

NOTICE TO APPLICANTS

Certain projects involving nontidal wetlands and waterways permits require that a description of the proposed project be published in a local newspaper. This advertisement is necessary to fulfill legal public notice requirements. Projects that require public notice include, but are not limited to, the following:

- Certain projects regulated by the U. S. Army Corps of Engineers that require a State Water Quality Certification.
- Projects resulting in a loss of more than 5,000 square feet of nontidal wetlands.
- Projects in nontidal wetlands of special State concern or wetlands having special plant or wildlife values.
- Projects resulting in a loss of more than 1 acre if isolated nontidal wetlands.
- Projects affecting waters of the State, including their 100 year frequency floodplain, except roads, bridges, and culverts that meet minimum design standards, temporary construction, minor repairs, or routine maintenance.

The Water and Science Administration will arrange advertisement of the project for you. However, as the applicant for the project, you are responsible for paying the publishing costs. In order for this process of public notice to occur, your approval is necessary prior to publishing. Please complete the form on the other side of this page and return it to the Water and Science Administration so that your proposed project may be advertised without delay. Please make sure to sign the form. Processing of your application cannot continue until a signed form is received.

Please call the Nontidal Wetlands and Waterways Division at 410-537-3745 if you have any questions.

Thank you for your assistance in this matter.

PLEASE COMPLETE THE OTHER SIDE OF THIS PAGE

Also, please provide the names and mailing addresses of adjacent property owners. Add additional pages if needed.
