal or transfer shall be made in accordance with the provisions of this Trust Agreement. The immunities and exemptions from liability of the Trustee hereunder shall extend to its directors, officers, employees and agents.

Section 8.05. Compensation of Trustee.

Subject to the provisions of any applicable contract relating to compensation between the Authority and the Trustee, the Authority shall, from the Revenues pay to the Trustee reasonable compensation for all services performed by it hereunder and also all its

reasonable expenses, charges and other disbursements and those of its attorneys, agents and employees incurred in and about the administration and execution of the trusts hereby created and the performance of its powers and duties hereunder, and, from such Revenues only, shall indemnify and save the Trustee harmless against any liabilities that it may incur in the exercise and performance of its powers and duties hereunder, except for liabilities arising out of the negligence or willful misconduct of the Trustee. If the Authority shall fail to make any payment required by this Section, the Trustee may make such payment from any moneys in its possession under the provisions of this Trust Agreement and shall be entitled to a preference therefor over any of the Bonds or Parity Indebtedness outstanding hereunder.

Section 8.06. Periodic Statements.

It shall be the duty of the Trustee, semi-annually on each January 1 and July 1, or if requested by the Authority, monthly on or before the Deposit Day of each month, to file with the Authority a statement setting forth in respect of the preceding calendar period:

- (a) the amount withdrawn or transferred by it and the amount deposited with it on account of each account and subaccount held by it under the provisions of this Trust Agreement;
- (b) the amount on deposit with it at the end of such period to the credit of each such account and subaccount;
- (c) the amount applied to the purchase or redemption of Bonds and Parity Indebtedness under the provisions of Section 4.07 and a description of the Bonds and Parity Indebtedness or portions thereof so purchased or redeemed; and
- (d) any other information that the Authority may reasonably request.

Upon request of the Authority, the Trustee shall file with the Authority a brief description of all obligations held by it as an investment of moneys in each such account and subaccount.

All records and files pertaining to the Transportation Facilities Projects in the custody of the Trustee shall be open at all reasonable times to the inspection of the Authority and its agents and representatives.

Section 8.07. Trustee May Rely on Certificates.

In case at any time it shall be necessary or desirable for the Trustee to make any investigation respecting any fact preparatory to taking or not taking any action or doing or not doing anything as such Trustee, and in any case in which this Trust Agreement provides for permitting or taking any action, the Trustee may rely conclusively upon any certificate, requisition, opinion or other instrument required or permitted to be filed with it under the provisions of this Trust Agreement, and any such instrument shall be conclusive evidence of such fact to protect the Trustee in any action that it may or may not take or in respect of

anything it may or may not do, in good faith, by reason of the supposed existence of such fact. Except as otherwise provided in this Trust Agreement, any request, notice, certificate or other instrument from the Authority to the Trustee shall be deemed to have been signed by the proper party or parties if signed by an Authority Representative, and the Trustee may accept and rely upon a certificate signed by the Secretary as to any action taken by the Authority.

Section 8.08. Notice of Default.

Except upon the happening of any Event of Default specified in clauses (a) and (b) of Section 10.01, the Trustee shall not be obliged to take notice or be deemed to have notice of any Event or Default hereunder, unless specifically notified in writing of such Event of Default by the owners of not less than ten percent of the Bonds and Parity Indebtedness.

Notwithstanding any provision of this Trust Agreement to the contrary, for purposes of this Section, the 1992 Bond Insurer shall be deemed to be the sole holder of all of the Series 1992 Bonds which are insured Capital Appreciation Bonds, and the 2004 Bond Insurer shall be deemed to be the sole holder of all the Series 2004 Bonds.

Notwithstanding any provision of this Trust Agreement to the contrary, for purposes of this Section, the Trustee shall give the 2004 Bond Insurer notice of the occurrence of any event of default known to the Trustee within thirty (30) days of the Trustee's knowledge thereof.

Section 8.09. Trustee May Deal in Bonds.

The bank or trust company acting as Trustee under this Trust Agreement, and its directors, officers, employees or agents, may in good faith buy, sell, own, hold and deal in any of the Bonds or Parity Indebtedness and may join in any action that any Bondholder or owner of Parity Indebtedness may be entitled to take with like effect as if such bank or trust company were not the Trustee or a Depositary under this Trust Agreement.

Section 8.10. Trustee Not Responsible for Recitals.

The recitals, statements and representations contained herein and in the Bonds shall be taken and construed as made by and on the part of the Authority and not by the Trustee, and the Trustee assumes and shall be under no responsibility for the correctness of the same.

Section 8.11. Reliance on Certain Documents.

The Trustee shall be protected and shall incur no liability in acting or proceeding, or in not acting or not proceeding, in good faith, reasonably and in accordance with the terms of this Trust Agreement, upon any resolution, order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond or other paper or document which it shall in good faith reasonably believe to be genuine and to have been adopted or signed by the proper board or person or to have been prepared and furnished pursuant to any of the provisions of this Trust Agreement, or upon the written opinion of any attorney, engineer or

accountant believed by the Trustee to be qualified in relation to the subject matter, and the Trustee shall be under no duty to make any investigation or inquiry as to any statements contained or matters referred to in any such instrument. The Trustee shall not be under any obligation to see to the recording or filing of this Trust Agreement or otherwise to the giving to any person of notice of the provisions hereof.

Section 8.12. Resignation of Trustee.

The Trustee may resign and thereby become discharged from the trusts hereby created, by notice in writing given to the Authority and the owners of outstanding Bonds and Parity Indebtedness, not less than 60 days before such resignation is to take effect, and such resignation shall take effect upon the appointment of a successor Trustee hereunder and the acceptance by such successor Trustee of the trusts hereof. The 1992 Bond Insurer shall be furnished with written notice of the resignation of the Trustee and the appointment of any successor thereto.

Section 8.13. Removal of Trustee.

The Trustee may be removed at any time (a) so long as no Event of Default shall have occurred and be continuing, by the Authority, and (b) in any other case, by an instrument or concurrent instruments in writing executed by the owners of not less than a majority of the Bonds and Parity Indebtedness and filed with the Authority. A facsimile copy of each such instrument shall be delivered promptly by the Authority to the Trustee. The Trustee may also be removed at any time for any breach of trust or for acting or proceeding in violation of, or for failing to act or proceed in accordance with, any provision of this Trust Agreement with respect to the duties and obligations of the Trustee by any court of competent jurisdiction upon the application of the Authority or of the owners of not less than a majority of the Bonds and Parity Indebtedness. Notwithstanding any provision of this Trust Agreement to the contrary, no removal of the Trustee shall be effective until a successor has been appointed and has accepted the duties of Trustee. The 1992 Bond Insurer and the 2004 Bond Insurer shall be furnished with written notice of the removal of the Trustee and the appointment of any successor thereto.

Section 8.14. Appointment of Successor Trustee.

If at any time the Trustee shall resign, be removed, be dissolved or otherwise become incapable of acting, or the bank or trust company acting as Trustee shall be taken over by any governmental official, agency, department or board, the position of Trustee shall thereupon become vacant. If the position of Trustee shall become vacant for any of the foregoing reasons or for any other reason, the Authority shall appoint a Trustee to fill such vacancy. The Authority shall cause notice of any such appointment to be mailed to all owners of Bonds and Parity Indebtedness.

If no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within ten days after the vacancy shall have occurred, the owner of any outstanding Bond or Parity Indebtedness or any retiring Trustee may apply to any court

of competent jurisdiction within the State to appoint a successor Trustee. Such court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Trustee.

Any successor Trustee shall be a bank or trust company duly authorized to exercise corporate trust powers and subject to examination by federal or state authority, of good standing, and having a combined capital, surplus and undivided profits aggregating not less than \$100,000,000.

Section 8.15. Successor Trustee.

Every successor Trustee appointed hereunder shall execute, acknowledge and deliver to its predecessor, and also to the Authority, an instrument in writing accepting such appointment hereunder, and thereupon such successor Trustee, without any further act, shall become fully vested with all the rights, immunities, powers and trusts and subject to all the duties and obligations, of its predecessor; but such predecessor shall, nevertheless, on the written request of its successor or of the Authority, execute and deliver an instrument transferring to such successor Trustee all the rights, immunities, powers and trusts of such predecessor hereunder; and every predecessor Trustee shall deliver all property and moneys held by it hereunder to its successor. Should any instrument in writing from the Authority be required by any successor Trustee for more fully and certainly vesting in such Trustee the rights, immunities, powers and trusts hereby vested or intended to be vested in the predecessor Trustee, any such instrument in writing shall and will, on request be executed, acknowledged and delivered by the Authority.

Notwithstanding any of the foregoing provisions of this Article, any bank or trust company having power to perform the duties and execute the trusts of this Trust Agreement and otherwise qualified to act as Trustee hereunder with or into which the bank or trust company acting as Trustee may be merged or consolidated, or to which the assets and business of such bank or trust company may be sold, shall be deemed the successor of the Trustee

Section 8.16. Appointment of Depositaries.

The Authority may at any time and from time to time appoint one or more Depositaries to hold any one or more of the accounts (other than the Reserve Subaccount) established pursuant to this Trust Agreement. Such Depositary or Depositaries shall perform at the direction of the Authority the duties of the Authority in depositing, transferring and disbursing moneys to and from each of such accounts as set forth in this Trust Agreement, and all records of such Depositary in performing such duties shall be open at all reasonable times to inspection by the Trustee, the Authority and their agents and employees. Any such Depositary shall be a bank or trust company duly authorized to exercise corporate trust powers and subject to examination by federal or state authority, of good standing, and having a combined capital, surplus and undivided profits aggregating not less than \$100,000,000. In the event any Depositary is appointed by the Authority, the provisions of Sections 8.01, 8.05, 8.06, 8.07, 8.08, 8.09, 8.12, 8.13 and 8.14 shall apply to

such Depository as if such Depository were the Trustee, and the Trustee shall not be liable or responsible for the failure of such Depository to act or for the insolvency of or any omission by such Depository, as provided in Section 8.04 of this Article. Any Depository may resign at any time after 30 Business Days' prior written notice to the Authority and the Trustee. The Authority shall notify the Trustee promptly after the appointment of any Depository.

ARTICLE IX
EXECUTION OF INSTRUMENTS BY BONDHOLDERS
AND PROOF OF OWNERSHIP OF BONDS AND PARITY INDEBTEDNESS

Section 9.01. Execution of Instruments.

(a) General.

Any request, direction, consent or other instrument in writing required or permitted by this Trust Agreement to be signed or executed by Bondholders or owners of Parity Indebtedness may be in any number of concurrent instruments of similar tenor and may be signed or executed by such Bondholders or owners of Parity Indebtedness or their attorneys or legal representatives duly appointed in writing. Except as otherwise expressly provided herein, proof of the execution of any such instrument or of any instrument appointing any such attorney, or the holding by any person of such Bond or Parity Indebtedness shall be sufficient for any purpose of this Trust Agreement and shall be conclusive in favor of the Trustee or the Bond Registrar or the Authority with regard to any action taken by any of them under such instrument if made in accordance with this Section.

(b) Proof of Execution.

The fact and date of the execution by any Bondholder or owner of Parity Indebtedness or the attorney or legal representative of any Bondholder or owner of Parity Indebtedness of any such instrument may be proved by the verification of any officer in any jurisdiction who, by the laws thereof, has power to take affidavits within such jurisdiction, to the effect that such instrument was subscribed and sworn to before him, or by an affidavit of a witness to such execution. Where such execution is by an officer of a corporation or association or a member of a partnership on behalf of such corporation, association or partnership, such verification or affidavit shall also constitute sufficient proof of the authority of such officer.

(c) Proof of Ownership of Bonds and Parity Indebtedness.

The ownership of Bonds shall be proved by the registration books kept under the provisions of Section 2.06 and the ownership of Parity Indebtedness shall be proved as provided by Supplemental Agreement, which may provide that the books kept by the Bond Registrar under Section 2.06 shall be used to determine ownership of Parity Indebtedness.

(d) Other Proof.

Nothing contained in this Article shall be construed as limiting the Trustee to such proof, it being intended that the Trustee may in its discretion require further proof or accept any other evidence of the matters herein stated which it may deem sufficient.

(e) Owners' Actions Bind Future Owners.

Any request or consent of the owner of any Bond or Parity Indebtedness shall bind every future owner of the same Bond or Parity Indebtedness in respect of anything done by the Trustee in pursuance of such request or consent.

**ARTICLE X
EVENTS OF DEFAULT AND REMEDIES**

Section 10.01. Events of Default.

Each of the following events is hereby declared an "Event of Default":

(a) payment of the principal and of the redemption premium, if any, of any of the outstanding Bonds or Parity Indebtedness shall not be made when the same shall become due and payable, either at maturity or by proceedings for redemption or otherwise; or

(b) payment of any installment of interest on any of the outstanding Bonds or Parity Indebtedness shall not be made within 30 days after the same shall become due and payable; or

(c) final judgment for the payment of money shall be rendered against the Authority as a result of the ownership, control or operation of any Transportation Facilities Project and any such judgment shall not be discharged within 90 days from the entry thereof or an appeal shall not be taken therefrom or from the order, decree or process upon which or pursuant to which such judgment shall have been granted or entered, in such manner as to stay the execution of or levy under such judgment, order, decree or process or the enforcement thereof and such judgment would render the Authority incapable of paying the interest on or the principal of any of the outstanding Bonds or Parity Indebtedness; or

(d) an order or decree shall be entered, with the consent or acquiescence of the Authority, appointing a receiver or receivers of any Transportation Facilities Project or of the revenues thereof, or if such order or decree, having been entered without the consent or acquiescence of the Authority, shall not be vacated or discharged or stayed on appeal within 90 days after the entry thereof; or

(e) any proceeding shall be instituted, with the consent or acquiescence of the Authority, for the purpose of effecting a composition between the Authority and

its creditors or for the purpose of adjusting the claims of such creditors pursuant to any federal or state statute now or hereafter enacted, if the claims of such creditors are under any circumstances payable from the Revenues; or

(f) the Authority shall default in the due and punctual performance of any of the covenants, conditions, agreements and provisions contained in the Bonds or Parity Indebtedness or in this Trust Agreement on the part of the Authority to be performed, and such default shall continue for 30 days after written notice specifying such default and requiring the same to be remedied shall have been given to the Authority by the Trustee, which may give such notice in its discretion and shall give such notice at the written request of the owners of not less than a majority of the Bonds; *provided*, however, that if the Authority shall proceed to take any curative action that, if begun and prosecuted with due diligence, cannot be completed within a period of 30 days, then such period shall be increased to such extent as shall be necessary to enable the Authority to complete such curative action through the exercise of due diligence.

Notwithstanding any provision of this Trust Agreement to the contrary, in determining whether an Event of Default has occurred under this Section, no effect shall be given to payments made under the 1992 Bond Insurance Policy or the 2004 Bond Insurance Policy.

The Trustee shall give immediate notice to the 1992 Bond Insurer of the occurrence of any Event of Default known to the Trustee within 30 days of the Trustee's knowledge thereof.

Section 10.02. Acceleration of Maturities.

Upon the happening and continuance of any Event of Default, then and in every such case the Trustee may, and upon the written request of the owners of not less than a majority of the Bonds and Parity Indebtedness shall, by notice in writing to the Authority, declare the principal amount of the Bonds and Parity Indebtedness then outstanding (if not then due and payable) to be due and payable immediately, and upon such declaration the same shall become and be immediately due and payable, anything contained in the Bonds or Parity Indebtedness or in this Trust Agreement to the contrary notwithstanding; provided, however, that if at any time after the principal of the Bonds and Parity Indebtedness shall have been so declared to be due and payable, and before the entry of final judgment or decree in any suit, action or proceeding instituted on account of such default, or before the completion of the enforcement of any other remedy under this Trust Agreement, moneys shall have accumulated in the Debt Retirement Account sufficient to pay the principal of all matured Bonds and Parity Indebtedness outstanding and all arrears of interest, if any, upon all the Bonds and Parity Indebtedness outstanding (except the principal of any Bonds and Parity Indebtedness not then due and payable by their terms and the interest accrued on such Bonds since the last Interest Payment Date), and the charges, compensation, expenses, disbursements, advances and liabilities of the Trustee and all other amounts then payable by the Authority hereunder shall have been paid or a sum sufficient to pay the same shall have

been deposited with the Trustee, and every other default known to the Trustee in the observance or performance of any covenant, condition, agreement or provision contained in the Bonds or Parity Indebtedness or in this Trust Agreement (other than a default in the payment of the principal of such Bonds and Parity Indebtedness then due and payable only because of a declaration under this Section) shall have been remedied to the satisfaction of the Trustee, then and in every such case the Trustee shall, by written notice to the Authority, rescind and annul such declaration and its consequences, but no such rescission or annulment shall extend to or affect any subsequent default or impair any right consequent thereon.

Section 10.03. Enforcement of Remedies.

Upon the happening and continuance of any Event of Default specified, then and in every such case the Trustee may proceed, and upon the written request of the owners of not less than a majority of the Bonds and Parity Indebtedness shall proceed, subject to the provisions of Section 8.02, to protect and enforce its rights and the rights of the Bondholders under the laws of the State of Maryland or under this Trust Agreement by such suits, actions or special proceedings in equity or at law, or by proceedings in the office of any board or officer having jurisdiction, either for the specific performance of any covenant or agreement contained herein or in aid or execution of any power herein granted or for the enforcement of any proper legal or equitable remedy, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights.

In the enforcement of any remedy under this Trust Agreement the Trustee shall be entitled to sue for, enforce payment of and receive any and all amounts then or during any default becoming, and at any time remaining, due from the Authority for principal, interest or otherwise under any of the provisions of this Trust Agreement or of the Bonds and Parity Indebtedness and unpaid, with interest on overdue payments of principal at the rate or rates of interest specified in such Bonds and Parity Indebtedness, together with any and all costs and expenses of collection and of all proceedings hereunder and under such Bonds and Parity Indebtedness, without prejudice to any other right or remedy of the Trustee or of the Bondholders or owners of Parity Indebtedness, and to recover and enforce judgment or decree against the Authority, but solely as provided herein and in such Bonds and Parity Indebtedness, for any portion of such amounts remaining unpaid and interest, costs and expenses as above provided, and to collect (but solely from any moneys available for such purpose) in any manner provided by law, the moneys adjudged or decreed to be payable.

Section 10.04. Pro Rata Application of Funds.

Anything in this Trust Agreement to the contrary notwithstanding, if at any time the moneys in the Debt Retirement Account shall not be sufficient to pay the interest on or the principal of the Bonds and Parity Indebtedness as the same shall become due and payable (either by their terms or by acceleration of maturities under the provisions of Section 10.02), such moneys, together with any moneys then available or thereafter becoming available for such purpose, whether through the exercise of the remedies provided for in this Article or otherwise, shall be applied as follows:

(a) If the principal of all the Bonds and Parity Indebtedness shall not have become or shall not have been declared due and payable, all such moneys shall be applied:

First: to the payment to the persons entitled thereto of all installments of interest then due and payable on the outstanding Bonds and Parity Indebtedness in the order in which such installments became due and payable and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment, ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds and Parity Indebtedness;

Second: to the payment to the persons entitled thereto of the unpaid principal of any outstanding Bonds and Parity Indebtedness that shall have become due and payable (other than Bonds or Parity Indebtedness called for redemption or to be prepaid for the payment of which moneys are held pursuant to the provisions of this Trust Agreement), in the order of their due dates, with interest on the principal amount of such Bonds or Parity Indebtedness at the respective rates specified therein from the respective dates upon which such Bonds or Parity Indebtedness became due and payable, and, if the amount available shall not be sufficient to pay in full the principal of the Bonds and Parity Indebtedness due and payable on any particular date, together with such interest, then to the payment first of such interest, ratably, according to the amount of such interest due on such date, and then to the payment of such principal, ratably, according to the amount of such principal due on such date, to the persons entitled thereto without any discrimination or preference; and

Third: to the payment of the interest on and the principal of the outstanding Bonds and Parity Indebtedness, to the purchase and retirement of Bonds and to the redemption of Bonds and the prepayment or retirement of Parity Indebtedness, all in accordance with the provisions of this Trust Agreement

(b) If the principal of all outstanding Bonds or Parity Indebtedness shall have become or shall have been declared due and payable, all such moneys shall be applied

First: to the payment to the persons entitled thereto of all installments of interest then due and payable on the outstanding Bonds and Parity Indebtedness (excluding any interest that shall have accrued on any Bonds or Parity Indebtedness after the maturity date thereof) in the order in which such installments became due and payable and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment, ratably, according to the amounts due on such installment, to the persons

entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds or Parity Indebtedness, and then to the payment of any interest that shall have accrued on such Bonds or Parity Indebtedness after maturity, ratably, to the persons entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds or Parity Indebtedness; and

Second: to the payment of the principal of the outstanding Bonds or Parity Indebtedness, ratably, to the persons entitled thereto, without preference or priority of any Bond over any other Bond or Parity Indebtedness.

(c) If the principal of all the Bonds and Parity Indebtedness shall have been declared due and payable and if such declaration shall thereafter have been rescinded and annulled under the provisions of Section 10.02, then, subject to the provisions of paragraph (b) above in the event that the principal of all the Bonds or Parity Indebtedness shall later become due and payable or be declared due and payable, the moneys remaining in and thereafter accruing to the Debt Retirement Account shall be applied in accordance with the provisions of paragraph (a) of this Section.

Whenever moneys are to be applied by the Trustee pursuant to the provisions of this Section, such moneys shall be applied by the Trustee at such times, and from time to time, as the Trustee in its sole discretion shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future; the deposit of such moneys with the Paying Agents, or otherwise setting aside such moneys, in trust for the proper purpose shall constitute proper application by the Trustee; and the Trustee shall incur no liability whatsoever to the Authority, to any Bondholder or to any other person for any delay in applying any such moneys, so long as the Trustee acts with reasonable diligence, having due regard to the circumstances, and ultimately applies the same in accordance with such provisions of this Trust Agreement as may be applicable at the time of application by the Trustee. Whenever the Trustee shall exercise such discretion in applying such moneys, it shall fix the date (which shall be an Interest Payment Date unless the Trustee shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such date shall cease to accrue. The Trustee shall give such notice as it may deem appropriate of the fixing of any such date.

Section 10.05. Effect of Discontinuance of Proceedings.

It case any proceeding taken by the Trustee or Bondholders on account of any default shall have been discontinued or abandoned for any reason, then and in every such case the Authority, the Trustee and the Bondholders and the owners of any Parity Indebtedness shall be restored to their former positions and rights hereunder, respectively, and all rights,

remedies, powers and duties of the Trustee shall continue as though no such proceeding had been taken.

Section 10.06. Majority of Bondholders May Control Proceedings.

Anything in this Trust Agreement to the contrary notwithstanding, the owners of a majority of the Bonds and Parity Indebtedness shall have the right, subject to the provisions of Section 8.02, by an instrument or concurrent instruments in writing executed and delivered to the Trustee, to direct the method and place of conducting all remedial proceedings to be taken by the Trustee hereunder, provided that such direction shall not be otherwise than in accordance with law and the provisions of this Trust Agreement.

Section 10.07. Restrictions Upon Action by Individual Bondholders.

Except as provided in Section 6.14, no holder of any of the Bonds or owner of Parity Indebtedness shall have any right to institute any suit, action or proceeding in equity or at law on any Bond or Parity Indebtedness or for the execution of any trust hereunder or for any other remedy hereunder unless such owner previously shall have given to the Trustee written notice of the Event of Default on account of which such suit, action or proceeding is to be instituted, and unless also the owners of not less than a majority of the Bonds and Parity Indebtedness shall have made written request of the Trustee after the right to exercise such powers or right of action, as the case may be, shall have accrued, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers hereinabove granted or to institute such action, suit or proceeding in its or their name, and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time; and such notification, request and offer of indemnity are hereby declared in every such case, at the option of the Trustee, to be conditions precedent to the execution of the powers and trusts of this Trust Agreement or to any other remedy hereunder; *provided*, however, that notwithstanding the foregoing provisions of this Section and without complying therewith, the owners of not less than a majority of the Bonds and Parity Indebtedness may institute any such suit, action or proceeding in their own names for the benefit of all owners of outstanding Bonds and Parity Indebtedness. It is understood and intended that, except as otherwise above provided, no one or more owners of the Bonds or Parity Indebtedness shall have any right in any manner whatever by his or their action to affect, disturb or prejudice the security of this Trust Agreement, or to enforce any right hereunder except in the manner herein provided, that all proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the benefit of all owners of outstanding Bonds and Parity Indebtedness, and that any individual right of action or other right given to one or more of such owners by law is restricted by this Trust Agreement to the rights and remedies herein provided.

Section 10.08. Actions by Trustee.

All rights of action under this Trust Agreement or under any of the Bonds or Parity Indebtedness, enforceable by the Trustee, may be enforced by it without the possession of any of the Bonds or Parity Indebtedness or the production thereof at the trial or other proceeding relative thereto, and any such suit, action or proceeding instituted by the Trustee shall be brought in its name for the benefit of all of the holders of outstanding Bonds and Parity Indebtedness, subject to the provisions of this Trust Agreement.

Section 10.09. No Remedy Exclusive.

No remedy herein conferred upon or reserved to the Trustee or to the owners of the Bonds or Parity Indebtedness is intended to be exclusive of any other remedy or remedies herein provided, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder.

Section 10.10. Waiver.

(a) General.

No delay or omission of the Trustee or of any owner of the Bonds or Parity Indebtedness to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Trust Agreement to the Trustee and to the owners of the Bonds and Parity Indebtedness, respectively, may be exercised from time to time and as often as may be deemed expedient.

(b) Waiver of Default.

The Trustee may, and upon written request of the owners of not less than a majority of the Bonds and Parity Indebtedness shall, waive any default which in its opinion shall have been remedied before the entry of final judgment or decree in any suit, action or proceeding instituted by it under the provisions of this Trust Agreement or before the completion of the enforcement of any other remedy under this Trust Agreement, but no such waiver shall extend to or affect any other existing or any subsequent default or defaults or impair any other rights or remedies.

Section 10.11. Notice of Default.

The Trustee shall provide or shall direct the Bond Registrar to provide to the NRMSIRs and all registered owners of Bonds and Parity Indebtedness written notice of the occurrence of any Event of Default within 30 days after the Trustee shall be deemed to have notice under Section 8.08 that such Event of Default shall have occurred. The Trustee shall not, however, be subject to any liability to any Bondholder or any owner of Parity Indebtedness by reason of its failure to provide any such notice.

The 1992 Bond Insurer and the 2004 Bond Insurer may give to the Trustee, and the Trustee shall accept from the 1992 Bond Insurer and the 2004 Bond Insurer, notice of the occurrence of any default under this Trust Agreement.

**ARTICLE XI

Section 11.01. Supplemental Agreements without Consent.

(a) General.

Without notice to or the consent of the owner of any Bond or Parity Indebtedness, the Authority and the Trustee may enter into such agreements supplemental hereto from time to time as shall not be inconsistent with the terms and provisions hereof (which supplemental agreements shall thereafter form a part hereof):

(i) to cure any ambiguity or to cure or correct any defect or inconsistent provisions contained in this Trust Agreement or to make such provisions in regard to matters or questions arising under this Trust Agreement as may be necessary or desirable and not contrary to or inconsistent with this Trust Agreement; or

(ii) to grant to or confer upon the Trustee for the benefit of the Bondholders and the owners of Parity Indebtedness any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Trustee; or

(iii) to add to the conditions, limitations and restrictions thereafter to be observed by the Authority under the provisions of this Trust Agreement; or

(iv) to add to the covenants and agreements of the Authority in this Trust Agreement other covenants and agreements thereafter to be observed by the Authority or to surrender any right or power herein reserved to or conferred upon the Authority, or

(v) to provide for the issuance of Parity Indebtedness, to provide for the issuance of additional Bonds, to provide for coupon Bonds if then permitted and to provide for such other related matters as may be required or contemplated by or appropriate under this Trust Agreement; or

(vi) to permit the qualification of this Trust Agreement or any Supplemental Agreement under any federal statute now or hereafter in effect or under any state blue sky law and, in connection therewith, to add to this Trust Agreement or any Supplemental Agreement such other terms, conditions and provisions as may be permitted or required by such federal statute or state blue sky law; or

(vii) to obtain or to maintain any ratings on outstanding Bonds or Parity Indebtedness from any nationally recognized securities rating agency; or

(ix) with the consent of the 1992 Bond Insurer and the 2004 Bond Insurer, to make any other change that, in the opinion of the Authority and the Trustee, shall not materially adversely affect the security for the outstanding Bonds or any Parity Indebtedness.

(b) Notice of Supplemental Agreement.

The Trustee shall cause a notice of the execution of any Supplemental Agreement to be given to all owners of outstanding Bonds and Parity Indebtedness. Such notice need not describe the provisions of the proposed Supplemental Agreement but shall state that copies thereof are on file at the Designated Office of the Trustee for inspection by all holders of Bonds and Parity Indebtedness. A failure on the part of the Trustee to mail the notice required by this Section shall not affect the validity of any Supplemental Agreement.

Section 11.02. Supplemental Agreements with Consent.

(a) General.

Subject to the terms and provisions contained in this Section, and not otherwise, the owners of not less than a majority of the outstanding Bonds and Parity Indebtedness shall have the right, from time to time, anything contained in this Trust Agreement to the contrary notwithstanding, to consent to and approve the execution by the Authority and the Trustee of such agreement or agreements supplemental hereto as shall be deemed necessary or desirable by the Authority for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in this Trust Agreement or in any Supplemental Agreement; *provided*, however, that nothing herein contained shall permit, or be construed as permitting, (i) an extension of the due date for the payment of the principal of or the interest on any Bond, or reduction in the principal amount of any Bond or the redemption premium or the rate of interest thereon without the consent of the holder of such Bond, or (ii) a preference or priority of any Bond or Parity Indebtedness over any other Bond or Parity Indebtedness, or a reduction in the aggregate principal amount of outstanding Bonds and Parity Indebtedness the consent of the holders of which is required for any Supplemental Agreement. Nothing herein contained, however, shall be construed as

making necessary the approval by Bondholders or owners of Parity Indebtedness of the execution of any Supplemental Agreement authorized by Section 11.01.

Notwithstanding any provision of this Trust Agreement to the contrary, for all purposes of this Trust Agreement governing consent to and approval of the execution of Supplemental Agreements, the 1992 Bond Insurer shall be deemed to be the sole holder of Series 1992 Bonds which are insured Capital Appreciation Bonds, and the 2004 Bond Insurer shall be deemed to be the sole holder of the Series 2004 Bonds.

(b) Notice of Supplemental Agreement.

If at any time the Authority and the Trustee shall enter into any Supplemental Agreement pursuant to this Section, the Trustee shall, at the expense of the Authority, cause notice of the execution of such Supplemental Agreement to be given to all owners of Bonds and outstanding Parity Indebtedness. Such notice need not describe the provisions of the Supplemental Agreement but shall state that copies thereof are on file at the Designated Office of the Trustee for inspection. The Trustee shall not, however, be subject to any liability to any Bondholder or owner of Parity Indebtedness by reason of its failure to mail the notice required by this Section, and any such failure shall not affect the validity of any Supplemental Agreement consented to as provided in this Section.

(c) Consent of Owners of Majority of Bonds and Parity Indebtedness Binds All.

If the owners of not less than a majority of the Bonds and Parity Indebtedness outstanding at the time of the execution of any Supplemental Agreement shall have consented to the execution thereof as herein provided, no owner of any Bond or Parity Indebtedness shall have any right to object to the execution of such Supplemental Agreement, or to object to any of the terms and provisions contained therein or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the Authority from executing the same or from taking any action pursuant to the provisions thereof.

Upon the execution of any Supplemental Agreement pursuant to the provisions of this Section, this Trust Agreement shall be and be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under this Trust Agreement of the Authority, the Trustee and all owners of Bonds and Parity Indebtedness then outstanding shall thereafter be determined, exercised and enforced in all respects under the provisions of this Trust Agreement as so modified and amended.

The Trustee is authorized to join with the Authority in the execution of any Supplemental Agreement and to make the further agreements and stipulations that may be contained therein. Any Supplemental Agreement executed in accordance with the provisions of this Article shall thereafter form a part of this Trust Agreement, and all of the

terms and conditions contained in any such Supplemental Agreement as to any provision authorized to be contained therein shall be and shall be deemed to be part of the terms and conditions of this Trust Agreement for any and all purposes. In case of the execution and delivery of any Supplemental Agreement, express reference may be made thereto in the text of any Bonds issued thereafter, if deemed necessary or desirable by the Trustee.

Section 11.04. Responsibility of Trustee.

In each and every case provided for in this Article, the Trustee shall be entitled to exercise its discretion in determining whether or not any proposed Supplemental Agreement, or any term or provision therein contained, is desirable, having in view the purposes of such instrument, the needs of the Authority, the rights and interests of the Bondholders and any owner of Parity Indebtedness, and the rights, obligations and interests of the Trustee, and the Trustee shall not be under any responsibility or liability to the Authority or to any Bondholder or to any owner of Parity Indebtedness or to anyone whomsoever for entering into any Supplemental Agreement in good faith if such agreement is deemed authorized under the provisions of this Article. The Trustee shall be entitled to receive, and shall be fully protected in relying upon, the opinion of any counsel approved by it, who may be counsel for the Authority, as evidence that any proposed Supplemental Agreement does or does not comply with the provisions of this Trust Agreement, and that it is or is not proper for the Trustee, under the provisions of this Article, to join in the execution of such Supplemental Agreement.

Section 11.05. Notice to 1992 Bond Insurer and Rating Agencies.

Within 30 days of the execution and delivery of any Supplemental Agreement, the Authority shall deliver to the 1992 Bond Insurer a complete transcript of the proceedings relating to the authorization and execution of such Supplemental Agreement. At least 15 days prior to the execution and delivery of such Supplemental Agreement, the Authority shall deliver notice of such Supplemental Agreement and a copy thereof to any Rating Agency which then maintains a rating on the Insured Capital Appreciation Bonds.

All of the Series 1992 Bonds are issued under and pursuant to a Trust Agreement dated as of December 1, 1985, by and between the Authority and Union Trust Company of Maryland, in the City of Baltimore, Maryland, as supplemented by a Supplemental Agreement dated as of May 1, 1987, by and between the Authority and Signet Bank/Maryland, formerly Union Trust Company of Maryland, as supplemented by a Second Supplemental Agreement dated as of July 15, 1989, between the Authority and Signet Bank/Maryland, as supplemented by a Third Supplemental Agreement dated as of May 15, 1991, between the Authority and Signet Bank/Maryland, as supplemented by a Fourth Supplemental Agreement dated as of September 1, 1991, by and between the Authority and Signet Trust Company (the "Trustee"), successor to Signet Bank/Maryland, and as supplemented by a Fifth Supplemental Agreement dated as of August 1, 1992, by and between the Authority and the Trustee (such Trust Agreement, Supplemental Agreement, Second

Supplemental Agreement Third Supplemental Agreement, Fourth Supplemental Agreement and Fifth Supplemental Agreement are herein collectively referred to as the "Agreement"). Executed counterparts of such Trust Agreement, including all Supplements thereto, are on file at the corporate trust office of the Trustee in the City of Baltimore, Maryland. Reference is hereby made to the Agreement for the provisions, among others, with respect to the custody and application of the proceeds of bonds issued under the Agreement, the collection and disposition of revenues, the fund charged with and pledged to the payment of the interest on and the principal of the bonds, the nature and extent of the security, the terms and conditions on which the bonds of each series are or may be issued, the rights, duties and obligations of the Authority, the Paying Agent for the Series 1992 Bonds, the Trustee and the Bond Registrar for the Series 1992 Bonds and the rights of the registered owners of the bonds and, by the acceptance of this bond, the registered owner hereof assents to all of the provisions of the Agreement.

The Agreement provides for the issuance, from time to time, under the conditions, limitations and restrictions therein set forth, of additional series of bonds for the purpose of paying all or any part of the cost of any additional Transportation Facilities Project or Projects (as defined in the Agreement) or any additions, improvements and enlargements to any Project or Projects constituting one or more of the Transportation Facilities Projects. The Agreement also provides for the issuance, under the conditions, limitations and restrictions therein set forth, of additional series of bonds for the purpose of providing funds, with any other available funds, for refunding revenue bonds or other indebtedness of the Authority issued under the provisions of the Enabling Act (hereinafter mentioned).

This bond is issued and the Agreement was made and entered into under and pursuant to the Constitution and laws of the State of Maryland, particularly Title 4 of the Transportation Article of the Annotated Code of Maryland (1977 Edition and 1991 Cumulative Supplement) (herein called the "Enabling Act"), and under and pursuant to resolutions duly adopted by the Authority.

The Agreement, in accordance with and as required by the Enabling Act, provides for the fixing, revising, charging and collecting by the Authority of rentals, rates, fees, tolls and other charges and revenues for the use or services of the Transportation Facilities Projects (being collectively the Potomac River Bridge, the Chesapeake Bay Bridge, the Baltimore Harbor Tunnel, the Baltimore Harbor Outer Bridge, the Northeastern Expressway, the Fort McHenry Tunnel

and any additional Transportation Facilities Project or Projects, and any additions, improvements and enlargements thereto) in order that such revenues of the Transportation Facilities Projects will be sufficient to provide funds to pay the cost of maintaining, repairing and operating the Transportation Facilities Projects and to pay the principal of and the interest on all bonds issued under the Agreement and all Parity Indebtedness (as defined in the Agreement) as the same shall become due and payable, and to create and maintain reserves for such purposes. The Agreement also provides for the deposit of a sufficient amount of such revenues, over and above such cost of maintenance, repair and operation, and except as otherwise provided in the Agreement for the deposit of revenues of General Account Projects (as defined in the Agreement) to the credit of a special account designated "Maryland Transportation Authority Transportation Facilities Projects Interest and Debt Retirement Account" (herein called the "Debt Retirement Account") to pay such principal and interest, which account is pledged to and charged with the payment of such principal and interest.

The bonds are issuable as fully registered bonds without coupons in the denomination of \$5,000 of Accreted Amount at maturity or any integral multiple thereof. Bonds may be exchanged for an equal aggregate principal amount of bonds of the same series and maturity, of authorized denominations and bearing interest at the same rate, at the corporate trust office of the Bond Registrar in the City of Baltimore, Maryland, in the manner and subject to the limitations and conditions provided in the Agreement.

The transfer of this bond is registrable by the registered owner hereof in person or by his attorney or legal representative at the corporate trust office of the Bond Registrar in the City of Baltimore, Maryland, but only in the manner and subject to the limitations and conditions provided in the Agreement and upon surrender and cancellation of this bond. Upon any such registration of transfer the Authority shall execute and the Bond Registrar shall authenticate and deliver in exchange for this bond a new bond or bonds registered in the name of the transferee, of authorized denominations in aggregate principal amount equal to the principal amount of this bond, of the same series and maturity and bearing interest at the same rate. Neither the Authority nor the Bond Registrar shall be required to make any exchange or to register the transfer of any bond during the fifteen (15) days immediately preceding the date of the Authority's giving notice of redemption or after such bond has been selected for redemption.

As declared by the Enabling Act, this bond, notwithstanding the provisions for registration of transfer stated herein and contained in the Agreement, is an investment security under the Uniform Commercial Code of the State of Maryland, and nothing contained in this bond or in the Agreement shall affect or impair the negotiability of this bond.

This Bond shall not be subject to redemption prior to maturity.

The registered owner of this bond shall have no right to enforce the provisions of the Agreement or to institute action to enforce the covenants therein, or to take any action with respect to any event of default under the Agreement, or to institute, appear in or defend any suit or other proceeding with respect thereto, except as provided in the Agreement.

STATEMENT OF INSURANCE

Financial Guaranty Insurance Company ("Financial Guaranty") has issued a policy containing the following provisions with respect to the Maryland Transportation Authority Transportation Facilities Projects Revenue Bonds, Series 1992 which are Capital Appreciation Bonds, such policy being on file at the principal office of the Trustee, as paying agent (the "Paying Agent"):

Financial Guaranty hereby unconditionally and irrevocably agrees to pay for disbursement to the bondholders that portion of the Accreted Amounts of the Capital Appreciation Bonds which is then due for payment and which the Authority shall have failed to provide. Due for payment means, with respect to the Accreted Amounts, the stated maturity date thereof, and does not refer to any earlier date on which the payment of the Accreted Amounts of the Capital Appreciation Bonds is due by reason of acceleration or other advancement of maturity.

Upon receipt of telephonic or telegraphic notice, subsequently confirmed in writing, or written notice by registered or certified mail, from a bondholder or the Paying Agent to Financial Guaranty that the required payment of the Accreted Amount of a Capital Appreciation Bond has not been made by the Authority to the Paying Agent, Financial Guaranty on the due date of such payment or within one business day after receipt of notice of such nonpayment, whichever is later, will make a deposit of funds, in an account with Citibank, N.A. or its successor as its agent (the "Fiscal Agent"), sufficient to make the portion of such payment not paid by the Authority. Upon presentation to the Fiscal Agent of evidence satisfactory to it of the bondholder's right to receive such payment and any appropriate instruments of assignment required to vest all of such bondholder's right to such payment in Financial Guaranty, the Fiscal Agent will disburse such amount to the bondholder.

As used herein the term "bondholder" means the person other than the Authority who at the time of nonpayment of a Capital Appreciation Bond is entitled under the terms of such Capital Appreciation Bond to payment thereof.

This policy is non-cancellable for any reason.

The terms of the Bonds include those stated in the Trust Agreement and the Bonds are subject to all such terms. Executed counterparts of such Trust Agreement are on file at the principal corporate trust office of the Trustee in West Paterson, New Jersey. Reference is hereby made to the Trust Agreement for a description of the funds, revenues and charges pledged thereunder, the nature and extent of the security created or to be created, and the rights, limitations of rights, obligations, duties and immunities of the Authority, the Trustee and the Bond Registrar and Paying Agent for the Bonds and the rights of the registered owners of the Bonds. All capitalized terms used, but not defined herein, are defined in the Trust Agreement and are used herein in the same manner and with the same meaning as in the Trust Agreement.

2. Interest. The Bonds shall bear interest pursuant to the Trust Agreement.

3. Authorized Denominations. The Bonds are issuable as fully registered bonds without coupons in denominations of \$5,000 and any integral multiple thereof.

4. Additional Bonds. The Trust Agreement provides that Additional Bonds may be issued within the limitations and provisions of the Trust Agreement. All Bonds issued within the limitations and provisions of the Trust Agreement shall be secured equally and ratably by the Revenues and other moneys pledged by the Authority, to the extent provided in the Trust Agreement.

5. Redemption.

(a) The Bonds are subject to optional and mandatory redemption prior to maturity as provided in the Trust Agreement.

(b) Notice of Redemption. The Trustee shall mail notice of any redemption at least thirty (30) days prior to the redemption date to the registered owners of the Bonds to be redeemed at their addresses as they appear on the registration books maintained by the Trustee. The failure so to mail any such notice to any of such registered owners shall not affect the validity of the proceedings for the redemption of any Bonds.

(c) Effect of Call for Redemption. On the date designated for redemption, if all conditions, if any, to such redemption shall have been satisfied, the Bonds or portions of Bonds so called for redemption shall become and be due and payable at the redemption price provided for redemption of such Bonds or such portions thereof on such date and, if moneys for the payment of the redemption price and accrued interest are held by the Trustee as provided in the Trust Agreement, interest on such Bonds or such portions thereof so called for redemption shall cease to accrue, such Bonds or such portions thereof so called for redemption shall cease to be entitled to any benefit or security under the Trust Agreement, and the registered owners thereof

shall have no rights in respect of such Bonds or such portions thereof so called for redemption except to receive payment of the redemption price thereof and the accrued interest thereon so held by the Trustee. If a portion of this bond shall be called for redemption, a new Bond or Bonds in the aggregate principal amount equal to the unredeemed portion hereof, of the same series and maturity and bearing interest at the same rate, shall be issued to the registered owner upon the surrender hereof.

(d) Provisions Applicable to Book-Entry Bonds. So long as all of the Bonds shall be maintained in book-entry form with a Securities Depository (as defined in the Trust Agreement) in accordance with the Trust Agreement, in the event that part, but not all, of this bond shall be called for redemption, the holder of this bond may elect not to surrender this bond in exchange for a new Bond in accordance with paragraph (c) above and in such event shall make a notation indicating the principal amount of such redemption and the date thereof on the Payment Grid attached hereto. For all purposes, the principal amount of this bond outstanding at any time shall be equal to the Principal Sum shown on the face hereof reduced by the principal amount of any partial redemption of this bond following which the holder of this bond has elected not to surrender this bond in accordance with paragraph (c) above. The failure of the owner hereof to note the principal amount of any partial redemption on the Payment Grid attached hereto, or any inaccuracy therein, shall not affect the payment obligation of the Authority hereunder. **THEREFORE, IT CANNOT BE DETERMINED FROM THE FACE OF THIS BOND WHETHER A PART OF THE PRINCIPAL OF THIS BOND HAS BEEN PAID.**

6. Defeasance. The Trust Agreement prescribes the manner in which it may be discharged and provides that Bonds shall be deemed to be paid if moneys or certain Government Obligations (as defined in the Trust Agreement), the principal of and interest on which, when due, will be sufficient to pay the principal or redemption price of and interest on such Bonds to the date of maturity or redemption thereof, shall have been deposited with the Trustee.

7. Persons Deemed Owners; Restrictions upon Actions by Individual Owners. The Authority and the Trustee may deem and treat the person in whose name this bond is registered as the absolute owner hereof (whether or not this bond shall be overdue and notwithstanding any notation of ownership or other writing hereon made by anyone other than the Authority or the Trustee) for the purpose of receiving payment of or on account of the principal or redemption price of this bond, and for all other purposes except as otherwise provided herein with respect to the payment of interest on this bond, and neither the Authority nor the Trustee shall be affected by any notice to the contrary. All such payments so made to any such registered owner, or upon his order, shall be valid and, to the extent of the sum or sums so paid, effectual to satisfy and discharge the liability for moneys payable under this bond.

The registered owner of this bond shall have no right to enforce the provisions of the Trust Agreement, or to institute action to enforce the covenants therein, or to take any action with respect to any event of default under the Trust Agreement, or to institute, appear in or defend any suit or other proceeding with respect hereto, except as provided in the Trust Agreement.

8. Transfer and Exchange.
